Boca, 2022-12-05 My mom used to tell us to me and my sister stories about the heroes of the legends and their mythical animals As a young child I read many fairy tales I was always amazed of their world And then I started to wonder if they were only fantasy I travelled inside these stories throughout my mind and the more I read the more they seemed real to me I felt alive just imagining that I am a part of their world where I was always welcomed by everything and everybody My sister was always my companion in all my travels and she always took good care of me Before I knew it I grew up and I was blessed with a wonderful child His innocence and beautiful heart reminded me of our childhood where innocence was the name of our world My son was and is an inspiration for a fantasy world of my own Just for my him I decided to bring the myths and legends into our world I decided to give them life This book is a blend of magic fantasy and reality Here is the place where I brought together the mythical animals heroes stories about underworld life reality and magic The legends are so real in my book you feel like they were always part of us I always imagined reading stories to my grandchildren when they will go to bed at night I hope someday my wish will come true It is a happy book with happy ending In fact this is not the end it is the beginning of an adventure of a lifetime and never ending knowledge Cognitive Linguistics Vyvyan Evans, Melanie
