*Culture and Customs of Thailand* Arne Kislenko, 2004-05-30

Thailand is rapidly industrializing dramatically improving the living standards of its people and gradually developing a more democratic society. Despite such profound changes traditional Thai culture has not only survived but has also in many respects prospered. Although famous for its food and despite its increasing popularity as a tourist destination Thailand remains relatively unknown to most Westerners. *Culture and Customs of Thailand* presents the traditional culture and customs against the backdrop of modern times. Thailand has always been an important Southeast Asian country. With a long reigning monarchy it is the only country in the region that has never been colonized by a Western power or suffered bloody revolutions and wars. It was the first Asian country to establish diplomatic relations with the United States and has remained a constant ally. Thailand has emerged as a considerable economic force as the world's largest rice and rubber producer and remains a regional political power. Against this historical framework Kislenko deftly introduces the traditional and modern strands of the dominant Buddhist faith and other religions such as animism. Coverage includes literature the arts architecture including the Thai Wat food and dress gender and marriage festivals and fun and social customs. Kislenko also balances the portrait with discussions of threats from globalization AIDS and sex tourism the drug trade and corruption in business and government. Evocative photos a country map a timeline and a chronology complete the coverage. This reference is the best source for students and general readers to gain substantial sweeping insight into the Thais and their land of smiles. *Thailand - Culture Smart!* Roger Jones, 2010-05-04. *Culture Smart* provides essential information on attitudes beliefs and behavior in different countries ensuring that you arrive at your destination aware of basic manners common courtesies and sensitive issues. Readings of the Vessantara Jātaka Steven Collins, 2016-03-29 The Vessantara Jataka tells the story of Prince Vessantara who attained the Perfection of Generosity by giving away his fortune his children and his wife Vessantara was the penultimate rebirth as a human of the future Gotama Buddha and his extreme charity has been represented and reinterpreted in texts sermons rituals and art throughout South and Southeast Asia and beyond This anthology features well respected anthropologists textual scholars in religious and Buddhist studies and art historians who engage in sophisticated readings of the text and its ethics of giving understanding of attachment and nonattachment depiction of the trickster and unique performative qualities They reveal the story to be as brilliantly layered as a Homeric epic or Shakespearean play with aspects of tragedy comedy melodrama and utopian fantasy intertwined to problematize and scrutinize Theravada Buddhism s cherished virtues **About Face** Christopher L. Flanders, 2011-03-07 For Thais face is a fact writes Flanders However whether in theology evangelism or issues involving sin salvation or atonement Thai Christians and missionaries alike seem either uninterested in or possibly incapable of addressing issues related to face This glaring incongruity between the value of face for Thais and the lack of intentional engagement within the Thai Christian community is deeply troubling Surely such a lack of careful attention to face is a dangerous posture Uncritical views of face furtively attaching to the theology of the Thai church are potentially detrimental for its life and mission Such seems to be an unavoidable situation without proper attention to face Additionally to ignore face is to run the risk of missing valuable cultural resources implicit in the Thai experience of face for the critical task of authentic Thai theological reflection This lack of engagement with face raises critical issues with which we must wrestle How is it that such a central sociocultural issue has not been a more significant part of the Thai Christian vocabulary or experience How pervasive are these negative attitudes regarding face What lies behind them Might this lack of self conscious engagement with face have any relationship to the persistent Thai perception of Christianity as a

foreign Western religion How should Christians understand this notion of face and how it relates to the ways we understand and proclaim the gospel
