Becker, Baltimore Museum of Art, Museum of Fine Arts, Boston, Minneapolis Institute of Arts, 1984 **Regency to Empire**, 1984 *Regency to Empire*, 1984 **Regency to Empire** Victor I. Hoisington, Elizabeth M. Rudy, Metropolitan Museum of Art (New York, N.Y.), 2013 Catalog of an exhibition held at the Metropolitan Museum of Art New York October 1 2013 January 5 2014 **Artists and Amateurs** Perrin Stein, Charlotte Guichard, Rena Hoisington, Elizabeth Rudy, Metropolitan Museum of Art (New York, N.Y.), 2013-10-29 Catalog of an exhibition held at the Metropolitan Museum of Art New York October 1 2013 January 5 2014 *French Master Drawings from the Collection of Muriel Butkin* Carter E. Foster, Sylvain Bellenger, Patrick Shaw Cable, Cleveland Museum of Art, 2001 Accompanying an exhibition at the Cleveland Museum of Art last fall and now at the Dahesh Museum in New York this catalog focuses upon the French drawings in Muriel Butkin's highly specialized collection which she has promised to the Cleveland Museum To assemble her diverse yet nicely integrated set of drawings Butkin started buying 18th century French drawings when they were affordable In the mid 1970s with the guidance of art historian Gabriel Weisberg she expanded her collection to include 19th century French drawings These drawings were counter to the mainstream impressionist and postimpressionist taste of the time and focused more on academic French subject matter such as life drawings portraits or compositional studies In the preface Butkin herself reinforces her taste by saying that drawings are much more personal and spontaneous than paintings often demonstrating the artistic process Foster curator of drawings at the Cleveland Museum and other scholars present a well researched volume that contributes new information to a very specialized field of art history It is greatly disappointing however that the bulk of the reproductions are in black and white often missing the subtly colored tones in many of the drawings Nonetheless this is recommended for museum and academic libraries that support graduate programs in art history 183 b w illustrations *Visualizing the Nation* Joan B. Landes, 2018-08-06 Popular images of women were everywhere in revolutionary France Although women's political participation was curtailed female allegories of liberty justice and the republic played a crucial role in the passage from old regime to modern society In her lavishly illustrated and gracefully written book Joan B Landes explores this paradox within the workings of revolutionary visual

culture and traces the interaction between pictorial and textual political arguments Landes highlights the widespread circulation of images of the female body notwithstanding the political leadership's suspicions of the dangers of feminine influence and the seductions of visual imagery The use of caricatures and allegories contributed to the destruction of the masculinized images of hierarchic absolutism and to forging new roles for men and women in both the intimate and public arenas Landes tells the fascinating story of how the depiction of the nation as a desirable female body worked to eroticize patriotism and to bind male subjects to the nation state Despite their political subordination women too were invited to identify with the project of nationalism Recent views of the French Revolution have emphasized linguistic concerns in contrast Landes stresses the role of visual cognition in fashioning ideas of nationalism and citizenship Her book demonstrates as well that the image is often a site of contestation as individual viewers may respond to it in unexpected even subversive ways

Arts, 1985 Some issues include the Annual report of the Minneapolis Society of Fine Arts *Female Printmakers, Printsellers and Print Publishers in the Eighteenth Century* Cristina S. Martinez, Cynthia E. Roman, 2024-03-21 Integrates the vital contributions of women as printmakers printsellers and print publishers into the history of eighteenth century art
