Fateh Singh Jasol,2021-06-21 A unique verifiably accurate pure and uncluttered user friendly translation in flawless poetry which all true lovers of the Bhagavad Gita will want to read and have in their homes *Psyche of Asian Society* Aradhana Shukla,Anubhuti Dubey,Narendra Singh Thagunna,2019-01-01 Every culture has its own values and of course they are different in every walk of life with more or less magnitude We can see a lot of variation in two cultures in regard to their way of thought way of behaviour parameters and so many other things Asia is a big continent and it covers fourty eight countries in its roof These countries are somehow similar in traditions and behaviour performance and vice versa in some other respects of life But it is quite sure that there is a common thread that links them in one single garland The aim of this volume is to collect the gems from entire Asia and bring them on one platform There are twenty four articles in this volume They reveal various aspects of the particular country where the work is done Chapters are in theoretical and or in empirical mode and we hope that they will provide good insight to the readers to move on their interest and research *Sanatana Dharma and Plantation Hinduism (Second Edition Volume 1)* Ramesh Gampat,2020-01-06 Christian Missionaries worked hard to convert immigrants Their first order of business was to denigrate Hinduism designate Hindus as heathen and disparage their culture food and even attire Immigrants stubbornly resisted led by the tiny educated elite including Brhmaas whom we call Brahmins Conversion was a failure at least up to the end of the 19th century but picked up a self generating momentum thereafter The result is that the share of Hindus in Guyana s Indian population declined from 83.5 percent in 1880 to 62.8 percent in 2012 The largest portion of the contraction was lost to Christianity The loss notwithstanding even a casual observer would conclude that Guyanese Hindus at home and in the Diaspora are a very religious people Many of us do a jhandi or havan once annually others do the more elaborate and costlier yaj a where everyone is welcome once or twice in their lifetime Most of us do a short daily puja prayers offerings reading the stras and listening to bhajan in our homes An important but perhaps unintended way immigrants countered conversion to Christianity was an unplanned movement towards a synthesis that brought Hindus regardless of caste or sect under a unitary form of Hinduism The synthesis began around the 1870s and was completed by the 1930s to the 1950s Guyanese Hindus call the unified corpus of religious beliefs and practices that emerged from the synthesis Sanatana Dharma Ramesh Gampat labels it Plantation Hinduism in this path breaking book The book argues that the brand of Hinduism practiced is inconsistent with Sanatana Dharma called Vednta by the more philosophically inclined Plantation Hinduism features an extraordinary dependence upon purohits pandits which has anaesthetized the Hindu mind and render him unable to think question and inquire when it comes to Dharma Rituals and bhakti have been degraded and turned into desire motivated worship devats have been misconstrued as Brahman rather than as limited

manifestation of the one non dual pure Consciousness belief in the multiplicity of gods encourages image worship and superstitions anchor Guyanese Hindus to tradition and mere belief Plantation Hinduism is little more than desire motivated actions dogmas and superstitions Absent is the idea that Sanatana Dharma is a spiritual science no less scientific than hard sciences such as physics and astronomy The central message of Vednta is the innate divinity of every person and the freedom to realize that divinity through anubhava direct personal experience of Supreme Reality **Belief Transformations** Mikael Rothstein,1996 RENNER Studies on New Religions is an initiative supported by the Danish Research Council for the Humanities The series was established to publish books on alternative spiritual movements from a wide range of perspectives The books will appeal to an international readership of scholars students and professionals in the study of religion theology the arts and the social sciences It is hoped that this series will provide a proper context for scientific exchange between these often competing disciplines Simply stated the authorAes main contention is that the two onewo religions under scrutiny TM and ISKCON are despite their common rootedness in Vedic Hinduism fundamentally opposed to each other As presented here they are fundamentally opposed particularly in their attitudes toward modern Western science which world affirming TM celebrates and would assimilate and world denying ISKCON rejects as an illusion in sum this book is both instructive and provocative C MacCormick Wells College Choice ,2002 *Malay Literature* ,2011 Books West Magazine ,1977
