Vedanta which forces us to look for knowledge which is inside human rather than what knowledge a man possesses It is considered as the true form of Vidya and under present circumstances it is the most vital need of Indian Society especially our Administrators who are supposed to serve the people of India as an Iron Pillar It is vital that they know about the past present and future of Indian Society and serves it with excellence as Krishna said i e Unity or Yoga is excellence in Action Based on it the book contains relevant information on the topics under Society portion of GS Paper I such as Salient features of Indian Society Diversity of India Role of women and women s organization population and associated issues poverty and developmental issues urbanization their problems and their remedies Effects of globalization on Indian society Social empowerment communalism regionalism secularism along with approach and solutions on previous year Questions
