Papers of the 7th annual conference of the Western History Association on the history of Western America ... 1967.* John Alexander Carroll, editor, with the assistance of James R. Kluger Western History Association (UNITED STATES OF AMERICA), John Alexander Carroll, James Robert KLUGER, 1969 *Reflections of Western Historians.* John Alexander Carroll, Editor, With the Assistance of James R. Kluger Western History Association, 1969 Reflections of Western Historians John Alexander Carroll, 1969 *Researching Western History* Gerald D. Nash, Richard W. Etulain, 1997 What questions ought historians investigate to understand the twentieth century West In nine original essays noted senior scholars Robert Cherny Thomas Cox Fred Erisman Richard Etulain Gene Gressley Roger Lotchin Gerald Nash and Glenda Riley offer insightful suggestion to aid the study of modern western history The opportunities for research advanced here are means to be suggestive and open ended presenting new approaches and perspectives on a variety of topics Some of the essays cover traditional areas such as economic political and cultural history others examine the environment cities gender and the myths of the West An introduction and a conclusion offer masterful overviews of interpretations of the twentieth century West The individual essays also offer first rate historiographic accounts that will interest students and specialists alike **A History of Western Astrology** S. Jim Tester, 1987 The story of the history of Western astrology begins with the philosophers of Greece in the 5th century BC the Greeks added numerology geometry and rational thought The philosophy of Plato and later of the Stoics made astrology respectable and by the time Ptolemy wrote his textbook the Tetrabiblos in the second century AD the main lines of astrological practice as it is known today had already been laid down In future centuries astrology shifted to Islam only to return to the West in medieval times where it flourished until the shift of ideas during the Renaissance Trails Patricia Nelson Limerick, Clyde A. Milner, Charles E. Rankin, 1991 Reexamination of the role of the West in U S history and of the field of western history itself told by ten historians **Philosophical Reflections on Antiquity** Paul Fairfield, 2020-09-02 Philosophical Reflections on Antiquity Historical Change addresses the question of whether there is a logic of historical change and whether the collapse of teleology should deter us from inquiring anew whether any recurring patterns and themes show themselves amid the complexity of historical life Paul Fairfield argues that if any conception of universal history remains possible it is one that rejects teleology and causal laws while identifying thematic tendencies that afford some semblance of unity including the enduring phenomena that are interlocution the struggle for predominance and the endless back and forth that play out between them This book examines the transitional periods of archaic Greece and late antiquity the ostensible birth and death of the ancient west Fairfield argues that an interpretation of the social political and intellectual history of these important turning points brings to light some philosophical understanding of the dynamics of change itself

observing that the transition from archaic to classical Greece was no miracle while the end of the Roman era can no longer be conceived as a story of decline and fall Rather Fairfield posits these were not complete breaks but relative beginnings and endings in narratives that are ongoing Scholars of philosophy history and anthropology will find this book particularly useful

The Idea of Decline in Western History Arthur Herman,2010-06-15 Historian Arthur Herman traces the roots of declinism and shows how major thinkers past and present have contributed to its development as a coherent ideology of cultural pessimism From Nazism to the Sixties counterculture from Britain s Fabian socialists to America s multiculturalists and from Dracula and Freud to Robert Bly and Madonna this work examines the idea of decline in Western history and sets out to explain how the conviction of civilization s inevitable end has become a fixed part of the modern Western imagination Through a series of biographical portraits spanning the 19th and 20th centuries the author traces the roots of declinism and aims to show how major thinkers of the past and present including Nietzsche DuBois Sartre and Foucault have contributed to its development as a coherent ideology of cultural pessimism *Preserving Western History* Andrew Gulliford,2005-08-15

The first collection of essays on public history in the American West *A History of Western Thought* Nils Gilje,Gunnar Skirbekk,2017-12-04 This is a comprehensive introduction to the history of Western Philosophy from the Pre Socratics to Twentieth Century thought In addition to all the key figures the book covers figures whose contributions have so far been overlooked such as Vico Montesquieu Durkheim and Weber Along with in depth discussion of the philosophical movements Skirbekk and Gilje also discuss the natural sciences the establishment of the Humanities Socialism and Fascism

Ancient Persia in Western History Sasan Samiei,2014-07-24 Ancient Persia in Western History is a measured rejoinder to the dominant narrative that considers the Graeco Persian Wars to be merely the first round of an oft repeated battle between the despotic East and the broadly enlightened West Sasan Samiei analyses the historiography which has skewed our understanding of this crucial era contrasting the work of Edward Gibbon and Goethe which venerated Classicism and

Hellenistic history with later writers such as John Linton Myres Finally Samiei explores the cross cultural encounters which constituted the Achaemenid period itself and repositions it as essential to the history of Europe Asia and the Middle East

Utah Historians and the Reconstruction of Western History Gary Topping,2003 Among historians of Utah and the American West few names have greater resonance than Bernard DeVoto Dale Morgan Juanita Brooks Wallace Stegner and Fawn Brodie Each of these writers made enduring contributions not only to our knowledge of the American West but also to our view of the region and its history In many ways their writing set the standard for scholarship and interpretation and their influence is still felt today Yet they were not flawless As Gary Topping explains in this the first comprehensive appraisal of their work each had serious shortcomings DeVoto and Stegner master storytellers distorted their histories with excessive use of literary and artistic techniques Morgan the thorough researcher failed to see larger contexts and interpretive possibilities Brooks courageous in finding damning new information on the Mountain Meadows massacre stopped short of drawing conclusions that might alienate her from her fellow Mormons and Brodie psychobiographer extraordinaire nonetheless succumbed to reading too much into the lives of her subjects based on her own emotions and conflicts All five writers experienced Mormon Utah in the formative stages of their lives and whether they wanted to or not fashioned their work on the American West under that indelible influence Topping shows ultimately how despite weaknesses each created exemplary models of diligent research and narrative elegance while establishing new traditions in western historical scholarship

The New Western History Forrest Glen Robinson,1998 Seven scholars examine the work of the new western historians who retell the story of the American West from the point of view of the oppressed and colonized and discuss ways to expand the horizons of this new approach to include fiction literature by women racial categories writers who presaged the movement popular culture and natural history

A Comprehensive History Of Western Ethics Warren Ashby,2010-04-07 This book provides an engaging thorough and inclusive history of western ethics that encompasses both classical and modern perspectives Author Warren Ashby speaks both to students of history and ethics and to a public interested in but often perplexed by moral values in contemporary life Ashby embraces all who are concerned with expanding human rights finding new ways to think about moral experience and discovering an ethical perspective appropriate for their lives By exploring past ethical problems we can prepare for the future s challenges Included with the commentary on the writings of great thinkers are in depth discussions of Greek biblical and Stoic ethics Augustine Aquinas and medieval views the Renaissance the Reformation and ethics in the age of science as well as the Enlightenment Romanticism and the last Western century

A Critical History of Western Philosophy Y. Masih,1999 This is the enlarged edition of a Critical History of Modern Philosophy In this new edition Greek and Medieval Philosophies have been added The book also includes a critical and comparative account of the major contributions of eight modern thinkers To this exposition the idealism of Hegel and Bradley has been introduced Recent discussions concerning Hume Kant Hegel and Bradley have also been incorporated Whilst giving fully an

analytic account of topics the author maintains that philosophy is a holistic enterprise of man as we find it in Spinoza Kant Hegel and Bradley The book has turned out to be a reliable and useful to the students of the subject throughout India This thoroughly revised and enlarged edition will prove to be all the more serviceable in general Transcontinental Links in the History of Non-Western Christianity Klaus Koschorke, 2002 Sehr viel starker und fruher als bislang wahrgenommen ist die Geschichte des Christentums in Asien Afrika und Lateinamerika seit dem 16 Jahrhundert durch polyzentrische Strukturen gekennzeichnet Zugleich bestanden zahlreiche Querverbindungen zwischen den entstehenden UeberseeKirchen teils auch ganz unabh ngig von missionarischen Netzwerken Die Beitr ge der Zweiten Internationalen M nchen Freisinger Konferenz behandeln unterschiedliche Formen transkontinentaler Verbindungen und fruhe Beispiele direkter SudSudBeziehungen Dabei werden drei Paradigmen diskutiert 1 Ethnische Diasporen als Netzwerke die f r eine  berregionale Selbstausbreitung des Christentums relevant sind 2 Transkontinentale Rezeptionsprozesse 3 Parallelentwicklungen in Asien Afrika und Lateinamerika Texte in deutscher und englischer Sprache Since the 16th century the history of Christianity in Asia Africa and Latin America has been much more polycentric in patterns of interaction than has been traditionally recognized At the same time there have existed many links between the emergent overseas churches often quite independent of missionary connections The papers from the Second International MunichFreising Conference deal with various forms of transcontinental links and early instances of SouthtoSouth interactions Texts in German and English
