Right Road Life Choices For Clergy:

Clergy, Retirement, and Wholeness Gwen Wagstrom Halaas, 2005-06-01 What would you wish for in retirement Good health Financial Stability A supportive social community Retiring well is everyone's goal but accomplishing this end requires planning and effort Family physician Gwen Halaas recognizes the challenges professional caregivers such as clergy experience as they try to practice good self care particularly as they approach the significant changes inherent in retirement

Practicing Balance David Edman Gray, 2012-11-10 Work life imbalance is a problem that has personal national and religious implications Millions of Americans sense that they are rushing through life and that their work and non work lives compete with one another Many of us are harming our health through overwork David Gray's Practicing Balance demonstrates why congregational leaders should take work life imbalance seriously The issue gets in the way of spiritual development church attendance and member involvement As leaders look to help their congregations grow particularly by attracting families with children they would do well to understand and account for the problem If you are struggling with finding balance in life this book can help Practicing Balance contains ideas and experiences that can help church members and all people develop spiritual practices for a healthy life It tackles the time crunch challenges that are threatening so many families It can help Christians realize God's calling for their life and how the way they use their time and set their schedules can draw them closer to God For anyone interested in the fields of work life and work family this book breaks new ground in discussing how people of faith are and can be involved in encouraging balance and in addressing the structure of American workplaces Through his experience reading the social science research listening to people's struggles studying theology as a pastor and dealing with his own work life imbalance Gray has come to believe that increasing workplace flexibility and deepening individual spiritual practice are two of the most important solutions that can help Americans particularly Christians in congregations live a balanced life Gray shows how members of congregations acting both individually and collectively can use the resources of their faith to implement these two solutions Practicing Balance will help all of us make balance a higher priority and draw on the resources of our faith as we seek to balance the many activities of our life

Clergy Burnout Fred Lehr, In this highly accessible book Fred Lehr clarifies the nature and practice of clergy codependence In twenty two short insightful and highly readable chapters filled with many examples and stories from his own life and those of others he has counseled Lehr identifies the typical forms codependence takes in the life and ministry of clergy 1 the chief enabler the one who keeps things functioning 2 the scapegoat the one on whom everything's blamed when it goes wrong the one who's responsible 3 the hero the example the pure and righteous one 4 the lost child the one no one really knows or cares about 5 the rescuer the one who saves the day makes the visit fixes the problem makes everything all right again 6 the mascot the cheerleader the one who offers comic relief brings down the tension level after a heated discussion God's Potters Jackson W. Carroll, 2006-03-31 Pastoral ministry is an occupation in flux In this comprehensive

study Jackson Carroll considers the many factors changing roles among clergy and laypeople the opening of ordination to women an increasing shortage of clergy and more that are shaping congregations and ministers today Building on Paul's image of Christians as clay jars Carroll paints a portrait of God's potters pastors whose calling is to form their congregational jars so that they reveal rather than hide God's treasure A veteran clergy watcher Carroll uses data from what is likely the most representative survey of Protestant and Catholic clergy ever undertaken as well as focus group interviews and congregational responses to take a hard look at who is doing ministry today what it involves and how pastors are faring in leading their congregations Significantly his study covers clergy from a broad range of traditions Catholic mainline Protestant conservative Protestant and historic black churches Replete with pertinent tables and figures God's Potters culminates with specific strategies for strengthening pastoral leadership and nurturing excellence in ministry *That Their Work Will Be a Joy* Cameron Lee, Kurt Fredrickson, 2012-09-01 For those who are called to it pastoral ministry can be a source of deep joy But there are also challenges An increasing number of pastors seem to be burning out under the load Congregations may not be aware of the many and conflicting demands placed on a pastor's time and energies nor the pastor's need for rest and personal support That Their Work Will Be a Joy was written to encourage mutual understanding between pastors and congregations about the stresses of ministry The authors present five principles that will help ministry remain more of a joy than a burden Every chapter contains practical recommendations targeted specifically for pastors congregational leaders and even seminarians preparing for ministry A dozen personal responses to the book written as letters from people in ministry have been collected together at the end The book is helpful as a ministry preparation text a guide for those serving as pastors or as a discussion starter for pastors support groups It will help church committees smooth a pastoral transition or calm seminary graduates anticipating their first placement The hope is that stressed out pastors will recover their sense of vocation and congregations will begin to fulfill their calling as the body of Christ *The Right Road* Gwen Wagstrom Halaas, 2004-01-01 Many clergy are in startlingly bad health Not only do they regularly report depression stress and serious family and financial problems they also exhibit higher than normal incidences of obesity high cholesterol levels inactivity high blood pressure and heart disease How effective can professionals in ministry be with such debilities and vulnerabilities Are clergy too busy helping others to take care of themselves Gwen Halaas's caring and savvy book addresses clergy health directly clergy have a spiritual as well as physical need to care for themselves to live to the fullest to ensure that they enjoy the life and gifts God gave them Building her brief practical book around the wellness wheel Halaas emphasizes not just healthy eating but a whole array of life affirming choices for clergy Halaas provides the tools for clergy to choose growth and well being over burnout and decline With this practical and upbeat volume clergy can begin to put their own lives in perspective and keep themselves in training for a godly life 1 Timothy 4:7 **Resilient Ministry** Bob Burns, Tasha D.
