with the Reformers Timothy George, 2011-09-12 Timothy George reveals how the sixteenth century's revolution in theological thinking was fueled by a fresh return to the Scriptures. He underlines several Reformers' unique engagement with the Bible and suggests what their legacy might mean for reading, praying and living out the Scriptures today.

Reformation Spirituality Dennis Ngien, 2021-09-28 This book articulates the significance of the magisterial reformers specifically Luther and Calvin for Christian spirituality today. Utilizing primary sources from Luther and Calvin, Dennis Ngien shows how the Reformers understood Christian spirituality in light of the gospel and how Reformation theology speaks to the theme of the Christian life. Ngien frames the discussion within a creedal trinitarian approach to the narrative of salvation, highlighting the connection between the doctrine of God and the life of faith. He also shows the surprising affinities between the Lutheran and Reformed branches of Protestantism.

Reformers in the Wings David C. Steinmetz, 2001 This book offers portraits of twenty of the secondary theologians of the Reformation period. In addition to describing a particular theologian, each portrait explores one problem in 16th century Christian thought. Catholic, Lutheran, Reformed and Radical thinkers are all represented in this volume, which serves as both an introduction to the field and a handy reference for scholars.

Reformers Before the Reformation: John of Goch. John of Wesel Carl Ullmann, 1855

Martin Luther Mihai Androne, 2020-07-20 This book explores specific aspects of Martin Luther's ideas on education in general and on religious education in particular by comparing them to the views of other great sixteenth century reformers: Huldrych Zwingli, John Calvin and Philip Melancthon. By doing so, the author highlights both the originality of the German reformer's perspective and the major impact of the main religious movement at the dawn of modernity on the development of public education in Western Europe. Although Martin Luther was a religious reformer par excellence and not an educational theorist, a number of pedagogically significant ideas and ideals can be identified in his extensive theological work, which may also qualify him as an education reformer. The Protestant Reformation changed the world, bringing to the fore the relation between faith and education and made the latter a public responsibility by proving that the spiritual enlightenment of youth, regardless of gender and social origin, is indissolubly linked to instruction in general and especially to a more thorough understanding of the classical languages, arts, history and mathematics.
