Reemployment Bonuses In The Unemployment Insurance System Evidence From Three Field Experiments:

Reemployment Bonuses in the Unemployment Insurance System Philip K. Robins, Robert G. Spiegelman, 2001 This volume analyzes the results of three studies conducted by the federal government in the 1980s on alternative approaches to reducing voluntary unemployment and improving the functioning of the unemployment insurance system These alternative programs in Illinois Pennsylvania and Washington utilized re employment bonuses as an incentive to claimants to reduce the amount of time spent on unemployment c Book News Inc Field Experiments in Political Science and Public Policy Peter John, 2017-01-06 Field experiments randomized controlled trials have become ever more popular in political science as well as in other disciplines such as economics social policy and development Policy makers have also increasingly used randomization to evaluate public policies designing trials of tax reminders welfare policies and international aid programs to name just a few of the interventions tested in this way Field experiments have become successful because they assess causal claims in ways that other methods of evaluation find hard to emulate Social scientists and evaluators have rediscovered how to design and analyze field experiments but they have paid much less attention to the challenges of organizing and managing them Field experiments pose unique challenges and opportunities for the researcher and evaluator which come from working in the field The research experience can be challenging and at times hard to predict This book aims to help researchers and evaluators plan and manage their field experiments so they can avoid common pitfalls It is also intended to open up discussion about the context and backdrop to trials so that these practical aspects of field experiments are better understood The book sets out ten steps researchers can use to plan their field experiments then nine threats to watch out for when they implement them There are cases studies of voting and political participation elites welfare and employment nudging citizens and developing countries **Selected Research Papers on Personal Reemployment Accounts** Elaine L. Chao, 2005

Joint Economic Report United States. Congress. Joint Economic Committee, 2003 **Handbook of Research Methods and Applications in Comparative Policy Analysis** B. Guy Peters, Guillaume Fontaine, 2020-04-24 Public policy research has become increasingly comparative over the past several decades but the methodological issues involved in this research have not been discussed adequately This Handbook provides a discussion of the fundamental methodological issues in comparative policy research as well as descriptions and analyses of major techniques used for that research The techniques discussed are both quantitative and qualitative and all are embedded in the broader discussion of comparative research design **Solving the Reemployment Puzzle** Stephen A. Wandner, 2010 This book is about the interrelationships between research policy and programs that have dealt with the problems faced by experienced Unemployed workers over the past 25 years Much of its focus is on a series of social science experiments that were conducted during the late 1980s and early 1990s **Welfare Reform** Rosemary A. Stevens, 2017-09-08 Since the late 1980s welfare policies in France and the United States have increasingly been shaped by a strong emphasis on citizens obligations to work and be independent and a

weakening of entitlements to income maintenance Throughout the advanced industrialized nations welfare reforms incorporate work oriented measures such as financial incentives insertion contracts training and requirements to search for and accept jobs The evidence in this volume suggests that while the details may vary welfare reforms in France and the United States have more in common than is often acknowledged Welfare Reform provides an in depth analysis of the development and structure of modern welfare programs and how they function The dynamics of welfare reform are illuminated by focusing on two programs the Revenu Minimum d Insertion in France and Temporary Assistance for Needy Families in the United States Taking various analytic approaches contributors examine the relations between poverty and work how U S and French models of income support have been transformed in recent times the relative impacts of economic growth and policy reforms on rates of welfare participation and what happens to recipients who leave the welfare rolls Welfare Reform will help researchers and policymakers gain perspective on where they are headed and how best to get there as they journey down the highway of welfare reform Neil Gilbert is Chernin Professor of Social Welfare at the School of Social Welfare University of California at Berkeley and co director of the Center for Child and Youth Policy CCYP His numerous publications include 25 books and over 100 articles that have appeared in The Public Interest Society Commentary and other leading academic journals Antoine Parent is associate professor of economics at the University of Paris 8 associate researcher at MATISSE University of Paris 1 Sorbonne and research program manager at the Research Division of the French Ministry of Social Affairs

Handbook of Public Policy Evaluation Frédéric Varone, Steve Jacob, Pirmin Bundi, 2023-10-06 This comprehensive Handbook examines public policy evaluation in democracies Focusing on the political dimension of the evaluation process it argues that policy evaluation can be an emancipatory tool reducing social inequalities and exclusion and offers novel suggestions on how evaluations can be used to improve democratic policymaking

The SAGE Handbook of Social Research Methods Pertti Alasuutari, Leonard Bickman, Julia Brannen, 2008-02-25 The SAGE Handbook of Social Research Methods is a must for every social science researcher It charts the new and evolving terrain of social research methodology covering qualitative quantitative and mixed methods in one volume The Handbook includes chapters on each phase of the research process research design methods of data collection and the processes of analyzing and interpreting data The volume maintains that there is much more to research than learning skills and techniques methodology involves the fit between theory research questions research design and analysis The book also includes several chapters that describe historical and current directions in social research debating crucial subjects such as qualitative versus quantitative paradigms how to judge the credibility of types of research and the increasingly topical issue of research ethics The Handbook serves as an invaluable resource for approaching research with an open mind This volume maps the field of social research methods using an approach that will prove valuable for both students and researchers

An Analysis of Pooled Evidence from Pennsylvania and Washington Reemployment Bonus Demonstrations Paul T. Decker, 1993

International Labour Review ,2002 *Journal of Economic Literature* ,2002 *Active Labor Market Policies and Unemployment Insurance in Selected Countries* Jiyeun Chang,2002 *The Journal of Economic Perspectives* ,2006 This journal attempts to fill a gap between the general interest press and other academic economics journals Its articles relate to active lines of economics research economic analysis of public policy issues state of the art economic thinking and directions for future research It also aims to provide material for classroom use and to address issues relating to the economics profession **International Social Security Review** ,2002 *Handbook of Field Experiments* Esther Duflo,Abhijit Banerjee,2017-03-21 *Handbook of Field Experiments Volume Two* explains how to conduct experimental research presents a catalog of research to date and describes which areas remain to be explored The new volume includes sections on field experiments in education in developing countries how to design social protection programs a section on how to combat poverty and updates on data relating to the impact and determinants of health levels in low income countries Separating itself from circumscribed debates of specialists this volume surpasses the many journal articles and narrowly defined books written by practitioners This ongoing series will be of particular interest to scholars working with experimental methods Users will find results from politics education and more Balances methodological insights with analyses of principal findings and suggestions for further research Appeals broadly to social scientists seeking to develop an expertise in field experiments Written in a language that is accessible to graduate students and non specialist economists **International Bibliography of Economics 1994** British Library of Political and Economic Science at the London School of Economics,1995 The IBSS is the essential tool for librarians university departments research institutions and any public or private institutions whose work requires access to up to date and comprehensive knowledge of the social sciences **Industrial and Labor Relations Review** ,2004 **IMF Working Paper** ,1995 *Lessons Learned from Public Workforce Program Experiments* Stephen A. Wandner,2017-11-17
