The End of Magic Ariel Glucklich,1997-03-06 Throughout history magic has been as widely and passionately practiced as religion But while religion continues to flourish magic stumbles towards extinction What is magic What does it do Why do people believe in magic Ariel Glucklich finds the answers to these questions in the streets of Banaras India s most sacred city where hundreds of magicians still practice ancient traditions treating thousands of Hindu and Muslim patients of every caste and sect Through study and interpretation of the Banarsi magical rites and those who partake in them the author presents fascinating living examples of magical practice and contrasts his findings with the major theories that have explained or explained away magic over the last century These theories he argues ignore an essential sensory phenomenon which he calls magical experience an extraordinary though perfectly natural state of awareness through which magicians and their clients perceive the effects of magic rituals

The Hidden Life of the Sixth Dalai Lama Ngawang Lhundrup Dargyé,2011-05-19 The life of the Sixth Dalai Lama does not

end with his supposed death at Kokonor in November 1706 on the way to Beijing and an audience with the Manchu Emperor Kangxi This book the so called Hidden Life presents a very different Tsangyang Gyamtso neither a louche poet nor a drinker but a sober Buddhist practitioner who chose to escape at Kokonor and to adopt the guise of a wandering monk only appearing some years later after many fantastical and mystical adventures in what is today Inner Mongolia where he oversaw monasteries and lived as a Buddhist teacher The Hidden Life was written by a Mongolian monk in 1756 ten years following the death of the lama his spiritual teacher whom he identifies as Tsangyang Gyamtso and in whose identity as the Sixth Dalai Lama he clearly has complete faith However as one might imagine there is nowadays no agreement among the wider Tibetan Mongolian and Tibetological scholarly community as to whether this man was a charlatan or deluded or whether he was indeed the Sixth Dalai Lama The text is divided into four parts The first part gives an account of the background and birth of the Sixth Dalai Lama while the opening section of the second part which is in direct speech dictated by the lama continues on through the political intrigue in Lhasa at the end of the seventeenth century to the lama s escape at Kokonor The remainder of the second part consists of a visionary narrative in which the lama travels through Tibet and Nepal and in which he encounters divine figures yetis zombies and a man with no head all of which is presented as fact The third and longest part is an account of the final thirty years of the lama s life and his activity in Mongolia as an influential Buddhist teacher including a lengthy and moving description of his death The final part includes a list of his students and most interestingly perhaps a theological and philosophical justification for the coexistence of the Sixth and Seventh Dalai Lamas Portrait of a

The Red Daughter John Burnham Schwartz, 2019. Running from her father's brutal legacy, Joseph Stalin's daughter defects to the United States during the turbulence of the 1960s. For fans of *We Were the Lucky Ones* and *A Gentleman in Moscow*, this sweeping historical novel and unexpected love story is inspired by the remarkable life of Svetlana Alliluyeva. *The Red Daughter* does exactly what good historical fiction should do. It sends you down the rabbit hole to read and learn more. The New York Times Book Review. In one of the most momentous events of the Cold War, Svetlana Alliluyeva, the only daughter of the Soviet despot Joseph Stalin, abruptly abandoned her life in Moscow in 1967, arriving in New York to throngs of reporters and a nation hungry to hear her story. By her side is Peter Horvath, a young lawyer sent by the CIA to smuggle Svetlana into America. She is a contradictory celebrity: charismatic and headstrong, lonely and haunted, excited and alienated by her adopted country's radically different society. Persuading herself that all she yearns for is a simple American life, she attempts to settle into a suburban existence in Princeton, New Jersey. But one day an invitation from the widow of the architect Frank Lloyd Wright arrives, and Svetlana impulsively joins her cultlike community at Taliesin West. When this dream ends in disillusionment, Svetlana reaches out to Peter, the one person who understands how the chains of her past still hold her prisoner. Their relationship changes and deepens, moving from America to England to the Soviet Union and back again, unfolding under the eyes of her CIA minders. And Svetlana's and Peter's private lives are no longer their own. Novelist John Burnham Schwartz's father was in fact the young lawyer who escorted Svetlana Alliluyeva to the United States. Drawing upon private papers and years of extensive research, Schwartz imaginatively re-creates the story of an extraordinary, troubled woman's search for a new life and a place to belong in the powerful, evocative prose that has made him an acclaimed author of literary and historical fiction. Praise for *The Red Daughter*: Svetlana Alliluyeva's life was endlessly fascinating, often heartbreaking and ultimately heroic. I don't think any writer alive could have told her story more beautifully than John Burnham Schwartz. David Benioff, co-creator of HBO's *Game of Thrones* and author of *City of Thieves*. *The Red Daughter* is an intimate, intricate look at the collision of geopolitics with a private life, surprising and engaging from beginning to end.
