Always Being Reformed David Hadley Jensen, 2016-03-31 One of the most persistent slogans of Reformed theology is that it is reformed and always being reformed But what does this slogan mean This volume gathers thirteen essays written by a younger generation of Reformed theologians who teach and write on five different continents

who together offer this work in Christian systematic theology Unlike many other works of Reformed theology however this book is framed by pressing contextual issues and questions instead of traditional loci Each chapter engages classical doctrine but does so through the lens of contemporary lived experience in particular contexts The result is not a theology where doctrines are applied to contexts but an approach where doctrine and context mutually shape one another The contributors take seriously the notion that theology is always being reformed and is always partial ever on the way hence it requires conversation partners beyond the Reformed family of faith The result is a study in Reformed theology that is thoroughly ecumenical

Transforming Pastoral Leadership Quentin P. Kinnison,2016-05-20 For many congregations change creates discomfort Pastoral leaders are often expected to be experts who manage and control realities beyond their expertise experience and ability That expectation a product of modern approaches to leadership views the pastor as responsible for maintaining the status quo Transforming Pastoral Leadership responds to this context by challenging readers to rediscover key biblical themes around the shepherding metaphor as well as key theological themes steeped in our historical faith narratives Readers are challenged to consider the origins of our dominant leadership practices and to reconsider how Christ s preeminence as the leader of his church requires us to reconstruct leadership practices that are faithful to his preeminence To assist congregations Transforming Pastoral Leadership suggests two processes that might help congregations discern God s missional promptings as they move forward into God s future and experience conflict as opportunities for transformation

Mission in the Way of Paul Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the missio Dei Therefore Mission in the Way of Paul Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today
