Reflections On The Newgate Calendar:

Reflections on the Newgate Calendar Rayner Heppenstall, 1975 Reflections on the Newgate Calendar Rayner Heppenstall, 1833 The Art of Alibi Jonathan H. Grossman, 2003-04-01 In *The Art of Alibi* Jonathan Grossman reconstructs the relation of the novel to nineteenth century law courts During the Romantic era courthouses and trial scenes frequently found their way into the plots of English novels As Grossman states by the Victorian period these scenes represented a powerful intersection of narrative form with a complementary and competing structure for storytelling He argues that the courts newly fashioned as a site in which to orchestrate voices and reconstruct stories arose as a cultural presence influencing the shape of the English novel Weaving examinations of novels such as William Godwin's *Caleb Williams* Mary Shelley's *Frankenstein* and Charles Dickens's *The Pickwick Papers* and *Oliver Twist* along with a reading of the new Royal Courts of Justice Grossman charts the exciting changes occurring within the novel especially crime fiction that preceded and led to the invention of the detective mystery in the 1840s The penny politics of Victorian popular fiction Rob Breton, 2021-06-01 Penny politics offers a new way to read early Victorian popular fiction such as Jack Sheppard Sweeney Todd and *The Mysteries of London* It locates forms of radical discourse in the popular literature that emerged simultaneously with Brittan's longest and most significant people's movement It listens for echoes of Chartist fiction in popular fiction The book rethinks the relationship between the popular and political understanding that radical politics had popular appeal and that the lines separating a genuine radicalism from commercial success are complicated and never absolute With archival work into Newgate calendars and Chartist periodicals as well as media history and culture it brings together histories of the popular and political so as to rewrite the radical canon
