Education and Disability in Cross-Cultural Perspective Susan Jeanne Peters, 2013-11-26 A radical departure from previous chronicles of education for people with disabilities this book views special education from a broader perspective Its central thesis is that cultural values and expectations play a dominant role in understanding the structure and function of special education While theories of the social construction of disability have been written about in a growing body of research since the 1960s no attempt has been made to create a cross cultural framework. This work offers such a framework Eight chapters written by educators in each country's educational system cover the following nations China Great Britain Hungary Japan Iran Pakistan United States and Zimbabwe Historical discussions in each chapter provide a context for **Congressional Record** United States. Congress, 1982 The current practice An index and illustrations are also included Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Disability Studies for Human Services Debra Harley, Chris Flaherty, 2020-12-01 Delivers knowledge critical to understanding the multidimensional aspects of working with varied populations with disabilities This is the only introduction to disability book with an interdisciplinary perspective that offers cross disability and intersectionality coverage as well as a special emphasis on many unique populations Comprehensive and reader friendly it provides current evidence based knowledge on the key principles and practice of disability while addressing advocacy the disability rights movement disability legislation public policy and law Focusing on significant trends the book provides coverage on persistent and emerging avenues in disability studies that are anticipated to impact a growing proportion of individuals in need of disability services Woven throughout is an emphasis on psychosocial adaptation to disability supported by case studies and field based experiential exercises. The text addresses the roles and functions of disability service providers It also examines ethics in service delivery credentialing career paths cultural competency poverty infectious diseases and family and lifespan perspectives Reinforcing the need for an interdisciplinary stance each chapter discusses how varied disciplines work together to provide services addressing the whole person Active learning is promoted through discussion boxes self check questions and learning exercises Faculty support includes PowerPoints model syllabitest
