## **Right Before Your Eyes:**

**Right Before Your Eyes** Ellen Shanman, 2007-05-01 Outspoken playwright Liza Weiler left Yale with everything she thought she needed to make her mark on the New York stage So why nearly a decade later is she still waiting for her real life to finally begin But like any great drama Liza's life only needs one good twist And that's what happens when she turns her ankle on the way out of a downtown nightspot and falls into the arms of a suspiciously gallant Wall Street prince and a practically perfect ER doc Suddenly Liza not only has a couple of men in her life but her play has fallen into the hands of a hip theater director Now Liza's about to discover how much mess she can make of a seemingly good thing and how terrifying slightly tragic and utterly hilarious a little success can be **Right Before My Eyes** Michelle Robinson, 2012-03-06 Journee and Jordyn are thirty something year old twins with two totally different lifestyles Journee is in love with Drew her high school sweetheart that's in prison A phone call from him changes everything After a fight she decides to end their relationship and tries to move on but she has unfinished business with Jason another ex boyfriend As she moves forward she meets Jules who appears to be Mr Right until all of his baggage shows up Now Jordyn is living by her own rules but the problem is she hasn't told anyone but the drama begins when her secret is leaked on Facebook She finds herself in a battle with her love life family friends and herself Follow these two as they take their family and friends on a turbulent ride into their lives as they discover they are worlds apart but are forever connected **Right Before My Eyes** Angela Diane, 2025-06-06 What we can see lets us protect ourselves but what about the things we can't see The most dangerous threats are often the ones that catch us off guard forming an abrupt and unsettling feeling that just doesn't sit right In **Right Before My Eyes** Angela Diane skillfully incorporates a psychological thriller that obscures the lens between perception and reality The novel follows Sarah a college sophomore working to find her place in the world She flounders with faith identity and the eerie feeling that someone or something is watching her Furthermore Grace Valley Christian College's remote picturesque campus with its soaring mountains and quiet halls conforms to both sanctuary and prison intensifying Sarah's rising anxiety As Sarah undergoes the forces of faith and belonging the novel underscores the chilling world of obsession and surveillance Through alternating perspectives the reader is drawn into the mind of a mysterious observer someone who knows Sarah's routines too well Here subtle warnings misplaced belongings and a lingering presence in the shadows turn mundane moments into disturbing encounters leaving Sarah contesting her own sanity *The Beginning of Infinity* David Deutsch, 2011-07-21 The New York Times bestseller A provocative imaginative exploration of the nature and progress of knowledge Dazzling Steven Pinker The Guardian In this groundbreaking book award winning physicist David Deutsch argues that explanations have a fundamental place in the universe and that improving them is the basic regulating principle of all successful human endeavor Taking us on a journey through every fundamental field of science as well as the history of civilization art moral values and the theory of political institutions Deutsch tracks how we form new explanations and drop

bad ones explaining the conditions under which progress which he argues is potentially boundless can and cannot happen Hugely ambitious and highly original *The Beginning of Infinity* explores and establishes deep connections between the laws of nature the human condition knowledge and the possibility for progress **Chutzpah!** Ou Ning, Austin

Woerner, 2015-09-10 To Westerners China has often seemed a monolith speaking with one voice whether that of an ancient dynasty a socialist state or an economic powerhouse *Chutzpah* New Voices from China shatters this illusion giving Western readers a rare chance to listen to the brilliant polyphony of Chinese fiction today Here in the realms of realism and fantasy and portraying worlds lyrical gritty or wildly avant garde sixteen selections three of which are nonfiction by up and coming Chinese writers take readers from the suburbs of Nanjing to the mountains of Xinjiang Province from London's Chinatown to a universe seemingly sprung from a video game In these stories one may encounter a sweet lonely fabric store owner or a lesbian housecleaner a posse of shit talking vo tech students or a human hive mind A jeep driving swordsman girds himself for battle by reading Borges and Nabokov A Beijing raised Kazakh boy hunts for his lost heritage A teenager plots revenge on the bureaucrat responsible for demolishing his home A starving child falls in love with a water spirit These stories collected by Ou Ning and Austin Woerner and offered in English by leading translators of Chinese travel the breadth and depth of China's remarkable literary landscape Drawn from the pages of *Chutzpah* one of China's most innovative literary magazines this anthology bids farewell to the tired tropes of moonlight and peach blossoms goodbye to the constraints of socialist realism In their place it introduces us to the imaginative power boundless creativity and kaleidoscopic diversity of a new generation of Chinese fiction Queerqueen Claire Maree, 2020 From the twins Osugi and Peeco to longstanding icon Miwa

Akihiro Claire Maree traces the figure of the Japanese queerqueen showing how a diversity of gender identifications sexual orientations and discursive styles are commodified and packaged together to form this character Representations of gay men's speech have changed in tandem with gender norms increasingly crossing over into popular media via the body of the authentic gay male up to and including the current LGBT boom in Japan In this context queerqueen demonstrates how commercial practices of recording transcribing and editing spoken interactions and use of on screen text encode queerqueen speech as inherently excessive and in need of containment Tackling questions of authenticity self censorship and the restrictions of heteronormativity within this perception of queer excess Maree shows how queerqueen styles reproduce stereotypes of gender sexuality and desire that are essential to the business of mainstream entertainment Body Genre

David Scott Diffrient, 2023-11-27 In this groundbreaking work author David Scott Diffrient explores largely understudied facets of cinematic horror from the various odors permeating classic and contemporary films to the wetness sliminess and stickiness of these productions which he argues practically scream out for a tactile mode of textural analysis as much as they call for more traditional forms of textual analysis Dating back to Carol Clover's and Linda Williams's pioneering work on horror cinema film scholars have long conceptualized this once disreputable category of cultural production as a body genre

However despite the growing recognition that horror serves important biological and social functions in our lives scholars have only scratched the surface of this genre with regard to its affective corporeal and sensorial appeals Diffrient anatomizes horror films in much the same way that a mad scientist might handle the body separating and recombining constitutive parts into a new analytical whole Further he challenges the tendency of scholars to privilege human over nonhuman beings and calls into question ableist assumptions about the centrality to horror films of sight and sound to the near exclusion of other forms of sense experience In addition to examining the role that animals living or dead real or fake play in human centered fictions this volume asks what it means for audiences to consume motion pictures in which actors stunt performers and other creative personnel have put their own bodies and lives at risk for our amusement Historically grounded and theoretically expansive **Body Genre Anatomy of the Horror Film** moves the study of cinematic horror into previously uncharted waters and breathes life into a subject that not coincidentally is intimately connected to breathing as our most cherished dividing line between life and death

**Mastering Sadhana** Carlos G. Valles, 2010-04-21 A close friend and associate of Anthony de Mello shares for the first time not only personal conversations and reminiscences but also de Mello's own words as recorded during a 15 day retreat in India
