Reformed Spirituality An Introduction For Believers:

Reformed Spirituality Howard L. Rice, 1991-01-01 Rice makes a concerted effort to point us toward new and exciting avenues of spiritual growth and development I find the book provocative stimulating and challenging Ben Campbell Johnson Peachtree Professor of Evangelism and Church Growth Columbia Theological Seminary Decatur Georgia [The Theology of Amos Yong and the New Face of Pentecostal Scholarship](#) Wolfgang Vondey, Martin Mittelstadt, 2013-06-15 In *The Theology of Amos Yong and the New Face of Pentecostal Scholarship* Wolfgang Vondey and Martin William Mittelstadt gather a table of experts on one of the most influential voices in current Pentecostal theology The authors provide an introduction and critical assessment of Yong's biblical foundations hermeneutics epistemology philosophical presuppositions trinitarian theology theology of religions ecumenical and interfaith relations theology of disability engagement with contemporary culture and participation in the theology and science conversation These diverse topics are pursued through the complementary perspectives that together shape Yong's methodology pneumatology pentecostalism and the possibility of renewal The contributors invite a more thorough reading of Yong's work and propose a more substantial engagement with the new face of Pentecostal scholarship Contributors include Andrew Carver Jacob D Dodson Jeff Hittenberger Mark Mann Martin William Mittelstadt L William Oliverio Jr David A Reed Tony Richie Christopher A Stephenson Steven M Studebaker Paraskev Eve Tibbs and Wolfgang Vondey *The Theology of the Christian Life in J.I. Packer's Thought* Don J. Payne, 2006-06-01 This study offers a critical analysis of J I Packer's theology of the Christian life Packer has achieved international acclaim and wielded widespread influence within evangelicalism for more than three decades particularly through his writings on the doctrine of sanctification His approach to sanctification is examined in light of the theological anthropology and theological method that constitute its unique structure and assumptions J I Packer has been one of the most recognized evangelical theologians of the late twentieth century Among his theological passions is anchoring the Christian life in the legacy of Reformed theology particularly that expressed by seventeenth century English Puritanism Yet his treatment of the doctrine of sanctification is shaped by two other influences theological anthropology and theological method This hermeneutical exploration of Packer's treatment of sanctification offers fresh insight into his thought and demonstrates the often unnoticed impact of theological anthropology and theological method within evangelical theology [A Christian Guide to Spirituality](#) Stephen W. Hiemstra, 2017-12-16 Spirituality is lived belief When we pray worship or reach out to our neighbors we live out our beliefs Our beliefs structure our spirituality like skin stretched over the bones of our bodies These beliefs start with faith in God the Father through Jesus Christ as revealed through the Holy Spirit in scripture in the church and in daily life Our Trinitarian theology orders our beliefs Without a coherent theology we lose our identity in space and time having no map or compass to guide us on our way In the end we focus on ourselves not God Christian spirituality starts with God not with us *A Christian Guide to Spirituality* takes the form of 50 daily devotions Each topic is treated with a scriptural reference reflection

prayer and questions for discussion Occasionally references are provided for further study The first four chapters Introduction Apostle s Creed Lord s Prayer and Ten Commandments cover 40 days making them suitable as a Lenten study Ten additional days focus on the spiritual disciplines and a short conclusion Reading A Christian Guide to Spirituality will help readers understand Christian spirituality better and nurture their faith There is no such thing as quality time with the Lord there is only time The living God speaks to us in many ways but especially through scripture These three sources cited Apostle s Creed Lord s Prayer and Ten Commandments are commonly called the rule of faith regula fidei and were utilized for nearly two millennia as a means to apprentice the faith These sources are the heart of the confessions of most Christian faith communities and denominations Hear the words walk the steps experience the joy Author Stephen W Hiemstra MDiv PhD is a slave of Christ husband father tentmaker economist and writer He lives with Maryam his wife of 30 years in Centreville VA and they have three grown children The foreword is written by Neal D Presa This book might be classified appropriately in spirituality Christian living devotion faith religion and theology

Christian Spirituality and Ethical Life Paul S. Chung,2010-06-02 Christian Spirituality and Ethical Life offers a helpful study of the place of the Spirit in John Calvin s theology It also discovers a notion of the spiritual life in connection with ethical life It thus overcomes the prevailing popular pictures about the theology of John Calvin in several significant ways providing a refreshing alternative to the anemic spirituality so prevalent today It can be stated confidently that Calvin was a theologian of the Holy Spirit in solidarity with the poor standing in openness to others

Protestant Spiritual Traditions, Volume One Frank C. Senn,2020-11-02 There is no single Protestant spirituality but rather Protestant spiritual traditions usually embedded in denominational families that share some basic Protestant principles These two volumes of Protestant Spiritual Traditions offer essays on twelve traditions written by scholars within those traditions plus a concluding essay that gathers a number of Protestant contributions to Christian spirituality and Western culture under the category of the body These thirteen essays discuss the contributions of significant spiritual figures from Martin Luther to Martin Luther King Jr and offer insights on a range of topics from the theology of the cross to physical fitness

Trinitarian Spirituality Brian K. Kay,2008-02-01 This work examines the problem of how to connect the historic doctrine of the Trinity to Christian devotional practice Two criteria for a successful Trinitarian spirituality are proposed that of drawing significantly from nuances of the classic formulations of the doctrine and dealing with the mode of original Trinitarian self disclosure that is the unfolding biblical doctrine of the historia salutis Various historical attempts at articulating a method are examined with special emphasis given to the Puritan John Owen

Exploring Protestant Traditions W. David Buschart, 2009-09-20 Protestant is shorthand for a spreading family tree of church and theological traditions Each tradition embodies a historically shaped perspective on the beliefs practices and priorities that make up a Christian community Whether you are an insider to

one tradition a hybrid of two or three or as many Christians today an outsider to all Exploring Protestant Traditions is a richly informative field guide to eight prominent Protestant theological traditions Lutheran Anabaptist Reformed Anglican Baptist Wesleyan Dispensational and Pentecostal Clearly and evenhandedly W David Buschart traces the histories of each tradition explains their interpretive approaches to Scripture and identifies their salient beliefs As a result you will gain a sense of what it is to believe and worship as a Reformed or Pentecostal Christian who the traditions heroes are and where the theological accents are placed Charts displaying the denominational representatives of each tradition and bibliographies mapping the path for further explorations add to the value of this guide This is a book that seeks to receive rather than evaluate to listen and understand rather than judge or correct His is a model of theological hospitality that encourages you to open your doors to the varied ways in which Protestantism has taken root in history and human society Some things take time like coming to know a religious tradition But Exploring Protestant Traditions is an excellent place to start *The Gaggling of God* D. A. An Old Testament Theology Bruce K. Waltke, 2011-04-19 The Old Testament is more than a religious history of the nation of Israel It is more than a portrait gallery of heroes of the faith It is even more than a theological and prophetic backdrop to the New Testament Beyond these the Old Testament is inspired revelation of the very nature character and works of God As renowned Old Testament scholar Bruce Waltke writes in the preface of this book the Old Testament s every sentence is fraught with theology worthy of reflection This book is the result of decades of reflection informed by an extensive knowledge of the Hebrew language the best of critical scholarship a deep understanding of both the content and spirit of the Old Testament and a thoroughly evangelical conviction Taking a narrative chronological approach to the text Waltke employs rhetorical criticism to illuminate the theologies of the biblical narrators Through careful study he shows that the unifying theme of the Old Testament is the breaking in of the kingdom of God This theme helps the reader better understand not only the Old Testament but also the New Testament the continuity of the entire Bible and ultimately God himself
