Reference Guide to United States Military History, 1865-1919 Charles Reginald Shrader, 2000-02 [Reference Guide to United States Military History](#) Charles R. Shrader, 1991 **The Complete Idiot's Guide to World War I** Alan Axelrod, 2000-01-01 Born of grand sweeping strategies World War 1 was a conflict marked by stalemate and slaughter characterised by misery rather than heroism From the eastern to the western front this book tells the story of war from start to end revealing why the war started describes the horrors of trench warfare and describes the new ways we found to kill each other including poison gas [Marksmanship in the U.S. Army](#) William K. Emerson, 2004 Featuring hundreds of black and white illustrations of marksmanship medals prizes and badges plus a special full color section this encyclopedia of U S Army shooting awards and training program rewards is a must have for military historians and collectors In Marksmanship in the U S Army William K Emerson details weapons training from the 1850s to the present gathering this information for the first time in a single volume Emerson highlights the philosophies behind army marksmanship and documents the awards prizes and badges bestowed upon the War Department s most elite shooters artillerymen and swordsmen Proficiency training discussed in this book includes the use of sabers cannons sea mines bayonets tank weapons aerial gunnery bombs and other weapons Emerson integrates discussion of the criteria people and rationale behind each award into this historical account Emerson s emphasis on national rifle and pistol matches the history of selected army and NRA trophies and significant players in the army s weapons training development enhances the comprehensive appeal of the latest contribution to military history by this experienced author *The United States in World War I* James T. Controvich, 2023-05-08 With the centennial of the First World War rapidly approaching historian and bibliographer James T Controvich offers in *The United States in World War I A Bibliographic Guide* the most comprehensive up to date reference bibliography yet published Organized by subject this bibliography includes the full range of sources vintage publications of the time books pamphlets periodical titles theses dissertations and archival sources held by federal and state organizations as well as those in public and private hands including historical societies and museums As Controvich s bibliographic accounting makes clear there were many facets of World War I that remain virtually unknown to this day Throughout Controvich s bibliography tracks the primary sources that tell each of these stories and many others besides during this tense period in American history Each entry lists the author title place of publication publisher date of publication and page count as well as descriptive information concerning illustrations plates ports maps diagrams and plans The armed forces section carries additional information on rosters awards citations and killed and wounded in action lists *The United States in World War I A Bibliographic Guide* is an ideal research tool for students and scholars of World War I and American history **Military Law Review** , **The Journal of Military History** , 1996 **The Spanish-American War and Philippine Insurrection, 1898-1902** Mark Barnes, 2010-09-13 An often overshadowed event in American military history the Spanish American War began as a humanitarian effort on the part

of the United States to provide military assistance for the liberation of Cuba from Spanish domination At the time no one knew that this simple premise would result in an American empire Through extensive research Mark Barnes has created a comprehensive annotated bibliography detailing this globally significant conflict and its aftermath Insightful notes are included for every title in each chronologically organized chapter By drawing together an impressive collection of sources including some previously not readily available to English language readers Barnes has created an invaluable resource for scholars of this conflict Routledge Research Guides to American Military Studies provide concise annotated bibliographies to the major areas and events in American military history With the inclusion of brief critical annotations after each entry the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency Comprehensive concise and current Routledge Research Guides to American Military Studies are an essential research tool for any historian

With Their Bare Hands Gene Fax, 2017-02-23 A ground breaking narrative history which examines the never before told story of one of the most devastating battles of American involvement in World War I the battle of Montfaucon With Their Bare Hands traces the fate of the US 79th Division men drafted off the streets of Baltimore Washington and Philadelphia from boot camp in Maryland through the final years of World War I focusing on their most famous engagement the attack on Montfaucon the most heavily fortified part of the German Line during the Meuse Argonne Offensive in 1918 Using the 79th as a window into the American Army as a whole Gene Fax examines its mistakes and triumphs the tactics of its commander General John J Pershing and how the lessons it learned during the Great War helped it to fight World War II Fax makes some startling judgments on the role of future Army Chief of Staff Colonel George C Marshall whether the Montfaucon battle had it followed the plan could have shortened the war and if Pershing was justified in ordering his troops to attack right up to the moment of the Armistice Drawing upon original documents including orders field messages and the letters and memoirs of the soldiers themselves Fax tells the engrossing story of the 79th Division s bloody involvement in the final months of World War I

Rosie's Mom Carrie Brown, 2002 This book restores to history the lives of American women involved in war work during World War I

General Fox Conner Steven Rabalais, 2016-11-30 Winner of the 2016 Army Historical Society Distinguished Writing Award Anyone interested in American military history will find it a treasure Karl Roeder Alumni Professor Emeritus Louisiana State University During World War I Gen Conner served as chief of operations for the American Expeditionary Force in Europe Gen Pershing told Conner I could have spared any other man in the A E F better than you In the early 1920s Conner transformed his protégé Dwight D Eisenhower from a struggling young officer on the verge of a court martial into one of the American army s rising stars Eisenhower acknowledged Fox Conner as the one more or less invisible figure to whom I owe an incalculable debt This book presents the first complete biography of this significant but now forgotten figure in American military history In addition to providing a unique insider s view into the operations of the American high command during World War I

General Fox Conner also tells the story of an interesting life Conner felt a calling to military service although his father had been blinded during the Civil War From humble beginnings in rural Mississippi Conner became one of the army s intellectuals During the 1920s when most of the nation slumbered in isolationism Conner predicted a second world war As the nation began to awaken to new international dangers in the 1930s Pres Roosevelt offered Fox Conner the position of army chief of staff which he declined Poor health prevented his participation in World War II while others whom he influenced including Eisenhower Patton and Marshall went on to fame A biography that is both dramatic and compelling Mark Perry author of *The Pentagon s Wars* *Miracle at Belleau Wood* Alan Axelrod,2018-05-01 Now in paperback Military Book Club Main Selection History Book Club Featured Alternate The battle that transformed a group of common soldiers into the modern day Marine Corps *Miracle at Belleau Wood* begins in June 1918 at Les Mare Farm in France with just 200 U S marines who spilled their blood to prevail against impossible odds resisting an overwhelming German force of thousands and turned the battle back against the enemy saved Paris saved France and saved the Allied hope of victory Called the Gettysburg of the Great War by many at the time it rescued America and its allies from almost certain defeat This book tells the riveting story of the modern marines as America s fiercest and most effective warriors the world s preeminent fighting elite *Miracle at Belleau Wood* is the story of an epoch making battle a battle that elevated the Corps to legendary status and forever burned them into the American imagination Praise for *Miracle at Belleau Wood* Axelrod brings us back vividly to the shocking casualties of the war to end all wars Bing West author of *No True Glory* former Assistant Secretary of Defense Alan Axelrod has perfectly captured the embodiment of U S Marines and their unparalleled Esprit de Corps A must read Jay Kopelman author of the best selling *From Baghdad with Love* Axelrod is one of America s great military historians He s done it this time with riveting non stop action that reads like the best of Hemingway s frontline reports plus the Marine Corps novels of W E B Griffin Axelrod pushes you right into the action onto the battlefield and never lets up Paul B Farrell JD PhD syndicated columnist for Dow Jones s MarketWatch former Staff Sergeant in the US Marine Corps Praise for *Patton A Biography* Like *Patton* at his best polished precise and persuasive Kirkus Reviews **A Reference Guide for English Studies** Michael J. Marcuse,1990-01-01 This text is an introduction to the full range of standard reference tools in all branches of English studies More than 10 000 titles are included The Reference Guide covers all the areas traditionally defined as English studies and all the field of inquiry more recently associated with English studies British and Irish American and world literatures written in English are included Other fields covered are folklore film literary theory general and comparative literature language and linguistics rhetoric and composition bibliography and textual criticism and women s studies Scouting with the Buffalo Soldiers John P. Langellier,2020-10-15 On a hot summer s day in Montana a daring frontier cavalry officer Powhatan Henry Clarke died at the height of his promising career A member of the U S Military Academy s Class of 1884 Clarke graduated dead last and while short on academic application he was long on charm and

bravado Clarke obtained a commission with the black troops of the Tenth Cavalry earning his spurs with these Buffalo Soldiers He evolved into a fearless field commander at the troop level gaining glory and first hand knowledge of what it took to campaign in the West During his brief action packed career Clarke saved a black trooper s life while under Apache fire and was awarded the Medal of Honor A chance meeting brought Clarke together with artist Frederic Remington who brought national attention to Clarke when he illustrated the exploit for an 1886 Harper s Weekly The officer and artist became friends and Clarke served as a model and consultant for future artwork by Remington Remington s many depictions of Clarke added greatly to the cavalryman s luster In turn the artist gained fame and fortune in part from drawing on Clarke as his muse The story of these two unlikely comrades tells much about the final stages of the Wild West and the United States emergence on the international scene Along the way Geronimo The Apache Kid Texas John Slaughter and others played their roles in Clarke s brief but compelling drama

Paying with Their Bodies John M. Kinder,2015-03-23 This valuable history examines America s complex and often conflicting relationship to wounded veterans and the lasting legacies of warfare The Intercept America has grappled with the questions posed by injured veterans since its founding and with particular force since the early twentieth century What are the nation s obligations to those who fight in its name And when does war s legacy of disability outweigh the nation s interests at home and abroad Focusing in particular on the decades surrounding World War I John M Kinder argues that disabled veterans have long been at the center of two competing visions of American war one that highlights the relative safety of US military intervention overseas the other indelibly associating American war with injury mutilation and suffering Kinder shows that when we bring disabled veterans into the foreground of history the narrative of American war over the last century takes a very different shape War can no longer be seen as a discrete experience easily left behind rather its human legacies are felt for decades

America's Wars Alan Axelrod,2002-04-15 This book provides information on every significant recorded conflict in American history from Bunker Hill to the Bataan Peninsula from Antietam to Afghanistan The book sheds light on the underlying causes of each conflict and offers insight and perspective on the conduct and historical impact of more than 100 armed struggles Dust jacket

More Work Than Glory John P. Langelier,2023-10-12 Prior to the 1960s the term Buffalo Soldier was a fairly obscure one Then a trickle of titles became a torrent of books articles novels monuments and expanding numbers of historic sites along with museums all of which have changed the picture Even an occasional nod from television and movies helped transform these once relatively little known Black U S Army troops into familiar figures who have taken their place in a mythic past Indeed powerful imagemakers from William F Buffalo Bill Cody and his Congress of Rough Riders to Frederic Remington the dean of frontier artists helped lionize the Black troops whose exploits brought them to the American West Cuba the Philippines Mexico Alaska and Hawaii in the years between 1866 and 1916 Despite a significant shift in emphasis numerous efforts treating this element of the vital complex story of the post Civil War U S Army frequently repeated earlier studies rather than added fresh perspectives Also

the narrative typically ended with the so called Indian Wars or Spanish American War Many authors likewise dwelt on military operations rather than numerous other relevant contributions and activities of these men who played a role in the nation s complex evolution during the half century after the American Civil War Profusely illustrated with compelling images and detailed maps along with an array of appendices this latest addition to the Buffalo Soldier saga represents over five decades of research by military historian John P Langellier Further More Work an Glory Buffalo Soldiers in the United States Army 1866 1916 combines the best features of prior scholarship while enhancing the scope with new or underused primary sources The author views the subject through the broader perspectives of race He sets the text against the backdrop of the transition of the U S Army from a frontier constabulary to an international power In the process he highlights the staggering assortment of non military missions including assignments to national parks and forests road building exploration pioneer military bicycling duty along the explosive border between the United States and Mexico employment as agents of law and order along with a litany of other contributions that enhanced an impressive combat record against formidable Native Americans and others Langellier frames the narrative within the context of continuity and change from Reconstruction in the 1860s through the early twentieth century Above all he focuses on the soldiers themselves to provide a human perspective as well as challenges prevalent misconceptions that often overshadow more fascinating facts

The Sexual Economy of War Andrew Byers,2019-05-15 In *The Sexual Economy of War* Andrew Byers argues that in the early twentieth century concerns about unregulated sexuality affected every aspect of how the US Army conducted military operations Far from being an exercise marginal to the institution and its scope of operations governing sexuality was in fact integral to the military experience during a time of two global conflicts and numerous other army deployments In this revealing study Byers shows that none of the issues related to current debates about gender sex and the military the inclusion of LGBTQ soldiers sexual harassment and violence the integration of women is new at all Framing the American story within an international context he looks at case studies from the continental United States Hawaii the Philippines France and Germany Drawing on internal army policy documents soldiers personal papers and disciplinary records used in criminal investigations *The Sexual Economy of War* illuminates how the US Army used official policy legal enforcement indoctrination and military culture to govern wayward sexual behaviors Such regulation and its active opposition leads Byers to conclude that the tension between organizational control and individual agency has deep and tangled historical roots

Texas flags , [American Military History](#) Daniel K. Blewett,2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief

descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums

Reference Guide To United States Military History 1865 1919 Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable.
