 - A limited right to due process before denial of privileges

Rights Of The Imprisoned

**David Sobel, Peter Vallentyne, Steven
Wall**

Rights Of The Imprisoned:

Parental Imprisonment and Children's Rights Fiona Donson, Aisling Parkes, 2021-03-30 This book brings together internationally renowned academics and professionals from a variety of disciplines who in a variety of ways seek to understand the legal conceptual and practical consequences of parental imprisonment through a children's rights lens. Children whose parents have been incarcerated are often referred to as invisible victims of crime and the penal system. It is well accepted that the imprisonment of a parent even for a short period of time not only negatively affects the lives of children but it can also result in a gross violation of their fundamental human rights such as the right of access to their parent and the right to have an input into decision making processes affecting them the outcomes of which will without doubt affect the life of the child concerned. This collection foregrounds the voice of these children as it explores transdisciplinary boundaries and examines the practice and development of the rights of both children and their families within the wider dynamic of criminal justice and penology practice. The text is divided into three parts which are dedicated to 1 hearing the voices of children with parents in prison 2 understanding to what extent children's rights informs prison policy and 3 demonstrating how law in the form of children's rights can help frame both court sentencing and prison practice in a way that minimises the harm that contact with the prison system can cause. The research drawn upon in this book has been conducted in a number of European countries and demonstrates both good and bad practice as far as the implementation of children's rights is concerned in the context of parental incarceration. An accessible and compelling read this book will appeal to students and scholars of law children's rights criminology sociology social work psychology penology and all those interested in and working towards protecting the rights of children who have a parent in prison. *Prisoners' Rights* John Kleinig, 2017-07-05 This volume brings together a selection of the most important published research articles from the ongoing debate about the moral rights of prisoners. The articles consider the moral underpinnings of the debate and include framework discussions for a theory of prisoners' rights as well as several international documents which detail the rights of prisoners including women prisoners. Finally detailed analysis of the moral bases for particular rights relating to prison conditions covers areas such as health solitary confinement recreation work religious observance library access the use of prisoners in research and the disenfranchisement of prisoners. *Human Rights and the Detention of Andrei Sakharov*, Update United States. Congress. House. Committee on Foreign Affairs. Subcommittee on International Organizations, 1980

Human Rights In The Administration Of Justice United Nations. Office of the High Commissioner for Human Rights, International Bar Association, 2003-12-01 Independent legal professionals play a key role in the administration of justice and the protection of human rights. Judges prosecutors and lawyers need access to information on human rights standards laid down in the main international legal instruments and to related jurisprudence developed by universal and regional monitoring bodies. This publication which includes a manual and a facilitator's guide seeks to provide a

comprehensive core curriculum on international human rights standards for legal professionals It includes a CD ROM containing the full electronic text of the manual in pdf format

Human Rights in Pre-trial Detention Chandr Mohan Upadhyay,1999 *The Rights of Refugees under International Law* James C. Hathaway,2021-04-22 The only comprehensive analysis of international refugee rights anchored in the hard facts of refugee life around the world Prisoners and Human Rights Dr Upendra Nath Dubey,2023-07-12 The concept of Human Rights is as old as the existence of mankind on this earth These rights were known by different names at different times This book presents thorough knowledge about Human Rights of the Prisoners and it is perhaps the first book of its kind The book is significant from the point of view of lawyers Judges researchers NGOs and all other persons related to protection and promotion of Human Rights of the prisoners at large It may help the Government in introducing changes in its policies so as to provide better treatment to the prisoners The readers can apply findings of the study in India and abroad while doing any work regarding protection and promotion of Human Rights of the prisoners It also deals with the problems which are being faced by different kinds of prisoners Any right will become redundant if there is no machinery for enforcement

Essential Texts on European and International Asylum and Migration Law Gert Vermeulen, Ellen Desmet,2022-12-30 This volume comprises the relevant legal instruments in the area of international and European asylum and migration The range of issues covered is comprehensive human rights nationality and statelessness equal treatment non discrimination racism and xenophobia citizenship residence and free movement borders border management and entry visa and passenger data labour migration family reunification asylum subsidiary and temporary protection irregular migration and trafficking in human beings The texts have been ordered according to the multilateral co operation level within which they were drawn up either the United Nations the Council of Europe or the European Union including Schengen level instruments This edition provides practitioners authorities policy makers scholars and students throughout Europe with an accurate and up to date compilation of essential texts on asylum and migration matters All texts have been updated until 12 December 2022

The Use of Preventive Detention Laws in Malaysia: A Case for Reform M. Ehteshamul Bari, Safia Naz,2020-07-07 This book examines the extraordinary nature of the power of preventive detention which permits executive dispensation of the personal liberty of an individual on the mere apprehension that if free and unfettered he may commit acts prejudicial to national security or public order In light of the extraordinary scope of this power it therefore contends that the scope of the power should be confined to genuine emergencies threatening the life of the nation Against the above background this book sheds light on the fact that Article 149 of the Federal Constitution of Malaysia empowers the Parliament to enact preventive detention laws authorizing the executive branch of government to preventively detain individuals without the precondition of an emergency Furthermore the Constitution does not stipulate adequate safeguards for mitigating the harshness of preventive detention laws This book makes it manifestly evident that the weaknesses of the constitutional provisions concerning preventive detention have enabled succeeding

generations of executives in Malaysia to not only enact a series of preventive detention statutes for arrogating to themselves wide powers concerning preventive detention but also to rely on them for arbitrarily detaining their political adversaries. Consequently on the basis of this analysis this book puts forward concrete recommendations for insertion in the Constitution detailed norms providing for legal limits on the wide power of the executive concerning preventive detention. The insertion of such norms would ensure the maintenance of a delicate balance between protecting national interests and simultaneously observing respect for an individual's right to protection from arbitrary deprivation of liberty. This book is useful for academics and students of comparative constitutional law, human rights and Asian law. The extensive law reform analysis undertaken in this book also greatly benefits the policy makers in Malaysia and the policy makers of constitutional polities facing similar problems with the issue of circumscribing the scope of the powers concerning preventive detention.

Essential Texts on European and International Asylum and Migration Law and Policy (2nd revised edition) Gert Vermeulen, Ellen Desmet, 2019. This volume comprises the relevant legal instruments and principal policy documents in the area of international and European asylum and migration including the latest versions of pending legislative proposals. The range of issues covered is comprehensive: human rights, nationality and statelessness, equal treatment, non-discrimination, racism and xenophobia, citizenship, residence and free movement, borders, border management and entry visa and passenger data, labour migration, family reunification, asylum subsidiary and temporary protection, irregular migration and trafficking in human beings. The texts have been ordered according to the multilateral co-operation level within which they were drawn up: either the United Nations, the Council of Europe or the European Union, including Schengen level instruments. This edition provides practitioners, authorities, policy makers, scholars and students throughout Europe with an accurate up-to-date and forward-looking compilation of essential texts on asylum and migration matters. All texts have been updated until 20 December 2018.

Oxford Studies in Political Philosophy Volume 4 David Sobel, Peter Vallentyne, Steven Wall, 2018. This is the fourth volume of Oxford Studies in Political Philosophy. The series aims to publish some of the best contemporary work in the vibrant field of political philosophy and its closely related subfields including jurisprudence, normative economics, political theory in political science departments and just war theory.

Encyclopedia of Global Studies Helmut K. Anheier, Mark Juergensmeyer, 2012-03-09. With all entries followed by cross references and further reading lists, this current resource is ideal for high school and college students looking for connecting ideas and additional sources on them. The work brings together the many facets of global studies into a solid reference tool and will help those developing and articulating an ideological perspective. Library Journal: The Encyclopedia of Global Studies is the reference work for the emerging field of global studies. It covers both transnational topics and intellectual approaches to the study of global themes including the globalization of economies and technologies, the diaspora of cultures and dispersion of peoples, the transnational aspects of social and political change, the global impact of environmental, technological and health changes and the organizations and

issues related to global civil society Key Themes Global civil society Global communications transportation technology Global conflict and security Global culture media Global demographic change Global economic issues Global environmental and energy issues Global governance and world order Global health and nutrition Global historical antecedents Global justice and legal issues Global religions beliefs ideologies Global studies Identities in global society Readership Students and academics in the fields of politics and international relations international business geography and environmental studies sociology and cultural studies and health **Encyclopedia of Human Rights** Edward H. Lawson,1996 Preface to the first edition

Immigration Detention and Human Rights Galina Cornelisse,2010 Practices of immigration detention in Europe are largely resistant to conventional forms of legal correction By rethinking the notion of territorial sovereignty in modern constitutionalism this book puts forward a solution to the problem of legally permissive immigration detention **The Violence of Incarceration** Phil Scraton,Jude McCulloch,2023-04-21 Conceived in the immediate aftermath of the humiliations and killings of prisoners in Afghanistan and Iraq of the suicides and hunger strikes at Guantanamo Bay and of the disappearances of detainees through extraordinary rendition this book explores the connections between these shameful events and the inhumanity and degradation of domestic prisons within the allied states including the USA Canada Australia the UK and Ireland The central theme is that the revelations of extreme brutality perpetrated by allied soldiers represent the inevitable end product of domestic incarceration predicated on the use of extreme violence including lethal force Exposing as fiction the claim to the political moral high ground made by western liberal democracies is critical because such claims animate and legitimate global actions such as the war on terror and the indefinite detention of tens of thousands of people by the United States which accompanies it The myth of moral virtue works to hide silence minimize and deny the brutal continuing history of violence and incarceration both within western countries and undertaken on behalf of western states beyond their national borders *Remarks on the Law of Imprisonment for Debt* Thomas Herttell,1823 **Advancing Children's Rights in Detention** Ursula Kilkelly,Pat Bergin,2021-11-02 The UN Global Study on Children Deprived of Liberty detailed many children s poor experiences in detention highlighting the urgent need for reform Applying a child centred model of detention that fulfils the rights of the child under the five themes of provision protection participation preparation and partnership this original book illustrates how reform can happen Drawing on Ireland s experience of transforming law policy and practice and combining theory with real life experiences this compelling book demonstrates how children s rights can be implemented in detention This important case study of reform presents a powerful argument for a progressive rights based approach to child detention Worthy of international application the book shares practical insights into how theory can be translated into practice **Prisons and Imprisonment** Cormac Behan,Abigail Stark,2023-01-01 This textbook examines prisons and imprisonment Historically prisons and prisoners have been a source of interest to the general public However despite near universal acceptance of imprisonment as a feature of society we know relatively little

about the reality of prison life or the effects it has on individuals and communities Using academic scholarship empirical research government papers policy reports and accounts from lived experiences of the institution this book analyses the complexities and contradictions of prison life the place of the prison in twenty first century society and its prospects for the future This book will introduce readers to key debates surrounding the use of imprisonment and challenge readers to interrogate conventional perspectives on an institution that reflects the society in which it is situated **Micro-thesauri A Tool for Documenting, English** ,2001 The Micro thesauri are a collection of documents developed by HURIDOCS or adapted from various sources to be used in conjunction with HURIDOCS Events Standard Formats manual The thesauri can be used to document human rights violations to facilitate database design and to encourage standardized information exchange *Human Rights and Justice for All* Carrie Walling,2022-02-16 Human rights is an empowering framework for understanding and addressing justice issues at local domestic and international levels This book combines US based case studies with examples from other regions of the world to explore important human rights themes the equality universality and interdependence of human rights the idea of international crimes strategies of human rights change and justice and reconciliation in the aftermath of human rights violations From Flint and Minneapolis to Xinjiang and Mt Sinjar this book challenges a wide variety of readers students professors activists human rights professionals and concerned citizens to consider how human rights apply to their own lives and equip them to be changemakers in their own communities
