Epstein,2013-10-15 First Published in 2000 This is a collection of essays that look at the Constitutional protection of private property and freedom of contract and forms part of the Liberty Property and Law series where the materials in this collection are drawn from many disciplines including economics law philosophy and political science *Property Rights* Kaitlin Scirri,2017-12-15 Owning property comes with certain rights although these privileges sometimes clash with other rules and laws such as environmental regulations Readers will learn about how this right is protected by the Constitution and state and federal laws what its limitations are and how this affects the regular citizen every day *Private Property and the Constitution* James Huffman,2013-12-05 This book details the relationship between private property and government As private property is important to both individual welfare and the public interest the book provides an intellectual framework for the analysis and resolution of contemporary property rights disputes Private Property Rights Paul Ruschmann,Maryanne Nasiatka,2007 What sort of rights are entailed in the ownership of private property Exploring this debate this objective guide aims to enhance readers understanding of this pivotal issue The Public Nature of Private Property Michael Diamond,2016-02-24 What exactly is private property Or to ask the question another way what rights to intrude does the public have in what is

generally accepted as private property The answer perhaps surprisingly to some is that the public has not only a significant interest in regulating the use of private property but also in defining it and establishing its contour and texture In *The Public Nature of Private Property* therefore scholars from the United States and the United Kingdom challenge traditional conceptions of private property while presenting a range of views on both the meaning of private property and on the ability some might say the requirement of the state to regulate it Private and Common Property Richard A. Epstein,2013-10-08 First published in 2000 The materials in this collection are drawn from many disciplines including economics law philosophy and political science Yet they are all directed to a topic that is worthy of examination from multiple perspectives *Liberty Property and the Law* Stated in this general form this topic is as broad as law itself Lawyers must have recourse to the grand principles of economic and social thought but tempered with an awareness of how the novel circumstances of an individual case can call into question some of the elements of the grandest of theories In this volume therefore the emphasis is as much on the points that separate different forms of property as it is on the conceptual theme that links all forms of property rights together *Property Rights 101* Elizabeth Marshall,2015-05-11 Property rights the foundation of everyone s wealth prosperity dreams and ambition There is intellectual property real property life limb and liberty property religions property etc These rights are your property and are to be upheld by the courts the legislators and government So where have all of these rights gone This document explains where your rights come from and how they are to be protected It explains the who what when why and how your rights are being steadily removed It explains what we as a people can do to re establish our rights not only for us but for the future generations We are fighting for humanity and the right to celebrate our freedoms particularly the right of private property *Constitutional Development in China, 1982-2012* Lin Li,Jihong Mo,Guoqiang Zhai,2019-11-29 This volume presents an overview of the evolution of the current Chinese Constitution 1982 and the characteristics of constitutional studies since 1978 Readers are introduced to the basic principles of constitutional system in China and gain insights into the real state of Chinese law allowing them to form their own opinions It will also aid commercial communications with Chinese legal professionals as well as enterprises The book covers a number of topics including the history of constitutional communication between Chinese constitutionalists and the International Association of Constitutional Law since 1981 the most important academic contributions to international conferences concerning constitutional law by Chinese constitutionalists the main characteristics of the current Chinese Constitution in the field of constitutional studies in China the key issues of constitutional practice and implementation in China the challenges of running the fundamental political system of the People s Representative Congress and the characteristics of rule of law specific to China **Law of Property Rights Protection, 2nd Edition** Laitos,2018-11-14 *Law of Property Rights Protection* Limitations on Governmental Powers Second Edition is a comprehensive up to date review of the on going battle between government s desire to regulate and limit private property use and property owners equally powerful desire to avoid
