**Regarding Children** Herbert Anderson, Susan B. W. Johnson, 1994-01-01 Discusses child rearing identifies children's needs and outlines the support church and society should provide *The Child in American Evangelicalism and the Problem of Affluence* David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence. It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child (AAEC) through interdisciplinary evangelical engagement of American history, sociology, and economics. Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord. Thus the problem he addresses is nurture in evangelical affluence conceived as a theological anthropological problem. Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U.S. impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross. This impediment risks disciplinary formation of the AAEC for capitalist culture cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity's underside. The result is the AAEC's spiritual moral lack in late modernity. Chapter 1 introduces the problem of the AAEC. Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards, Horace Bushnell, and Lawrence Richards. Chapters 4 and 5 constitute the synchronic perspective of the AAEC. Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro's theory of interpretive reproductions, and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider's moral theology of affluence. Chapter 6, "Whither the AAEC," concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty-first century.

The book examines ten religions among other topics: How the Catholic Church confronts the tension between its teachings about children and actual practice. can a theology of imagination contribute to our understanding of God and the world What does wonder have to do with the life of the church in preaching teaching and worship How might reflection on wonder enhance our understanding of place vocation and family In *God and Wonder* readers enter a rich and insightful conversation about how cultivating wonder and the gift of imagination can revitalize our understanding of the world *Quivering Families* Emily Hunter

McGowin,2018-05-01 American evangelicals are known for focusing on the family but the Quiverfull movement intensifies that focus in a significant way Often called Quiverfull due to an emphasis on filling their quivers with as many children as possible Psalm 127 5 such families are distinguishable by their practices of male only leadership homeschooling and prolific childbirth Their primary aim is multigenerational faithfulness ensuring their descendants maintain Christian faith for many generations Many believe this focus will lead to the Christianization of America in the centuries to come *Quivering Families* is a first of its kind project that employs history ethnography and theology to explore the Quiverfull movement in America The book considers a study of the movement s origins its major leaders and institutions and the daily lives of its families *Quivering Families* argues that despite the apparent strangeness of their practice Quiverfull is a thoroughly evangelical and American phenomenon Far from offering a countercultural vision of the family Quiverfull represents an intensification of longstanding tendencies The movement reveals the weakness of evangelical theology of the family and underlines the need for more critical and creative approaches *The Princeton Seminary Bulletin* Princeton Theological Seminary,1996 Vols for 1907 1908 1936 1937 no 1 Commencement issue no 2 Necrology report no 3 News no 4 Catalogue v for 1937 1938 1938 1939 no 1 3 News no 2 Bulletin of courses no 4 Catalogue v for 1939 1940 1944 1945 no 1 4 News no 2 Bulletin of courses no 3 Catalogue v for 1945 1946 no 1 Bulletin of courses no 2 4 News no 3 Catalogue v for 1946 1947 1952 1953 no 1 3 4 News no 2 Catalogue *Translating Nephesh in the Psalms into Chinese* Hui Er Yu,2018-08-31 This interdisciplinary study tackles the controversy of translating nephesh by using an intergenerational translation team to deepen our understanding of this term and providing a more valuable translation in Chinese especially for use in specialist Children s Bibles Traditionally nephesh is often translated in the Bible as soul but despite the limitations of this popular rendering it has led Christians in Chinese contexts to falsely understand views regarding the nature of human beings as a trichotomy Dr Hui Er Yu s study offers different options for translating nephesh using the context of where the word appears in Scripture as well as in reference to linguistic and cultural meanings in Chinese contexts The findings in this book will help to remove anthropological misunderstandings among many Chinese Christians related to nephesh as a result of historic translation decisions Dr Yu takes a unique approach to translation by using an intergenerational Bible translation team ranging from seven to fifty one years of age which not only demonstrates the importance of intergenerational ministry but also presents a way to fulfill the growing need for well translated Children s Bibles in China for thousands of young believers This book provides important lessons for the many translation projects working towards Children s Bibles but also for how translation

of biblical terms can be better reached through this intergenerational process

**The World of Jesus and the Early Church** Craig A Evans, 2022-05-03 How do religious texts impact the way communities of faith understand themselves In The World of Jesus and the Early Church Identity and Interpretation in Early Communities of Faith Craig Evans leads an interdisciplinary team of scholars to discover and explain how the dynamic relationship between text and community enabled ancient Christian and Jewish communities to define themselves To this end scholars composed two sets of essays The first examines how communities understood and defined

themselves and the second looks at how sacred texts informed communities about their own self understanding and identity in earliest stages of Christianity and late Second Temple Judaism Whether revealing new understandings of Jesus before Pilate the rituals governing the execution and burial of criminals or the problems of dating ancient manuscripts *The World of Jesus and the Early Church* draws the reader into the world of the early Christian and Jewish communities in fresh and insightful ways

**New Perspectives on Mutual Dependency in Care-Giving** Adéla Souralová, 2016-03-09 Many scholars see caregiving relationships as being based on mutual dependency or interdependency Extensively cited notions of the global care chain or international division of reproductive labour have prepared the ground for analysis of global interdependencies in several domains This book goes further by taking mutual dependency as a starting point for analysing all relationships Using the example of Vietnamese families in the Czech Republic and the Czech native nannies it shows how paid caregiving is contextualized in terms of various relationships between three types of actors employer employee caring for the child and mother child All of these ties are based on ontologically different principles and each of them operates as a piece of a puzzle which is meaningful only in relation to each other Souralová considers caregiving to be a formative activity that establishes ties between the concerned actors whose subjectivities are mutually shaped in the daily practice of caregiving With its stress on mutuality in care work this ground breaking book illuminates the new forms of interpersonal interethnic and intergenerational relationships and highlights the mechanisms and processes in which kinship ties are negotiated and reproduced
