Redefining The Partnership The United States And Japan In East Asia:

Redefining the Partnership Chihiro Hosoya, Tomohito Shinoda, 1998 Redefining the Partnership examines the roles of the United States and Japan in East Asia's constantly changing political and economic environment. As the Cold War recedes further into the past, the United States and Japan have shifted interest to the other economically growing countries in East Asia. Scholars from both America and Japan propose solutions to the conflicts between the two countries in approach and explain the importance of a partnership to both countries. These proposals attempt to sort out the challenges of dealing with the military threats and political uncertainties of nations such as China and North Korea while taking advantage of the economic development of the area. They express the importance of a stable relationship between the two countries for either to be successful as well as the importance of dealing with problems like the United States trade deficit. *Japan's Defense Policy and Bureaucratic Politics, 1976-2007* Takao Sebata, 2010-06-05 This book examines Japan's military expansion and the decision making of her defense policy between 1976 and 2007. It explores how the bureaucratic politics model applies to the case of Japan's defense policy and demonstrates some similarities and differences between Japanese. **Redefining the U.S.-Japan Alliance** Patrick M. Cronin, 1994 *Koizumi Diplomacy* Tomohito Shinoda, 2011-12-01 Japan's policymaking strategy in foreign and defense affairs changed dramatically in 2001 after Prime Minister Junichiro Koizumi took the helm of the long ruling Liberal Democratic Party. Following a series of bland and short-lived prime ministers, Koizumi's infusion of fresh energy into a tired and opaque party has been compared with Tony Blair's successful revamping of New Labour in the U.K. Koizumi, however, had a weak power base in the party and limited diplomatic experience. How then was he able to exercise leadership? Tomohito Shinoda analyzes the prime minister's role in policymaking, focusing on the assistance he receives from the Kantei or Cabinet Secretariat, the Japanese equivalent of the American president's White House cabinet. Since 2001, the Japanese government's center of gravity for foreign policy has shifted from the traditionally dominant Ministry of Foreign Affairs to the Kantei, which allowed Koizumi to exercise a top-down style of decision making. Through case studies and personal interviews with former prime ministers and cabinet secretaries, Shinoda looks at how Koizumi's new system operates on a practical level, how, for example, major post-2001 anti-terrorism legislation has been initiated and prepared by the Kantei and compares its successes and failures with those of the U.S. system. With frank and engaging commentary by former officials, this book makes a unique contribution to the understanding of contemporary Japanese political affairs. *Japan's Security Strategy in the Post-9/11 World* Daniel M. Kliman, 2006-02-28 In this book, Daniel Kliman argues that the years following September 11, 2001, have marked a turning point in Japan's defense strategy. Utilizing poll data from Japanese newspapers as well as extensive interview material, Kliman chronicles the erosion of normative and legal restraints on Tokyo's security policy. In particular, he notes that both Japanese elites and the general public increasingly view national security from a realpolitik perspective. Japan's more realpolitik orientation has coincided with a series of precedent

breaking defense initiatives Tokyo deployed the Maritime Self Defense Force to the Indian Ocean decided to introduce missile defense and contributed troops to Iraq's post conflict reconstruction Kliman explains these initiatives as the product of four mutually interactive factors In the period after September 11 the impact of foreign threats on Tokyo's security calculus became ever more pronounced internalized U S expectations exerted a profound influence over Japanese defense behavior prime ministerial leadership played an instrumental role in deciding high profile security debates and public opinion appeared to overtake generational change as a motivator of realpolitik defense policies This book rebuts those who exaggerate the nature of Japan's strategic transition By evaluating potential amendments to Article 9 Kliman demonstrates that Tokyo's defense posture will remain constrained even after constitutional revision

Rethinking Japanese Security Peter J. Katzenstein, 2008 Since the unexpected end of the Cold War standard arguments about power politics can no longer be adopted uncritically This has led to a renewed interest in Japan's unusually peaceful security policy Japan's championing of comprehensive security is central to this collection Peter J Katzenstein's essays explore this concept which not only encompasses traditional military concerns but also domestic aspects of security The book's focus on counter terrorism and national security highlights a policy approach which over decades Japan has developed with political patience and diplomatic finesse These essays advocate an eclectic approach that helps in recognizing new questions and that seek to combine elements from different analytical perspectives in the exploration of novel lines of argument Additionally the book features an entirely new substantial introduction that explores and elaborates the themes of the collection while bringing it up to date This collection will be of significant interest to students and scholars of Japanese politics security studies and international relations

Historical Dictionary of Postwar Japan William D. Hoover, 2011-03-18 The Historical Dictionary of Historical Dictionary of Postwar Japan relates the history of postwar Japan through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on significant persons events places organizations

The Pacific Basin since 1945 Roger C. Thompson, 2014-09-25 The nations of the Pacific Basin in East and Southeast Asia Australasia the Pacific islands and the Americas make up the world's largest economic zone and its most culturally diverse region In recent years its Asian Tiger Economies have suffered economic collapse and unfinished business from the Cold War has produced continuing conflict and instability The new edition of this pioneering book traces the postwar inter relationships of all the rim and island nations It gives a unique impression of the make up of the region and the tensions within it The book integrates a wide range of information from books and articles from published and unpublished sources including recently opened Russian and American archives and from the first hand experiences of participants including those of the author in Pacific Basin affairs Vigorously written and strongly argued no other account brings together all the threads of the development of international relations in this complex and fascinating region

Reinventing the Alliance G. Ikenberry, T. Inoguchi, 2003-12-18 This is an edited volume that examines the US Japan security alliance the key to US Japanese relations

since the end of US occupation in the 50s The alliance has long been a source of both co operation and stress between the two nations but with rapid changes in Asia it has grown more problematic This book brings American and Japanese specialists together to examine the alliance within the wider regional environment and to determine whether and how the bilateral alliance can evolve and remain at the core of the region s security order *Rethinking Japanese Public Opinion and Security* Paul Midford,2011-01-24 *Rethinking Japanese Public Opinion and Security* argues that Japanese public opinion matters and has acted to prevent overseas military deployments involving combat while increasingly supportive of a more normal military establishment capable of autonomously defending Japanese territory **Rethinking Japan's Identity and International Role** Susanne Klien,2018-10-24 This paper presents a study of Japan s international role with a special focus on its historical evolution To that end the following three pillars lay the necessary theoretical foundations one the notions of historical and political identity and a discussion of the ambivalent shapes they have taken in Japan two the regional context an examination of Japan s situation with respect to Asian history as a whole and finally the civilian power concept as defined by Hanns W Maull Rethinking Sino-Japanese Alienation Barry Buzan,Evelyn Goh,2020-01-09 Bitterly contested memories of war colonisation and empire among Japan China and Korea have increasingly threatened regional order and security over the past three decades In Sino Japanese relations identity territory and power pull together in a particularly lethal direction generating dangerous tensions in both geopolitical and memory rivalries Buzan and Goh explore a new approach to dealing with this history problem First they construct a more balanced and global view of China and Japan in modern world history Second building on this they sketch out the possibilities for a 21st century great power bargain between them Buzan puts Northeast Asia s history since 1840 into both a world historical and a systematic normative context exposing the parochial nature of the China Japan history debate in relation to what is a bigger shared story about their encounter with modernity and the West within which their modern encounter with each other took place Arguing that regional order will ultimately depend substantially on the relationship between these two East Asian great powers Goh explores the conditions under which China and Japan have been able to reach strategic bargains in the course of their long historical relationship and uses this to sketch out the main modes of agreement that might underpin a new contemporary great power bargain between them in a variety of future scenarios for the region The frameworks adopted here consciously blend historical contextualisation enduring concerns with wealth power and interest and the complex relationship between Northeast Asian states evolving encounters with each other and with global international society The SAGE Handbook of Modern Japanese Studies James D Babb,2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than *The SAGE Handbook of Modern Japan Studies* Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo Pioneering and nuanced in analysis yet highly

accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University

A Social Theory of International Law Kazuko Hirose Kawaguchi, 2021-12-28 There has long been an advocacy for the sociology of international law and yet it has never been constructed so systematically and axiomatically as in this book Based on vital terms such as action and system this book has conducted an investigation into the auspices or the fundamental international sociological conditions over which international law is built and accordingly into how international law can control global relations The significance of this work lies in its aim of showing by the application of a consistent logic how complex observed phenomena can be explained and understood on the basis of certain shared fundamental perceptions drawn from common experience By asking how a state acts in a complex system that consists of at least two subsystems having different goals and different logics two specific issues are discussed 1 The relationship between domestic and international law namely that between Article 9 of the Constitution of Japan and the UN Charter especially the provisions for a collective security system as mentioned in chapter VII 2 The relationship between international law and international politics namely the relationship between the prohibition of the use of nuclear weapons and the logic of nuclear deterrence

Rethinking the San Francisco System in Indo-Pacific Security Yoneyuki Sugita, Victor Teo, 2022-06-20 This remarkable collection commemorates the 70th anniversary of the 1951 San Francisco Peace Conference by revisiting the important legacies of both the Peace Treaty and the US Japan Security Treaty have had on the peace and stability of the Asia Pacific Drawing on multiple perspectives the volume conveys the hopes and fears that the authors have for the domestic and international politics of the region In a post Trumpian world marked by the US China tensions amidst a raging pandemic the region s continued prosperity looks exceedingly grim Would the arrangements made in 1951 continue to have relevance for an Indo Pacific region beset by great power rivalry and potential conflict fuelled by contending nationalisms clashing interests and territorial disputes Through a rigorous debate based on the latest empirical developments the volume explores various ways where by the spirit and legacies of San Francisco arrangements can be meaningfully preserved and enhanced In order for the region stronger and more prosperous in the post pandemic world the countries have to come together to enhance the existing security architecture to contain great power rivalry and ensure that a regional order capable of addressing problems of the 21st century eventually evolves

Rethinking the Russo-Japanese War, 1904-5, 2007-05-17 Despite the growing number of publications on the Russo Japanese War an abundance of questions and issues related to this topic remain unsolved or call for a reexamination This 30 chapter volume the first in the two volume project Rethinking the Russo Japanese War provides a comprehensive reexamination of the origins

of the conflict the various dimensions of the nineteen month conflagration the legacy of the war and its place in the history of the twentieth century Such an enterprise is not only timely but unique It has benefited from a multinational team of thirty two scholars from twelve nations representing a broad disciplinary background The majority of them focus on topics never researched before and without exception provide a novel and critical view of the war This reexamination is of course facilitated by a century long perspective as well as an impressive assortment of primary and secondary sources many of them unexplored and in a number of cases unavailable earlier

Rethinking Japan Arthur Stockwin, Kweku Ampiah, 2017-02-15

The authors argue that with the election of the Abe Government in December 2012 Japanese politics has entered a radically new phase they describe as the 2012 Political System The system began with the return to power of the Liberal Democratic Party LDP after three years in opposition but in a much stronger electoral position than previous LDP based administrations in earlier decades Moreover with the decline of previously endemic intra party factionalism the LDP has united around an essentially nationalist agenda never absent from the party's ranks but in the past was generally blocked or modified by factions of more liberal persuasion Opposition weakness following the severe defeat of the Democratic Party of Japan DPJ administration in 2012 has also enabled the Abe Government to establish a political stability largely lacking since the 1990s The first four chapters deal with Japanese political development since 1945 and factors leading to the emergence of Abe Shinzō as Prime Minister in 2012 Chapter 5 examines the Abe Government's flagship economic policy dubbed Abenomics The authors then analyse four highly controversial objectives promoted by the Abe Government revision of the 1947 Peace Constitution the introduction of a Secrecy Law historical revision national identity and issues of war apology and revised constitutional interpretation permitting collective defence In the final three chapters they turn to foreign policy first examining relations with China Russia and the two Koreas second Japan and the wider world including public diplomacy economic relations and overseas development aid and finally the vexed question of how far Japanese policies are as reactive to foreign pressure In the Conclusion the authors ask how far right wing trends in Japan exhibit common causality with shifts to the right in the United States Europe and elsewhere They argue that although in Japan immigration has been a relatively minor factor economic stagnation demographic decline a sense of regional insecurity in the face of challenges from China and North Korea and widening gaps in life chances bear comparison with trends elsewhere Nevertheless they maintain that a more sane regional future may be possible in East Asia

Global Security Watch—Japan Andrew Lee Oros, Yuki Tatsumi, 2010-09-02

This book offers a comprehensive overview of Japan's national security institutions and policy today including a detailed discussion of Japan's regional security environment and its alliance with the United States in the context of the Democratic Party of Japan's rise to power in August 2009 2010 marks the 50th anniversary of the revision of the U S Japan Security Treaty making Japan one of the United States's longest and most important military allies Over 40 000 US troops are based in Japan as is the only U S aircraft carrier based outside the United States the USS George Washington

Japan possesses one of the world's largest economies and strongest military forces and as a result its national security policies and institutions are highly significant not just to America but to the rest of the global community as well. This book provides an overview of Japan's transformation into one of the world's most capable military powers over the past 150 years. Particular attention is paid to developments in the past decade such as the 2009 change in the controlling political party and Japan's responses to new global security threats. **A Social Theory of International Law** Kazuko Hirose, 2003-01-01

There has long been an advocacy for the sociology of international law and yet it has never been constructed so systematically and axiomatically as in this book. Based on vital terms such as action and system, this book has conducted an investigation into the auspices or the fundamental international sociological conditions over which international law is built and accordingly into how international law can control global relations. The significance of this work lies in its aim of showing by the application of a consistent logic how complex observed phenomena can be explained and understood on the basis of certain shared fundamental perceptions drawn from common experience. By asking how a state acts in a complex system that consists of at least two subsystems having different goals and different logics, two specific issues are discussed: 1. The relationship between domestic and international law, namely that between Article 9 of the Constitution of Japan and the UN Charter, especially the provisions for a collective security system as mentioned in chapter VII. 2. The relationship between international law and international politics, namely the relationship between the prohibition of the use of nuclear weapons and the logic of nuclear deterrence. Rethinking Security in East Asia J. J. Suh, Peter J. Katzenstein, Allen Carlson, 2004. Is East Asia heading towards war? This text makes a case for a new theoretical approach called analytical eclecticism by the authors to the study of Asian security.

Redefining The Partnership The United States And Japan In East Asia Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Redefining The Partnership The United States And Japan In East Asia**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
