Pierre Andr Li g one of the foremost French theologians of the 20th century influenced John XXIII and Paul VI and sat on Vatican II committees with both the future John Paul II and Benedict VI Fifty years on from Vatican II is a good time to remember the decade of dramatic struggle and pioneering work that preceded it and review what it accomplished This book explores the life and work of Pierre Andr Li g presenting it to an English speaking readership for the first time Discussing the impact and profound challenges Liege s work raises for spirituality and church life today Bradbury tackles issues including the organisation of parish life rooted in theological criteria cradle to grave corporate Christian formation a compelling vision of what the church is for and why and how should this be expressed in practice Bradbury argues that for faith to match real life the church today needs to let go of much baggage align its talk to its action and radically re examine the question of what the church needs to do to conform to the Gospel This book takes critical issues confronting practical theology and the church breaking them open in a lively and accessible style

Personhood and Presence Ewan Kelly, 2012-03-08

The greatest asset which people in pastoral care offer in a caring relationship is themselves or to be more precise the aspects of self which they have reflected upon Offering oneself to other people in order to provide companionship along the road of life especially when the particular stage on the journey is one of anticipated or actual loss is an act which is both challenging and yet potentially life enhancing for a carer The purpose of this book is to offer an aid to those who seek to understand themselves better with a view to enhancing the quality of spiritual and pastoral care they offer Here the reference point for reflexivity is the caring relationship Yet as we are fundamentally the same beings in personal

and professional relationships readers may also find stimulus to reflect on what they bring to a variety of relationships including that with the Sacred and indeed themselves

**Changing Worlds** Robin Gill, 2002-09-15 Churches everywhere are experiencing change In his thought provoking book Professor Robin Gill identifies the main challenges facing the church and reflects on how Christians should respond He first studies the immense moral challenges of our rapidly changing world religion and the environment the arms trade including reflection on the global situation since the attack on New York on 11 September 2001 media ethics and the Lambeth Conference and sexual ethics The second part focuses on the changing patterns of churchgoing and addresses anxieties about churchgoing decline in the West which run parallel with claims about rapid church growth elsewhere The third part looks at changes in theological education The author argues for greater honesty in the church and for a judicious use of both theology and sociology which would equip Christians to face the enormous challenges of our world today
