*The Confederate War Bonnet* Jack Shakely, 2011-04 It is 1863 and the United States is in the midst of the Civil War when mixed blood Jack Gaston is called back from Harvard University to his beloved Creek Nation He is surprised to find that not only has he been elected to be a chief in the House of Warriors he has also been conscripted as an officer in the Confederate Army Gaston soon learns that the Civil War in Indian Territory is more than Confederate against Federal it is tribe against tribe and family against family Gaston takes part in most of the major battles of the brutal and bloody conflict fighting alongside such great Indian army leaders as Stand Watie Chilly McIntosh and George Grayson In trying to reunite his strife torn people Gaston discovers an Indian inside himself he didn't know existed And among the burnt out stubble of war he finds love with Mexican Apache nurse Bonita Ochoa This little known corner of the Civil War was played out in the fields of the Creek Nation in what is now eastern Oklahoma In a rich portrayal of period and place *The Confederate War Bonnet* is an evocative historical novel that helps to answer how Indians became involved in the Civil War why they joined Confederate forces and how the experience shaped their future in America

*Rifles and War Bonnets* Marian Templeton Place, 1968 An account of the work fighting Indians and making the West safe for settlers performed by the Tenth Cavalry formed of Negro recruits after the Civil War who became known as the buffalo soldiers an epithet which expressed the Indians respect for these troops

**Comanche Ethnography** Thomas W. Kavanagh, 2008 In the summer of 1933 in Lawton Oklahoma a team of six anthropologists met with eighteen Comanche elders to record the latter's reminiscences of traditional Comanche culture The depth and breadth of what the elderly Comanches recalled provides an inestimable source of knowledge for generations to come both within and beyond the Comanche community This monumental volume makes available for the first time the largest archive of traditional cultural information on Comanches ever gathered by American anthropologists Much of the Comanches earlier world is presented here religious stories historical accounts autobiographical remembrances cosmology the practice of war everyday games birth rituals funerals kinship relations the organization of camps material culture and relations with other tribes Thomas W Kavanagh tracked down all known surviving notes from the Santa Fe Laboratory field party and collated and annotated the records learning as much as possible about the Comanche elders who spoke with the anthropologists and when possible attributing pieces of information to the appropriate elders In addition this volume includes

Robert H Lowie's notes from his short 1912 visit to the Comanches. The result stands as a legacy for both Comanches and those interested in learning more about them. *Hand Talk* Jeffrey E. Davis, 2010-07-29 Describes a unique case of sign language that served as an international language among numerous Native American nations not sharing a common spoken language. The book contains the most current descriptions of all levels of the language from phonology to discourse as well as comparisons with other sign languages. **Memoirs of a White Crow Indian (Thomas H. Leforge)** Thomas H. Leforge, 1928 **Holy Ground, Healing Water** Donald J. Blakeslee, 2010 Most people would not consider north central Kansas Waconda Lake to be extraordinary. The lake completed in 1969 by the federal Bureau of Reclamation for flood control irrigation and water supply purposes sits amid a region known when it is thought of at all for agriculture and perhaps to a few as the home of The World's Largest Ball of Twine in nearby Cawker City. Yet to the native people living in this region in the centuries before Anglo incursion this was a place of great spiritual power and mystic significance. Waconda Spring now beneath the waters of the lake was held as sacred a place where connection with the spirit world was possible. Nearby a giant snake symbol carved into the earth by native peoples likely the ancestors of today's Wichitas signified a similar place of reverence and totemic power. All that began to change on July 6 1870 when Charles DeRudio an officer in the 7th U S Cavalry who had served with George Armstrong Custer purchased a tract on the north bank of the Solomon River a tract that included Waconda Spring. DeRudio had little regard for the sacred properties of his acrea instead he viewed the mineral spring as a way to make money. In *Holy Ground Healing Water Cultural Landscapes at Waconda Springs Kansas* anthropologist Donald J. Blakeslee traces the usage and attendant meanings of this area beginning with prehistoric sites dating between AD 1000 and 1250 and continuing to the present day. Addressing all the sites at Waconda Lake regardless of age or cultural affiliation Blakeslee tells a dramatic story that looks back from the humdrum present through the romantic haze of the nineteenth century to an older landscape one that is more wonderful by far than what the modern imagination can conceive. Hunter-trader-trapper, 1910 **The Booklist**, 1967 **The Valley of Opportunity** Steven F. Mehls, 1982 This publication represents the latest Class I History to be written for the western slope of Colorado. Our three districts in this region of Colorado now have histories specifically for them. Such works provide a valuable and needed synthesis of history and literature for these areas and also gives our managers data that are used on a daily basis for land use decision making. Multiple land use is a Bureau mission that is being met. Oil and gas coal oil shale and other energy minerals not to mention rights of ways grazing programs recreation projects and land use planning are all supported by histories such as this. Resource Management Plans and subsequent Environmental Impact Statements that are produced for the Bureau's Area Offices are the foundations for long term land use management. The Glenwood Springs Colorado Resource Management Plan Environmental Impact Statement is a Bureau pilot document and serves as a management tool for the Glenwood Springs Resource Area. This history Valley of Opportunity supports the Resource Management Plan. In addition a history provides

background and support for the upcoming Grand Junction Resource Area Management Plan Environmental Impact Statement The Valley of Opportunity has already been used for Oil Shale Environmental Statements and for the Federal Coal Leasing Program in the Grand Junction Colorado District Truly such histories are not only multiple use in scope but are also management tools that provide basic understanding for land use decisions Additionally this history represents an ongoing effort to provide the public reader with a work that is not only interesting but is also well researched In this way another sector is satisfied These histories are used by schools libraries universities and of course the general public Again multiple use is served Finally as the Valley of Opportunity was being prepared it happened that the City of Grand Junction s Centennial would occur in 1982 Coincidentally the Glenwood Springs Resource Management Plan will be published in November 1982 Since this history serves several purposes it is appropriate that it also is the Bureau s contribution to Grand Junction s Centennial celebration
