Rediscovering Forgotten Radicals:

Rediscovering Forgotten Radicals Angela J. C. Ingram, Daphne Patai, 1993 Rediscovering Forgotten Radicals British Women Writers 1889 1939 **Modernist Sexualities** Hugh Stevens, Caroline Howlett, 2000 Leading critics from Britain Canada and the US examine modernism's imaginative rethinkings of sex gender and sexuality Original essays show how modernism intersects with the suffragette movement technological change and its effects on women and labor the growth of pseudo scientific writings and the burgeoning lesbian and gay movement They show how modernism upsets the fixities of gender and sexuality through its fascination with ambiguities marginality and the crossing of borders Sex reformers and sex changers unsexed storytellers typewriters femme and butch experimenters suffragettes in wide brimmed hats musical and dramatic pageants adolescent delinquents sunbathers and dancing indigenes all play a role in the heterodox and varied modernism revealed in these essays Hope Lies in the Proles John Newsinger, 2018-03-20 George Orwell was one of the most significant literary figures on the left in the twentieth century While titles such as 1984 Animal Farm and Homage to Catalonia are still rightly regarded as modern classics his own politics are less well understood Hope Lies in the Proles offers a sympathetic yet critical account of Orwell's political thinking and its continued significance today John Newsinger explores various aspects of Orwell's politics detailing Orwell's attempts to change working class consciousness considering whether his attitude towards the working class was romantic realistic or patronising or all three at different times He also asks whether Orwell's anti fascism was eclipsed by his criticism of the Soviet Union and explores his ambivalent relationship with the Labour Party Newsinger also breaks important new ground regarding Orwell's shifting views on the USA and his relationship with the progressive Left and feminism Focusing on the enduring interest in Orwell and his influence on current political causes the book is ultimately a unique nuanced attempt to demonstrate that Orwell remained a committed socialist up until his death *Working-Class Women Poets in Victorian Britain* Florence S. Boos, 2008-06-12 Though working class women in the nineteenth century included many accomplished and prolific poets their work has often been neglected by critics and readers in favour of comparable work by men Questioning the assumption that few poems by working class women had survived Florence Boos set out to discover supposedly lost works in libraries private collections and archives Her years of research resulted in this anthology Working Class Women Poets in Victorian Britain features poetry from a variety of women including an itinerant weaver a rural midwife a factory worker protesting industrialization and a blind Scottish poet who wrote in both the Scots dialect and English In addition to biographical information and contemporary reviews of the poets work the anthology also includes several photographs of the poets their environment and the journals in which their poems appeared **Old Wine** Phyllis Bottome, 1998 Dramatizing the international sweep of Phyllis Bottome's political ethics feminism and activism Old Wine is as meaningful today as it was prescient at its time of publication in 1924 Old Wine traces the demise of the Austro Hungarian Empire and the impact of modernity through an intricate network of political and sexual

relationships among Viennese aristocrats new women and Jews all of whom suffer and survive their conflicts The combination of personal and political drama and analysis makes this novel as much a stunning political history as it is an aesthetic triumph **The American Radical** Mary Jo Buhle,2013-02-01 The American Radical tells the story of American democracy from the late 18th century to the present through the lives of the women and men who have fought to advance it

Sexual progressives Tanya Cheadle,2020-03-17 Sexual Progressives is a major new study of the feminists and socialists who campaigned against the moral conservatism of the Victorian period Drawing on a range of sources from letters and diaries to radical newspapers and utopian novels it provides the first group portrait of Scotland s hitherto neglected sexual rebels They include Bella and Charles Pearce prominent Glasgow socialists and disciples of an American based mystic who taught that religion needed re sexed Jane Hume Clapperton a feminist freethinker with advanced views on birth control and women s right to sexual pleasure and Patrick Geddes founder of an avant garde Edinburgh subculture and co author of an influential scientific book on sex A consideration of their lives and work forces a reappraisal of our understanding of British sexual progressivism during this period and will therefore be of interest to all historians of modern gender and sexuality

The Politics of Love Carla Christina Hustak,2024-01-23 The Politics of Love explores the entanglement of emotions social movements and science in reconfiguring human and nonhuman relations As Darwin s evolutionary theory informed the development of sexual science and the sex reform movement between the 1890s and the 1920s sex reformers emerged as a group of diverse and culturally influential professionals doctors psychologists artists political activists novelists and academics who shared a profound commitment to changing the world by changing the practice of sex Sex reformers reinvented love as a scientific practice of sex that brought humans and nonhumans into the fold of early twentieth century racial gender and sexual politics Carla Christina Hustak illuminates how sex reformers insistence that love can shift human and nonhuman relations is more than just a historical narrative it is a moment in time interconnected with urgent contemporary concerns over the global implications of our emotional relationships to other humans animals the earth and atmospheric and technological forces Women in Science Ruth Watts,2013-05-13 The first book of its kind to provide a full and comprehensive historical grounding of the contemporary issues of gender and women in science Women in Science includes a detailed survey of the history behind the popular subject and engages the reader with a theoretical and informed understanding with significant issues like science and race gender and technology and masculinity It moves beyond the historical work on women and science by avoiding focusing on individual women scientists

The Public Lives of Charlotte and Marie Stopes Stephanie Green,2015-10-06 Charlotte Stopes was the first woman in Scotland to get a university qualification She devoted her life to studying Shakespeare and the promotion of women in public life Though Charlotte is largely forgotten her daughter Marie is well known Green asserts that Marie s success can only be understood in relation to the achievements of her mother **Better Britons** Nadine Attewell,2014-01-01 Better Britons charts an

innovative approach to the politics of reproduction by reading an array of works and discourses that reflect on the significance of reproductive behaviours for civic national and racial identities *The Mortal Storm* Phyllis Bottome, 1998 An anti fascist novel acclaimed on both sides of the Atlantic *The Mortal Storm* was Phyllis Bottome's dramatic warning against the warmongering antisemitic and misogyny of the Nazis Highlighting Bottome's prolific writing career and lifelong humanitarian activism *The Mortal Storm* pits the developing political and feminist consciousness of Freya Roth against the Nazi machine that will destroy the fabric of her family and nation Intermodernism Kristin Bluemel, 2011-05-27 This collection of original critical essays newly available in paperback launches an ambitious long term project marking out a new period and style in twentieth century literary history An A-Z of Feminist Theology Lisa Isherwood, Dorothea McEwan, 2016-10-06 This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology There are entries on all the major themes of Christian feminist theology including models of God and of the Church ethics and spirituality sexuality and liberation Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse Together they present the far reaching concerns of feminist theology in an accessible and stimulating way The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who are interested in this field of reflection and activity **The Intellectual Life of the British Working Classes** Jonathan Rose, 2021-06-08 This is a landmark intellectual history of Britain's working classes from the preindustrial era to the twentieth century Drawing on workers memoirs social surveys library registers and more Jonathan Rose uncovers which books people read how they educated themselves and what they knew A new preface addresses the continuing relevance of the book amidst the upheavals of the present day An astonishing book Ian Sansom *The Guardian* A passionate work of history Rose has written a work of staggering ambition Daniel Akst *Wall Street Journal* Winner of the SHARP Book History Prize the American Philosophical Society's Jacques Barzun Prize and the British Council Prize cowinner of the Longman History Today Book of the Year Prize for 2001 named one of the finest books of 2001 by *The Economist* *Fitting Sentences* Jason William Haslam, Jason Haslam, 2005-01-01 *Fitting Sentences* is an analysis of writings by prisoners from the nineteenth and twentieth centuries in North America South Africa and Europe Jason Haslam examines the ways in which these writers reconfigure subjectivity and its relation to social power structures especially the prison structure itself while also detailing the relationship between prison and slave narratives Specifically Haslam reads texts by Henry David Thoreau Harriet Jacobs Oscar Wilde Martin Luther King Jr Constance Lytton and Breyten Breytenbach to find the commonalities and divergences in their stories While the relationship between prison and subjectivity has been mapped by Michel Foucault and defined as a strategic distribution of elements that act to exercise a power of normalization Haslam demonstrates some of the complex connections and dissonances between these elements and the resistances to them Each work shows how carceral practices can be used to attack a variety of identifications be they

sexual racial economic or any of a variety of social categories By analysing the works of specific prison writers but not being limited to a single locale or narrow time span *Fitting Sentences* offers a significant historical and global overview of a unique genre in literature

William Morris's Utopianism Owen Holland, 2017-12-04 This book offers a new interpretation of William Morris's utopianism as a strategic extension of his political writing Morris's utopian writing alongside his journalism and public lectures constituted part of a sustained counter hegemonic project that intervened both into the life world of the fin de siècle socialist movement as well as the dominant literary cultures of his day Owen Holland demonstrates this by placing Morris in conversation with writers of first wave feminism nineteenth century pastoralists as well as the romance revivalists and imperialists of the 1880s In doing so he revises E P Thompson's and Miguel Abensour's argument that Morris's utopian writing should be conceived as anti political and heuristic concerned with the pedagogic education of desire rather than with the more mundane work of propaganda He shows how Morris's utopianism emerged against the grain of the now here embroiled in instrumental propagandistic polemic complicating Thompson's and Abensour's view of its anti political character

The 1930s: A Decade of Modern British Fiction Nick Hubble, Luke Seaber, Elinor Taylor, 2021-01-14 With austerity biting hard and fascism on the march at home and abroad the Britain of the 1930s grappled with many problems familiar to us today Moving beyond the traditional focus on the Auden generation this book surveys the literature of the period in all its diversity from working class women queer and postcolonial writers to popular crime and thriller novels In this way the book explores the uneven processes of modernization and cultural democratization that characterized the decade A major critical re evaluation of the decade the book covers such writers as Eric Ambler Mulk Raj Anand Katharine Burdekin Agatha Christie Lewis Grassie Gibbon Christopher Isherwood Storm Jameson Ethel Mannin Naomi Mitchison George Orwell Christina Stead Evelyn Waugh and many others

Animal Rights Hilda Kean, 1998-08-01 In the late twentieth century animals are news Parliamentary debates protests against fox hunting and television programs like *Animal Hospital* all focus on the way in which we treat animals and on what that says about our own humanity As vegetarianism becomes ever more popular and animal experimentation more controversial it is time to trace the background to contemporary debates and to situate them in a broader historical context Hilda Kean looks at the cultural and social role of animals from 1800 to the present at the way in which visual images and myths captured the popular imagination and encouraged sympathy for animals and outrage at their exploitation From early campaigns against the beating of cattle and ill treatment of horses to concern for dogs in war and cats in laboratories she explores the relationship between popular images and public debate and action She also illustrates how interest in animal rights and welfare was closely aligned with campaigns for political and social reform by feminists radicals and socialists A thoughtful effective and well written book *The Scotsman* It could hardly be more timely and its wonderful material is bound to provoke reflection *The Independent* A work of great interest *Sunday Telegraph* Lively impressively researched and well written a book that is timely and valuable *Times Literary Supplement* A pleasing balance of

anecdote and analysis Times Higher Educational Supplement **C. L. R. James in Imperial Britain** Christian Høgshjerg, 2014-03-07 C L R James in Imperial Britain chronicles the life and work of the Trinidadian intellectual and writer C L R James during his first extended stay in Britain from 1932 to 1938 It reveals the radicalizing effect of this critical period on James s intellectual and political trajectory During this time James turned from liberal humanism to revolutionary socialism Rejecting the imperial Britishness he had absorbed growing up in a crown colony in the British West Indies he became a leading anticolonial activist and Pan Africanist thinker Christian H gsbjerg reconstructs the circumstances and milieus in which James wrote works including his magisterial study The Black Jacobins First published in 1938 James s examination of the dynamics of anticolonial revolution in Haiti continues to influence scholarship on Atlantic slavery and abolition H gsbjerg contends that during the Depression C L R James advanced public understanding of the African diaspora and emerged as one of the most significant and creative revolutionary Marxists in Britain
