The Father of Little Women Honoré Morrow,1927 **Readings and Conversations** English Language Services,English Language Services Staff,Mark Fristad,1976-01-01 **Record of Mr. Alcott's School** Elizabeth Palmer Peabody,1874 This historic book may have numerous typos missing text or index Purchasers can download a free scanned copy of the original book without typos from the publisher 1874 Not illustrated Excerpt to the discipline of the school It was found very useful at the end of the school hours to recall to the children all that had passed Some of the individual reproofs are now omitted as not suited for publication but a few are retained to show their style and nature I here also omit the details of all the lessons excepting those on the spelling defining and reading of English which were always the first exercises of the morning and are made more especially subservient to the main objects of the school Before beginning the Journal I must however premise in justice both to the school and myself that my record being made at the moment a great deal was omitted I found it impossible to seize and fix with my pen many of the most beautiful turns and episodes of the conversation especially as I took part myself and the various associations of thought in so large a company often produced transitions too abrupt for my tardy pen to follow and graceful humorous and touching turns of thought and expression which could hardly be recorded by the most skilful reporter December 29th When I arrived at the school room just after nine o clock this morning I found all the children sitting quietly at their desks engaged in writing their journals or their spelling lessons During this time of silent study Mr Alcott generally walks about the room preparing pencils and pens at each seat and making remarks For the study of this lesson an hour is generally appropriated which gives time for the journalists also to learn it About a quarter before ten Mr Alcott takes the seven younger members of this spelling class as they cannot use a dictionary very intelligently and lets them spell the words over to him and he tells them their meanings Of The Pageant of America: The American spirit in letters. by S.T. Williams ,1926 Freedom's Ferment - Phases of American Social History to 1860 Alice Felt Tyler,2011-03-23 In its first half century the United States was visited by scores of curious European travellers who came to investigate the strange new world that was being created in the Western Hemisphere In their accounts of the experience they praised or condemned the institutions and national characteristics spread out before them seized avidly upon all differences from the European norm and worried each peculiarity beyond recognition and beyond any just limit of its importance Americans themselves with the keen sensitiveness of the young and the boasting enthusiasm natural to vigorous creators of new ideas and institutions examined the work of their hands and believing it good reassured themselves and answered their calumniators in a flood of aggressive replies Every American interested in a reform movement a new cult or a Utopian scheme burst into print adding another to the rapidly growing list of polemic books and pamphlets From this variety of sources it is possible to recapture something of the inward spirit that gave rise to the more familiar and more tangible events of America s youth **Before**
