**Mortimer** Bruce Dessau, 1999-07-01 **A National Joke** Andy Medhurst, 2007-09-18 Comedy is crucial to how the English see themselves This book considers that proposition through a series of case studies of popular English comedies and comedians in the twentieth century ranging from the Carry On films to the work of Mike Leigh and contemporary sitcoms such as *The Royle Family* and from George Formby to Alan Bennett and Roy Chubby Brown Relating comic traditions to questions of class gender sexuality and geography *A National Joke* looks at how comedy is a cultural thermometer taking the temperature of its times It asks why vulgarity has always delighted English audiences why camp is such a strong thread in English humour why class influences what we laugh at and why comedy has been so neglected in most theoretical writing about cultural identity Part history and part polemic it argues that the English urgently need to reflect on who they are who they have been and who they might become and insists that comedy offers a particularly illuminating location for undertaking those reflections *The North East of England on Film and Television* James Leggott, 2021-06-28 This book

analyses the representation of North East England in film and television It is a response to the way a number of important British films and programmes for example *Get Carter* 1971 *Whatever Happened to the Likely Lads* 1973-74 *Our Friends in the North* 1996 and *Billy Elliot* 2000 have used this particular setting to explore questions of class identity and history It argues for the significance and coherence of a North East corpus of film and television through a series of case studies relating to specific eras or types of representation These include regional writers working for television in the 1970s the achievements of the workshop movement in the 1980s and works produced within the genres of documentary crime drama comedy period drama and reality television The book discusses how the communities and landscapes of the region have been used to explore processes of cultural change and legacies of de-industrialisation **Reeves & Mortimer** Bruce Dessau, 1998
