Redeeming The Story Women Suffering And Christ:

Redeeming the Story Colleen Carpenter Cullinan, 2004-08-27 This book constructs a new understanding of redemption rooted not in Anselmian notions of God's honor nor medieval understanding of justice but in women's stories of struggle, hope, and enduring love.

The Sacred Place of Exile Carla Brewington, 2013-02-01 The person of exile may be considered a wanderer, a nomad, a refugee, or a rebel. People of exile can be the marginalized, the disenfranchised, the outcast, the left out, and the pushed away. Different terms are used, but what defines them all is separation. Exile is a dangerous and dominant theme that runs through Scripture through the lives of the people of Israel and through the universal church. Women who have known the sacred place of exile are uniquely qualified to form a women's mission. The case is made for a momentum shift in missiological thinking. There is a desperate and aching need for a women's mission which could lead the way to a women's missionary movement. The emergence of such a mission movement is indeed fraught with skepticism and suspicion from many of those inside the church and leaders in the missionary world. But the radical, disruptive, costly following of Jesus to those outside the camp is our calling.

The Oxford Handbook of Feminist Theology Mary McClintock Fulkerson, Sheila Briggs, 2012 This volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology. It focuses on the changing global contexts for the field and its movement towards new models of theology distinct from the forms of traditional Christian systematic theology and of secular feminism.

Taking Up the Cross Barbara E. Reid, 2007 Fresh insights into the power of New Testament imagery to promote life as well as to perpetuate suffering. Close readings of New Testament narratives and metaphors for the suffering of Jesus.

Women Shaping Theology Mary Ann Hinsdale, 2006 In the 2004 Madeleva Lecture, Mary Ann Hinsdale uses the lens of her own life experience to tell the story of how visionary and prophetic women set in motion the important institutional structures that have allowed women to shape Catholic theology in North America over the past fifty years. She pays particular attention to issues and problems facing women theologians in the Catholic Church today, such as the implications of the changing demographics of women theologians, women's impact on the theological establishment, the reception of feminism and feminist theology by the hierarchy, and the unmet intercultural challenges posed by those on the margins, as well as women theologians' response to them. Coming at the beginning of a new papacy, Hinsdale's compelling narrative is especially timely for a consideration of the future of women in the Catholic Church.

She Who Imagines Laurie Cassidy, Maureen H. O'Connell, 2012-11-01 The idea and ideal of beauty has been used to oppress women of different ages, body types, skin color, and physical ability. The theoretical discussion of aesthetics has also been conditioned by these same dynamics of power and oppression. In *She Who Imagines*, a diverse set of scholars challenges the exclusion and false definitions while constructing capacious ideas that discover beauty in unexpected places. In these essays, the authors draw on a variety of arts media: painting, photography, portraiture, craftwork, poetry, and hip hop music, thereby joining beauty to truth.

Cross Arnfríður Guðmundsdóttir, 2010 The cross of Christ has proven to be no less of a stumbling block for Christians living in the end of the twentieth century and the beginning of the twenty first than it was in the first century when the newly established community of friends and followers of Jesus Christ sought to define the foundation of their faith over against the critiques of their Jewish and Greek contemporaries This book presents a theological reception of the contemporary feminist challenge to classical christology by means of an explicit feminist retrieval and reconstruction of a theology of the cross Gudmundsdottir argues that a feminist theology of the cross serves a dual purpose in feminist christology it discloses the patriarchal distortion of traditional christology and can also reveal lost dimensions in the understanding of the person and work of Jesus Christ Although Gudmundsdottir argues that feminist critique is an indispensable element of contemporary christology she also claims that there is a redemptive message in the cross of Christ that is retrievable for women today Despite its potential for abuse and indeed its well documented history of misuse against women in the past a theology of the cross proclaims Jesus as a divine co sufferer who brings good news to the poor and oppressed and as such can be a source of healing and empowerment for suffering women The constructive task of this book is to show that a theology of the cross can indeed become a theology of hope today offering women meaning and strength from a God who takes human form and enters redemptively into their situations of suffering Storytelling in All Aspects Seda Mengü, Pinar Aslan, Derya Gül Ünlü, 2017
