No. 3, the Square, by Florence Warden Florence Alice James, Florence Warden, 1903 **South Side Girls** Marcia Chatelain, 2015-04-19

In *South Side Girls* Marcia Chatelain recasts Chicago's Great Migration through the lens of black girls. Focusing on the years between 1910 and 1940 when Chicago's black population quintupled, Chatelain describes how Chicago's black social scientists, urban reformers, journalists, and activists formulated a vulnerable image of urban black girlhood that needed protecting. She argues that the construction and meaning of black girlhood shifted in response to major economic, social, and cultural changes and crises and that it reflected parents and community leaders' anxieties about urbanization and its meaning for racial progress. Girls shouldered much of the burden of black aspiration as adults often scrutinized their choices and behavior, and their well-being symbolized the community's moral health. Yet these adults were not alone in thinking about the Great Migration as girls expressed their views as well. Referencing girls' letters and interviews, Chatelain uses their powerful stories of hope, anticipation, and disappointment to highlight their feelings and thoughts, and in so doing, she helps restore the experiences of an understudied population to the Great Migration's complex narrative.

From a Girl's Point of View Lilian Bell, 1897 **The Century** ,1896 **The Ladies' Home Journal** ,1921 **Multi - Girl - Culture** Linda Duits, 2008

In this highly readable book, Linda Duits investigates girl culture in the Dutch multicultural society. Her ethnographic account provides a thick description of life at school, still the most prominent setting for today's youth. She followed young girls of diverse ethnic backgrounds in their transition from primary to secondary school, focusing on the ways they use the body, clothing, and media in their performance of identity. Countering several media hype, including the internet generation, the headscarf debate, and the sexualisation of society, Duits shows how contemporary girl culture is a mundane culture that is reflexively negotiated in an everyday setting.
