Great Pyramid & Mayan Calendar Brian Leonard Golightly Marshall,2006 Mayan Calendar experts cracked the language code finding the date predicted when the solar system would cross into the northern hemisphere of the Milky Way Galaxy and the golden age would begin In the Great Pyramid the same information and the end time when the last day is the same date but it also predicts the return of Christ and He is on the planet today The Great Pyramid conspiracy is the direct result of the Catholic Church which hung a mask of Jesus hung upon the body of Lucifer There is however a linking of ancient wonders within the Great Pyramid which predicts that Brian Leonard Golightly Marshall was reborn to the earth January 11th 1944 in Australia The key that opens the mysteries of the old Testament Hebrew pinpointing the second coming of Jesus is in the Mayan Calendar found also in the 5000 year old pyramid and is why the church destroyed the Mayans proof of Jesus far removed from the greatest enemy of Jesus the Catholic Church Paradise starts in Australia 2013 Engendering Violence in Papua New Guinea Margaret Jolly,Christine Stewart,Carolyn Brewer,2012-07-01 This collection builds on previous works on gender violence in the Pacific but goes beyond some previous approaches to domestic violence or violence against women in analysing the dynamic processes of engendering violence in PNG Engendering refers not just to the sex of individual actors but to gender as a crucial relation in collective life and the massive social transformations ongoing in PNG conversion to Christianity the development of extractive industries the implanting of introduced models of justice and the law and the spread of HIV Hence the collection examines issues of troubled masculinities as much as battered women and tries to move beyond the black and white binaries of blaming either tradition or modernity as the primary cause of gender violence It relates original scholarly research in the villages and towns of PNG to questions of policy and practice and reveals the complexities and contestations in the local translation of concepts of human rights It will interest undergraduate and graduate students in gender studies and Pacific studies and those working on the policy and practice of combating gender violence in PNG and elsewhere **Reel Spirituality** Robert K. Diversityinc ,2006 **The Wizard and the Prophet** Charles Mann,2019-04-16 From the bestselling award winning author of 1491 and 1493 an incisive portrait of the two little known twentieth century scientists Norman Borlaug and William Vogt whose diametrically opposed views shaped our ideas about the environment laying the groundwork for how people in the twenty first century will choose to live in tomorrow s world In forty years Earth s population will reach ten billion Can our world support that What kind of world will it be Those answering these questions generally fall into two deeply divided groups Wizards and Prophets as Charles Mann calls them in this balanced authoritative nonpolemical new book The Prophets he explains follow William Vogt a founding environmentalist who believed that in using more than our planet has to give our prosperity will lead us to ruin Cut back was his mantra Otherwise everyone will lose The Wizards are the heirs of Norman Borlaug whose research in effect wrangled the world in service to our species to produce modern high yield crops that then saved millions from starvation Innovate was Borlaug s cry Only in that way can everyone win Mann delves into these diverging viewpoints to assess the four great challenges humanity faces food water energy climate change grounding each in historical context and weighing the options for the future With our civilization on the line the author s insightful analysis is an essential addition to the urgent conversation about how our children will fare on an increasingly crowded Earth

Between Man and Beast Monte Reel,2013-03-12 In 1856 Paul Du Chaillu ventured into the African jungle in search of a mythic beast the gorilla After wild encounters with vicious cannibals deadly snakes and tribal kings Du Chaillu emerged with 20 preserved gorilla skins two of which were stuffed and brought on tour and walked smack dab into the biggest scientific debate of the time Darwin s theory of evolution Quickly Du Chaillu s trophies went from objects of wonder to key pieces in an all out intellectual war With a wide range of characters including Abraham Lincoln Arthur Conan Doyle P T Barnum Thackeray and of course Charles Darwin this is a one of a kind book about a singular moment in history The Wicker Man

Steve A. Wiggins,2023-07-15 Many fans of Robin Hardy's *The Wicker Man* 1973 may know that this classic is considered a fine sample of folk horror Few will consider that it's also a prime example of holiday horror Holiday horror draws its energy from the featured festive day here May Day Sergeant Neil Howie Edward Woodward a Christian copper is lured to the remote Scottish island Summerisle where hidden from the eyes of all a thriving Celtic pagan religion holds sway His arrival at the start of the May Day celebration is no accident The clash between religions fought on the landscape of the holiday drives the story to its famous conclusion In this *Devil's Advocate* Steve A Wiggins delineates what holiday horror is and surveys various aspects of the *Citizen Kane* of horror movies that utilize the holiday Beginning with a brief overview of Beltane and how May Day has been celebrated this study considers the role of sexuality and fertility in the film Conflicting with Howie's Christian principles this leads to an exploration of his theology as contrasted with that of Lord Summerisle Christopher Lee and his tenants Such differences in belief make the fiery ending practically inevitable Native Nations

Kathleen DuVal,2024-04-09 PULITZER PRIZE WINNER A magisterial overview of a thousand years of Native American history *The New York Review of Books* from the rise of ancient cities more than a thousand years ago to fights for sovereignty that continue today WINNER OF THE BANCROFT PRIZE THE CUNDILL HISTORY PRIZE AND THE MARK LYNTON HISTORY PRIZE Long before the colonization of North America Indigenous Americans built diverse civilizations and adapted to a changing world in ways that reverberated globally And as award winning historian Kathleen DuVal vividly recounts when Europeans did arrive no civilization came to a halt because of a few wandering explorers even when the strangers came well armed A millennium ago North American cities rivaled urban centers around the world in size Then following a period of climate change and instability numerous smaller nations emerged moving away from rather than toward urbanization From this urban past egalitarian government structures diplomacy and complex economies spread across North America So when Europeans showed up in the sixteenth century they encountered societies they did not understand those having developed differently from their own and whose power they often underestimated For centuries afterward Indigenous people maintained an upper hand and used Europeans in pursuit of their own interests In *Native Nations* we see how Mohawks closely controlled trade with the Dutch and influenced global markets and how Quapaws manipulated French colonists Power dynamics shifted after the American Revolution but Indigenous people continued to command much of the continent's land and resources Shawnee brothers Tecumseh and Tenskwatawa forged new alliances and encouraged a controversial new definition of Native identity to attempt to wall off U S ambitions The Cherokees created institutions to assert their sovereignty on the global stage and the Kiowas used their power in the west to regulate the passage of white settlers across their territory In this important addition to the growing tradition of North American history centered on Indigenous nations Kathleen DuVal shows how the definitions of power and means of exerting it shifted over time but the sovereignty and influence of Native peoples remained a constant and will continue far into the future An essential American
