Ancient and Medieval Concepts of Friendship Suzanne Stern-Gillet, Gary M. Gurtler, SJ, 2014-11-13 Focusing on Plato and Aristotle the Stoics and Epicureans and early Christian and Medieval sources Ancient and Medieval Concepts of Friendship brings together assessments of different philosophical accounts of friendship This volume sketches the evolution of the concept from ancient ideals of friendship applying strictly to relationships between men of high social position to Christian concepts that treat friendship as applicable to all but are concerned chiefly with the soul's relation to God and that ascribe a secondary status to human relationships The book concludes with two essays examining how this complex heritage was received during the Enlightenment looking in particular to Immanuel Kant and Friedrich Hölderlin

Writing Friendship Paloma Gay y Blasco, Liria Hernández, 2019-11-23 This book tells the remarkable story of the friendship between Liria Hernández a Roma woman from Madrid and Paloma Gay y Blasco a non Roma anthropologist In this unique reciprocal experiment the former informant returns the gaze to write about the anthropologist her life and her environment Through finely crafted and deeply moving text Hernández and Gay y Blasco suggest new ways of doing and writing anthropology The dialogue between Hernández and Gay y Blasco provides a courageous account of the entanglements and rewards of anthropological research Drawing on letters conversations and fieldnotes gathered over twenty five years each of the authors talks about herself the other and the impact of anthropology on their two lives They examine their intertwined trajectories as Spanish women and reflect on the challenges of devising their own reciprocal genre Blending ethnography life story and memoir they undermine the dichotomy between author and subject around which scholarship still revolves

Discourses and sayings of Our Lord Jesus Christ illustrated in a series of expositions John Brown, 1850 **Samuel Johnson and the Powers of Friendship** A. D. Cousins, Daniel Derrin, Dani Napton, 2023-11-30 This book is the first to assess Johnson's diverse insights into friendship that is to say his profound as well as widely ranging appreciation of it over the course of his long literary career It examines his engagements with ancient philosophies of friendship and with subsequent reformulations of or departures from that diverse inheritance The volume explores and illuminates Johnson's understanding of friendship in the private and public spheres in particular friendship's therapeutic amelioration of personal experience and transformative impact upon civil life Doing so it considers both his portrayals of interaction with his friends and his more overtly fictional representations of friendship across the many genres in which he wrote It presents at once an original reassessment of Johnson's writings and new interpretations of friendship as an element of civility in mid eighteenth century British culture *Discourses and Sayings of Our Lord Jesus*

Christ John Brown, 1858 **Towards Friendship-Shaped Communities** Anne-Marie Ellithorpe, 2022-04-13 A unique and incisive exploration of the place and nature of friendship in both its personal and civic dimensions In *Towards Friendship Shaped Communities* A Practical Theology of Friendship distinguished theological researcher Anne Marie Ellithorpe delivers a constructive and insightful exploration of the place and nature of friendship as innate to being human to the human vocation and to life within the broader community Of particular interest to members and leaders of faith communities this book responds to contemporary concerns regarding relationality and offers a comprehensive theology of friendship The author provides an inclusive and interdisciplinary study that brings previous traditions and texts into dialogue with contemporary contexts and concerns including examples from Indigenous and Euro Western cultures Readers will reflect on the theology of friendship and the interrelationship between friendship and community think critically about their own social and theological imagination and develop an integrative approach to theological reflection that draws on Don Browning's *Fundamental Practical Theology* Integrating philosophical anthropological and theological perspectives on the study of friendship this book presents A thorough introduction to contemporary questions on friendship and discussions of co existing friendship worlds Comprehensive explorations of friendship in first and second testament writings as well as friendship within classical and Christian traditions Practical discussions of theology friendship and the social imagination including explorations of mutuality and spirit shaped friendships Considerations for outworking friendship ideals within communities of practice from the perspective of strategic or fully practical theology Perfect for graduate and advanced undergraduate students taking courses on friendship or practical theology *Towards Friendship Shaped Communities* A Practical Theology of Friendship will also earn a place in the libraries of scholars of practical theology and community practitioners including ministers priests pastors spiritual advisors and counselors **A Little Book of Friendship** Joseph Morris, St. Clair Adams, 1925 *The Politics of Friendship* Jacques Derrida, 2020-10-13 The most influential of contemporary philosophers Jacques Derrida explores the idea of friendship and its political consequences past and future through writings by Aristotle Nietzsche Cicero and more Until relatively recently Jacques Derrida was seen by many as nothing more than the high priest of Deconstruction by turns stimulating and fascinating yet always somewhat disengaged from the central political questions of our time Or so it seemed Derrida's political turn marked especially by the appearance of *Specters of Marx* has surprised some and delighted others In *The Politics of Friendship* Derrida renews and enriches this orientation through an examination of the political history of the idea of friendship pursued down the ages Derrida's thoughts are haunted throughout the book by the strange and provocative address attributed to Aristotle my friends there is no friend and its inversions by later philosophers such as Montaigne Kant Nietzsche Schmitt and Blanchot The exploration allows Derrida to recall and restage the ways in which all the oppositional couples of Western philosophy and political thought friendship and enmity private and public life have become madly and dangerously unstable At the same time he dissects genealogy itself the familiar and male

centered notion of fraternity and the virile virtue whose authority has gone unquestioned in our culture of friendship and our models of democracy The future of the political for Derrida becomes the future of friends the invention of a radically new friendship of a deeper and more inclusive democracy This remarkable book his most profoundly important for many years offers a challenging and inspiring vision of that future

Justice as Friendship Seow Hon Tan, 2016-03-09 This book explores the question of justification of law It examines some perennial jurisprudential debates and suggests that law must find its justification in morality Drawing upon the Aristotelian inspiration that friends have no need for justice in ideal friendship we behave justly Seow Hon Tan develops a theory of law based on the universal phenomenon of friendship Friendships and legal relations attract rights and obligations by virtue of the manner in which parties are situated Friendship teaches us that how parties are situated gives rise to legitimate expectations it attests to the intrinsic worth of each person The methodology for deciphering norms within and moral lessons from friendship can be transposed to law resulting in an inter subjectively agreeable and rich conception of justice In determining the content of legal rights and obligations we can and should draw upon such determination in friendship Justice as Friendship aims to provide a vision for law s development and invites the practitioner to advance its central claims in their area of expertise In dealing with selected legal doctrines the book draws upon illustrative cases from the United States the United Kingdom and the Commonwealth The book traverses the fields of jurisprudence philosophy ethics political theory contract law and tort law
