Hugo Tristram Engelhardt

Right And The Good:

The Right and the Good William David Ross, 2002 The Right and the Good a classic of twentieth century philosophy by the great scholar Sir David Ross is now presented in a new edition Ross's book originally published in 1930 is the pinnacle of ethical intuitionism which was the dominant moral theory in British philosophy for much of the nineteenth and early twentieth century The central concern of the book is with rightness and goodness and their relation Ross argues against notable rival ethical theories The right act he held cannot be derived from the moral value of the motive from which it is done Furthermore rightness is not wholly determined by the value of the consequences of one's action whether this value is some benefit for the agent or some agent neutral good Rather the right act is determined by a plurality of self evident prima facie duties Ross portrayed rightness and goodness as simple non natural properties Philip Stratton Lake a leading expert on Ross provides a substantial new Introduction in which he discusses the central themes of The Right and the Good and clears up some common misunderstandings A new bibliography and index are also included along with editorial notes which aim to clarify certain points and indicate where Ross later changed his mind on particular issues Intuitionism is now enjoying a considerable revival and this new edition provides the context for a proper understanding of Ross's great work [The Right and the Good](#)

William David Ross, 2002 This is a classic of 20th century philosophy by the great scholar David Ross The book is the pinnacle of ethical intuitionism **To Do the Right and the Good** Elliot N. Dorff, 2004 A National Jewish Book Award Winner Rabbi Dorff focuses on the social aspects of the Jewish tradition while tackling such timely topics as poverty war intrafaith and interfaith relations and forgiveness In addition he discusses Jewish social ethics as they both relate to and contrast with Christian and American belief systems in modern society Dorff argues that Jewish sources when properly placed within the framework of the realities of our own times can provide important guidance for Jews on how to act in their daily lives

The Good, the Right, and the Real: Is Value a Fact? David Baggett, Professor of Philosophy/Scholar in Residence Jerry L Walls, 2025-09-03 The book argues for a strongly objective understanding of ethics Positive arguments in its favor are discussed and anticipated objections are answered Alternatives to objectivist views of ethics are considered at length Among such views include that all moral claims are false that no moral sentences express truth claims and that moral judgments derive their truth from the preferences or sentiments of human beings Having argued for a strongly objectivist understanding of morality the case is made that God deserves to be taken seriously as a contender for its best explanation

The Rights and the Wrongs of the Poor in a Series of Letters: Addressed to the Working-classes ... To which ... are Appended Six Letters to the Noblemen of England Thomas Brothers, 1842 *Pleasure and the Good Life* Fred Feldman, 2004-03-25 Since ancient times hedonism has been one of the most attractive and controversial theories In this text the author presents a careful modern formulation of hedonism defending the theory against some of the most important objections **The Foundations of Christian Bioethics** Hugo Tristram Engelhardt, 2000 For decades Engelhardt has

An Overview of Aboriginal and Treaty Rights and Compensation for Their Breach Robert Mainville, 2001-04-01 A pressing issue today is how to compensate Aboriginal peoples for the infringement of their rights Aboriginal rights include more than a title within the fiduciary relationship between the federal government and Aboriginal peoples is the issue of compensation for the infringement of Aboriginal and treaty rights In an historical and legal context Mainville examines Aboriginal and treaty rights origins major Canadian court decisions that have defined them the impact of the Canadian Constitution and the limits to the government's ability to infringe upon Aboriginal and treaty rights Mainville argues that while Canadian law can provide guidelines for compensation expropriation law is inadequate to address the issue fully and instead provides clear and practical principles for compensation

Justice and Harmony Joshua Mason, 2022-08-16 Justice and harmony have long been two of the world's most treasured ideals but much of modern moral and political philosophy puts them on opposite sides of the divide between liberal theories of the right and communitarian theories of the good Joshua Mason argues that the encounter with their Chinese counterparts zhengyi and hexie can overcome this opposition revealing a pattern that reframes justice and harmony as mutually interdependent concepts in a three part framework of root harmony benhe harmonic justice heyi and just harmony zhenghe Broadly surveying the histories of western and Chinese moral and political philosophies Justice and Harmony Cross Cultural Ideals in Conflict and Cooperation explores our cross cultural conceptual inventories and develops a comparative framework that can overcome entrenched binary oppositions and reconcile these grand global values

Hermeneutics, Citizenship, and the Public Sphere Roberto Alejandro, 1993-07-01 This book sheds new light on the question of democratic politics by proposing a hermeneutic conception of citizenship and the public sphere At the same time it presents a critique of the postmodern arguments advanced by Richard Rorty Jean Francois Lyotard and Jean Baudrillard Questioning a dominant interpretation that sees Gadamer's hermeneutics as the expression of a conservative project Alejandro argues that it includes an important element of critique that could challenge dominant structures and practices

Promoting Justice, Human Rights and Conflict Resolution through International Law / La promotion de la justice, des droits de l'homme et du règlement des conflits par le droit international

Marcelo Kohen, 2006-11-01 This Liber Amicorum is published at the occasion of Judge Lucius Caflisch's retirement from a distinguished teaching career at the Graduate Institute of International Studies of Geneva where he served as Professor of International Law for more than three decades and where he has also held the position of Director. It was written by his colleagues and friends from the European Court of Human Rights from universities all around the world from the Swiss Foreign Affairs Ministry and many other national and international institutions. The Liber Amicorum Lucius Caflisch covers different fields in which Judge Caflisch has excelled in his various capacities as scholar, representative of Switzerland in international conferences, legal adviser of the Swiss Foreign Affairs Ministry, counsel, registrar, arbitrator and judge. This collective work is divided into three main sections. The first section examines questions concerning human rights and international humanitarian law. The second section is devoted to the international law of spaces including matters regarding the law of the sea, international waterways, Antarctica and boundary and territorial issues. The third section addresses issues related to the peaceful settlement of disputes both generally and with regard to any particular means of settlement. The contributions are in both English and French.

Human Rights and the Body Dr Annabelle Mooney, 2014-09-28 Human Rights and the Body is a response to the crisis in human rights to the very real concern that without a secure foundation for the concept of human rights their very existence is threatened. While there has been consideration of the discourses of human rights and the way in which the body is written upon, research in linguistics has not yet been fully brought to bear on either human rights or the body. Drawing on legal concepts and aspects of the law of human rights, Mooney aims to provide a universally defensible set of human rights and a foundation or rather a frame for them. She argues that the proper frames for human rights are firstly the human body seen as an index reliant on the natural world, secondly the globe and finally language. These three frames generate rights to food, water, sleep and shelter, environmental protection and a right against dehumanization. This book is essential reading for researchers and graduate students in the fields of human rights and semiotics of law.
