burgeoning powers begin to develop into something that can't be hidden Cara realises that something more significant than a faery promise is needed to protect her family It's time for her to build on what she started in Sadler's court But although the game is seductive the price of winning might be too costly for a human to pay Blight As the blight spreads destroying the land Cara's new subjects turn on her and Brendan and Drake are no longer there to help her The Darksiders thought she'd be pliable or maybe even a miracle worker and it's not as easy to scrub away Sadler's influence as she thought But Scarlet isn't her only priority any more and once the ceremony to swear her in as regent is done it'll be time for Cara to join forces with the kings find a way to stop the blight and prove to the fae that she can be the leader they need It took a Darksider to steal the throne it'll take a faery queen to keep it Kings Set between books five and six in the Chaos series Kings is a brief look into the lives of Drake and Brendan After sealing the rift Drake hears word of his wife's sickness only to find that the cause is exactly what unites his enemies against him Brendan's journey across unexplored waters is only beginning and if he finds what he's looking for he'll owe a determined woman a throne by his side But can he do it Whatever course of action is taken next they will change their world Sacrifice As a king's life hangs in the balance alliances are made then broken Only trickery can help Cara protect those she cares about but when her enemies show their true face she realises the truth every distraction feeds Chaos Cara's not the only one searching for a legendary treasure not the only one reaching for power The journey's not over but at the end of every path lies Sacrifice
