Right Choices:

Right Choices Galen Manning, 2008-03-31 I'm always inspired when I hear of people who have every reason to fail yet they choose to succeed. Likewise, my heart breaks when I hear of people who have every reason to succeed yet they choose to fail. Fifty-two right ethical choices are highlighted with short stories of personal successes and failures. Each lesson is reinforced with corresponding bullet points. The scripture analysis section is unique, well researched, and easy to understand. The book is appropriate for both youth and adults. All will be enlightened by the realization that you are not a victim of your circumstances. You will always have an opportunity to choose. Galen Manning is a co-owner of Manning Brother's Elk River Farm located at the edge of the Ozarks near Southwest City, MO. A portion of the farmland has remained in the Manning family since 1866. After retiring from Wal-Mart with a career that had spanned twenty-eight years, including twenty-one years in management, Galen and his wife Barbie opened the Right Choices Corn Maze and Pumpkin Patch. L.L.C. Even though the maze is only open to the public for six weeks out of the year, it has already received over 30,000 visitors in its first two seasons of operation. Galen and Barbie are born-again Christians and active members of the Full Gospel Church in Southwest City, MO.

Right Choice Jeanette Bradley M. Ed., 2019-01-31 This Plan of Action section will present the basic concepts of the Right Choice Program The suggestions for how to begin and then carry out the program are presented Part IV deals with Right Choice implementation Since one of the basic concepts is that discipline needs to be taught the teacher needs to set aside time each day to teach the lessons of the Right Choice Program The lessons are written as prompts and suggestions to teach the meaning of the concepts The teacher can elaborate or divide the lessons into small sections as needed to best suit the class's needs Teachers need to be sure that the students understand the concept being presented and then give them the opportunity to practice what is being taught The first thing the teacher needs to establish is his expectations in his classroom It can never be assumed that students know how to act or what to do in every situation
