*The Reformation in England: The English schism, Henry VIII (1509-1547)* Gustave Constant,1940      The Reformation in England Gustave Léon Marie Joseph Constant,1966 The author writes this book with a concentration and an almost ascetic discipline which result in a clarity and purposefulness rare in any work and especially in a history The book primarily tells what happened to English ecclesiastical life with 1509 and 1547 and how it happened Reformation and schism are separated and the supreme head of the Church of England is separately explained The division into chapters and the organization of the whole material is planned to clarify individually these three contrasting motives which during the reign of Henry VIII maintained individuality The chapters on the divorce royal supremacy and the champions of Catholic unity and the discussions of international policy build up with great interest and authority the role of the king The chapters on the advanced party on the Henricians and on dogma with liberal but most purposeful use of biography distinguish the heretical and schismatical strands Back cover      The Reformation in England. Twenty years ago historians thought they understood the Reformation in England Professor A G Dickens s elegant *The English Reformation* was then new and highly influential it seemed to show how national policy and developing reformist allegiance interacted to produce an acceptable and successful Protestant Reformation But since then the evidence of the statute book of Protestant propagandists and of heresy trials has come to seem less convincing Neglected documents especially the records of diocesan administration and parish life have been explored new questions have been asked and many of the answers have been surprising Some of the old certainties have been demolished and many of the assumptions of the old interpretation of the Reformation have been undermined in a wide ranging process of revision But the fruits of the new revisionism are still buried in technical academic journals difficult for students and teachers to find and to use There is no up to date textbook no comprehensive new survey to challenge the orthodoxies enshrined in older works This volume seeks to fulfill two crucial needs for students of Tudor England First it brings together some of the most readable of the recent innovative essays and articles into a single book Second it seeks to show how a new revisionist interpretation of the English Reformation can be constructed and examines its strengths and weaknesses In short it is an alternative to a new

textbook survey until someone has time and courage to write one The new Introduction sets out the framework for a new understanding of the Reformation and shows how already published work can be fitted into it The nine essays one printed here for the first time provide detailed studies of particular problems in Reformation history and general surveys of the progress of religious change The new Conclusion tries to plug some of the remaining gaps and suggests how the Reformation came to divide the English nation It is a deliberately controversial collection to be used alongside existing textbooks and to promote rethinking and debate

**The reformation in England** Gustave Leon Marie Joseph Constant,1966 *The Reformation in England* C. Constant,1929 *David Jones: A Christian Modernist?* Jamie Callison,Erik Tønning,Anna Johnson,Paul Fiddes,2017-11-01 David Jones A Christian Modernist is a major reassessment of the work of the poet artist and essayist David Jones 1895 1974 in light of the complex ambiguous idea of a Christian modernism His richly experimental and palimpsestic poetry art and thought drew extensively on Christian tradition and symbolism as a key to the future rejecting a technocratic and utilitarian modernity in favour of a revitalised culture of sign and sacrament This volume examines historical influences on Jones s development his impassioned engagement with the idea of modernity and with modernist literature and art the theological sources and resonances of his work and contemporary or late modern perspectives on his achievement

*The Counter-Reformation Prince* Robert Bireley, S.J.,2018-11-15 Bireley explores the anti Machavellian tradition of sixteenth and seventeenth century Europe and the writers who cultivated it including Giovanni Botero and Justus Lipsius The tradition produced an international political literature that is immensely important for understanding the Counter Reformation Baroque culture and early modern politics and diplomacy Originally published in 1990 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

**Church and Politics During the English Reformation** Jaretha Joy Jimena-Palmer PhD,2017-11-29 This is a literary study of the seventeenth century pamphlets and sermons delivered to the Long Parliament by Stephen Marshall a leading English Puritan Marshall was known as preacher to the Long Parliament and for his participation in the further reformation of the English Church in the 1640s His understanding of the role of civil magistracy was deeply rooted in his concept of the English Reformation He was convinced that the constitutional changes during the sixteenth century English Reformation defined the role of civil magistrates The King became the Supreme Head of the English Church and the civil magistracy consisting of King or Queen in Parliament had the responsibility to spearhead the reformation of the English Church He also insisted that restoring godly preaching and teaching in every local church would eventually complete the English Reformation Marshall also argued that the Henrician schism paved the way for England to become a Christian Commonwealth where the Church is lodged whose characteristic was the unity among the people of God This implied that in England Presbyterians Independents and Erastians

all belonged to one body of Jesus Christ the Head of the Church In a Christian Commonwealth civil magistracy was a divine institution and had the highest power of ordering and governing the church according to Marshall It was the civil magistracys responsibility to protect and to take care of Gods people in all godliness And in order to do so magistrates should be rightly informed from the Word of God Though Marshall showed his opposition to King Charles Is political innovation that precipitated an unfortunate war in 1642 his vision of a Christian Commonwealth where English magistracy consisting of the King or Queen in Parliament did not change If the king could be persuaded to agree with the ecclesiastical reform Puritans proposed through Parliament he would still be an instrument of reform
