Reagan Years:

The Reagan Years Joseph Hogan, 1990 A collection of political commentaries published originally in the Wall Street Journal by a Reagan critic No index No bibliography Contributors from both Britain and the US but mostly Britain cover Reagan's management of institutions Congress the Supreme Court the Cabinet councils and the White House staff the mass media the political parties and assess his leadership in the arenas of economic policy and foreign affairs Generally oriented to the level of advanced undergraduate students and generally well done though an index is sorely lacking Distributed in the US and Canada by St Martins Press Annotation copyrighted by Book News Inc Portland OR **The Reagan Years A to Z** Kenneth Franklin Kurz, 1996 A to Z format makes it easy to refer to particular people or events but the writing style makes it an interesting read from beginning to end Perspectives on the Reagan Years John Logan Palmer, 1986 Economic Policy in the Reagan Years Charles F. Stone, Isabel V. Sawhill, 1984 The Economy in the Reagan Years Anthony S. Campagna, 1994-01-05 The arguments over the economic policies of the Reagan Administration will continue until sufficient time has elapsed for a consensus to be possible In the meantime it is necessary for contemporary scholars to record their opinions as a base for the consensus Campagna has recorded his conclusions based on considerable research on Reagan Administration policies He begins by describing what was planned by the government From there he discusses what actually happened and devotes the remainder of the work to his opinion of what has been left with which the future must deal Campagna concludes that the Reagan economic policies failed He establishes a position for others to attack or defend in their own publications in the continuing argument **Explaining the Reagan Years in Central America** Jeremy M. Brown, 1995 In his analysis of the relations between the United States and Central America through the 1980s Brown seeks to broaden our view of events and historical processes by examining these relations in historical and global terms in lieu of the usual local or regional comparative focus By drawing on the central concepts of Immanuel Wallerstein's World System Theory the ideologically and strategically contorted policies of the Reagan years can be understood in the context of an evolving American society within the Modern World System This critical historical narrative follows the growth of an American state and nation and its relations with Central America from its origins as a collection of colonies on the periphery of the world system through eras of expansionism imperialism world wars and triumph as global hegemon and into ultimate crisis decline and conservative reaction through the 1980s Primary emphasis is placed on the internal ideological and global strategic polarizations of the Cold War and their influence on American society foreign relations with Central America and the conservative extremes of the Reagan years *US-West European Relations During the Reagan Years* Steven K. Smith, Douglas A. Wertman, 1992-06-18 Using extensive survey data the authors examine the major issues which dominated US West European relations during the Reagan years These include security issues terrorism economic relations superpower relations and American and Soviet images **The Reagan Years: a Social History of the 1980'S** Richard

Stanley,2017-12-15 Ronald Reagan's legacy as president is nearly unparalleled in American history due to his domestic and foreign policy leadership. Reagan's contrarian insistence on advocating limited government and supply side economics drew much bipartisan criticism causing the Great Communicator to take his argument that lowering taxes would encourage economic growth directly to the people. The result Congress granted 750 billion in tax cuts in 1981. The Reagan Revolution had begun. By mid 1983 the nation's economy was booming. On President Reagan's first day in office the Iran Hostage Crisis finally came to an end. Fifty two American embassy personnel held hostage by a defiant Iran during the last four hundred plus days of the Carter administration were freed. A definite win for all Americans. But Reagan soon was widely criticized for insulting Russia's leaders by calling the Soviet Union the evil empire. Later Reagan was criticized at home and abroad for challenging Soviet premier Gorbachev to tear down the Berlin Wall. Reagan's most criticized proposal of all however was his insistence on developing his Strategic Defense Initiative (SDI) space weapons to defend America from incoming Soviet nuclear missiles. Domestic critics dismissed his proposal as a Star Wars fantasy but the Soviets feared SDI. By December 1991 it was clear that Reagan's Star Wars fantasy helped cause the bankruptcy and total collapse of the Soviet Union bringing a peaceful end to the decades long Cold War.

The Reagan Years Stephen F. Knott, Assistant Professor of Political Science
 Stephen F. Knott, Jeffrey L. Chidester, 2014-05-14 An A to Z reference guide to the people, places, policies and events significant during the presidency of Ronald Reagan

Debating the Reagan Presidency John Ehrman, Michael W. Flamm, 2002-09-01 The presidency of Ronald Reagan has become a Rorschach Test for politicians and citizens alike. While many conservatives see the Reagan era of the 1980s as the high water mark for their movement and a time of national recovery from the difficulties of the 1970s, many liberals maintain that the rosy Reagan legacy is based largely on myth and that in fact his eight years as president caused serious harm to the country. John Ehrman and Michael W. Flamm give due attention to the lasting controversies surrounding the Reagan record and provide a balanced view of the fortieth president's foreign and domestic policies. Students are encouraged to draw their own conclusions by reading key primary documents.

The Reagan Presidency Dilys M. Hill, Raymond A. Moore, Phil Williams, 2016-07-27 The Reagan presidency has been both eulogised and reviled. Supporters have claimed that Ronald Reagan not only regenerated American power and restored American prestige but changed the direction of domestic policy in a way which marked the end of a twenty year period of expanding government. This book explores the Reagan policy style and substance. It considers the initial aspirations of the two Reagan administrations, examines the constraints with which they had to contend and assesses the legacy of achievement and failure.

The State of Black America Janet Dewart, National Urban League, 1988

The Reagan Presidency Paul Kengor, Peter Schweizer, 2005-04-29 In this important new volume editors Paul Kengor and Peter Schweizer bring together original essays from leading scholars who examine topics as varied as Iran Contra, abortion, the Cold War, governmental management and economic policy. Through critical analysis these essays

Conley, 2017-03-09 From the vantage point of the 2016 presidential election and the deepening polarization of American politics in recent decades it is striking how much more distant the Reagan Bush era of the 1980s and early 1990s seems compared to the years that have actually passed Whither the Republican Party of yesteryear Like reincarnated characters from Samuel Beckett s classic play *Waiting for Godot* many disillusioned conservatives in the new millennium continue to search obdurately and in vain for a leader who embodies the acclaimed leadership traits of Ronald Reagan This second edition of *Historical Dictionary of the Reagan Bush Era* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations events institutions policies and issues This book is an excellent resource for students researchers and anyone wanting to know more about this era **The Reagan Era** Doug Rossinow, 2015-02-17 In this concise yet thorough history of America in the 1980s Doug Rossinow takes the full measure of Ronald Reagan s presidency and the ideology of Reaganism Believers in libertarian economics and a muscular foreign policy Reaganite conservatives in the 1980s achieved impressive success in their efforts to transform American government politics

and society ushering in the political and social system Americans inhabit today Rossinow links current trends in economic inequality to the policies and social developments of the Reagan era He reckons with the racial politics of Reaganism and its debt to the backlash generated by the civil rights movement as well as Reaganism s entanglement with the politics of crime and the rise of mass incarceration Rossinow narrates the conflicts that rocked U S foreign policy toward Central America and he explains the role of the recession during the early 1980s in the decline of manufacturing and the growth of a service economy From the widening gender gap to the triumph of yuppies and rap music from Reagan s tax cuts and military buildup to the celebrity of Michael Jackson and Madonna from the era s Wall Street scandals to the successes of Bill Gates and Sam Walton from the first war on terror to the end of the Cold War and the brink of America s first war with Iraq this history lively and readable yet sober and unsparing gives readers vital perspective on a decade that dramatically altered the American landscape President Reagan's Fiscal Year 1990 Budget ,1989 *National Economic Commission* ,1989
