Lehmann, James J. Sheehan, 2015-12-01 Of the thousands of children and young adults who fled Nazi Germany in the years before the Second World War a remarkable number went on to become trained historians in their adopted homelands By placing autobiographical testimonies alongside historical analysis and professional reflections this richly varied collection comprises the first sustained effort to illuminate the role these men and women played in modern historiography Focusing particularly on those who settled in North America Great Britain and Israel it culminates in a comprehensive meticulously researched biobibliographic guide that provides a systematic overview of the lives and works of this second generation

Psychoanalysis, Historiography, and the Nazi Camps Dan Stone, 2024-07-10 In the postwar years Dutch survivors Eddy de Wind Louis Micheels and Elie A Cohen who went on to become practicing psychoanalysts penned accounts of their survival of the Nazi camps Their sober assessments contrast sharply with those by Bruno Bettelheim and Viktor Frankl which emphasized decisiveness positive thinking and resistance missing the fact that many Holocaust victims with those characteristics or other qualities did not survive De Wind s Micheels and Cohen s accounts are more sober self critical and shaped by analytical practice By analyzing them anew and comparing them with accounts by female doctors who survived Block 10 in Auschwitz this book argues that their theories of survival accord with contemporary sensibilities in psychoanalysis and Holocaust historiography Psychoanalytic concepts have changed over time in response to greater understanding of the Holocaust and recent Holocaust historiography makes us more receptive to insights that were unfashionable in the first postwar decades The Clinical Witness Nicolas Barnett, Nicholas Chare, Dominic

little in common besides their simultaneous persecution Yet the decades of entwined struggles for recognition have deepened Romani Jewish relations which now center not only on commemorations of past genocides but also on contemporary debates about antiracism and Zionism Unforgettably moving and sweeping in scope Rain of Ash is a revelatory account of the unequal yet necessary entanglement of Jewish and Romani quests for historical justice and self representation that challenges us to radically rethink the way we remember the Holocaust *Reactions to the Third Reich Then and Now* Wolfgang

convocados a escena todos los silencios todos los equívocos imprescindibles para que la historia de la II Guerra Mundial se pueda seguir contando como hasta ahora. José María Ridao El País Exactitude Robert H. Countess, Chr Lindtner, Germar Rudolf, 2004-01-01 On January 25 1929 75 years before this book was published a man was born who probably deserves the title of the most courageous intellectual of the last third of the 20th century and the beginning of the 21st century Robert Faurisson. With hitherto unheard of bravery and steadfastness he challenged the dark forces of historical and political fraud deception and deceit with his unrelenting exposure of their lies and hoaxes. His method of analytical exactitude in historiography and his striving for clear brevity in presenting the results of his research have become both famous and infamous at once. Over the last 30 years Robert Faurisson has become a role model of character strength to many a lodestar for his method to his disciples an idol for his breathtaking research activities to his admirers. This Festschrift is dedicated to him by some of his closest friends in his struggle for exactitude in historiography and his ongoing fight not only for historical and political but also for individual justice. It contains a collection of articles by several authors addressing various issues of scientific revisionism in general Holocaust revisionism in particular and biographic sketches of Robert Faurisson's scholarship over the decades.
