The Bloomsbury Research Handbook of Indian Aesthetics and the Philosophy of Art Arindam

Chakrabarti, 2016-02-25 The Bloomsbury Research Handbook of Indian Aesthetics and the Philosophy of Art provides an extensive research resource to the burgeoning field of Asian aesthetics Featuring leading international scholars and teachers whose work defines the field this unique volume reflects the very best scholarship in creative analytic and comparative philosophy Beginning with a philosophical reconstruction of the classical rasa aesthetics chapters range from the nature of art emotions tones of thinking and aesthetic education to issues in film theory and problems of the past versus present As well as discussing indigenous versus foreign in aesthetic practices this volume covers North and South Indian performance practices and theories alongside recent and new themes including the Gandhian aesthetics of surrender and self control and the aesthetics of touch in the light of the politics of untouchability With such unparalleled and authoritative coverage The Bloomsbury Research Handbook of Indian Aesthetics and the Philosophy of Art represents a dynamic map of comparative cross cultural aesthetics Bringing together original philosophical research from renowned thinkers it makes a major contribution to both Eastern and Western contemporary aesthetics **Rasa, Or, Knowledge of the Self** René

Daumal, 1982 An examination of Hindu artistic theory and culture discusses Indian poetry music and dance and is accompanied by translations from Sanskrit literature **Tragic Beauty in Whitehead and Japanese Aesthetics** Steve

Odin, 2016-05-19 The present volume endeavors to make a contribution to contemporary Whitehead studies by clarifying his axiological process metaphysics including his theory of values concept of aesthetic experience and doctrine of beauty along with his philosophy of art literature and poetry Moreover it establishes an east west dialogue focusing on how Alfred North Whitehead's process aesthetics can be clarified by the traditional Japanese Buddhist sense of evanescent beauty As this east west dialogue unfolds it is shown that there are many striking points of convergence between Whitehead's process aesthetics and the traditional Japanese sense of beauty However the work especially focuses on two of Whitehead's aesthetic categories including the penumbral beauty of darkness and the tragic beauty of perishability while further demonstrating parallels with the two Japanese aesthetic categories of y gen and aware It is clarified how both Whitehead and the Japanese tradition have articulated a poetics of evanescence that celebrates the transience of aesthetic experience and the ephemerality of beauty

Finally it is argued that both Whitehead and Japanese tradition develop an aesthetics of beauty as perishability culminating in a religio aesthetic vision of tragic beauty and its reconciliation in the supreme ecstasy of peace or nirvana

Classical Indian Philosophy Peter Adamson, Jonardon Ganeri, 2020-03-26 Peter Adamson and Jonardon Ganeri present a lively introduction to one of the world's richest intellectual traditions the philosophy of classical India They begin with the earliest extant literature the Vedas and the explanatory works that these inspired known as Upanishads They also discuss other famous texts of classical Vedic culture especially the Mahabharata and its most notable section the Bhagavad Gita alongside the rise of Buddhism and Jainism In this opening section Adamson and Ganeri emphasize the way that philosophy was practiced as a form of life in search of liberation from suffering Next the pair move on to the explosion of philosophical speculation devoted to foundational texts called sutras discussing such traditions as the logical and epistemological Nyaya school the monism of Advaita Vedanta and the spiritual discipline of Yoga In the final section of the book they chart further developments within Buddhism highlighting Nagarjuna's radical critique of non-dependent concepts and the no-self philosophy of mind found in authors like Dignaga and within Jainism focusing especially on its standpoint epistemology Unlike other introductions that cover the main schools and positions in classical Indian philosophy Adamson and Ganeri's lively guide also pays attention to philosophical themes such as non-violence political authority and the status of women while considering textual traditions typically left out of overviews of Indian thought like the Carvaka school Tantra and aesthetic theory as well Adamson and Ganeri conclude by focusing on the much debated question of whether Indian philosophy may have influenced ancient Greek philosophy and from there evaluate the impact that this area of philosophy had on later Western thought

Holdrege,2015-08-14 The historical shift from Vedic traditions to post Vedic bhakti devotional traditions is accompanied by a shift from abstract translocal notions of divinity to particularized localized notions of divinity and a corresponding shift from aniconic to iconic traditions and from temporary sacrificial arenas to established temple sites In *Bhakti and Embodiment* Barbara Holdrege argues that the various transformations that characterize this historical shift are a direct consequence of newly emerging discourses of the body in bhakti traditions in which constructions of divine embodiment proliferate celebrating the notion that a deity while remaining translocal can appear in manifold corporeal forms in different times and different localities on different planes of existence Holdrege suggests that an exploration of the connections between bhakti and embodiment is critical not only to illuminating the distinctive transformations that characterize the emergence of bhakti traditions but also to understanding the myriad forms that bhakti has historically assumed up to the present time This study is concerned more specifically with the multileveled models of embodiment and systems of bodily practices through which divine bodies and devotional bodies are fashioned in Krsna bhakti traditions and focuses in particular on two case studies the Bhagavata Purana the consummate textual monument to Vaisnava bhakti which expresses a distinctive form of passionate and ecstatic bhakti that is distinguished by its embodied nature and the Gaudiya Vaisnava tradition an important bhakti tradition inspired by the Bengali leader Caitanya in the sixteenth century which articulates a robust discourse of embodiment pertaining to the divine bodies of Krsna and the devotional bodies of Krsna bhaktas that is grounded in the canonical authority of the Bhagavata Purana Emotions in Indian Thought-Systems Purushottama Bilimoria,Aleksandra Wenta,2020-11-29 A stimulating account of the wide range of
