appear and do not appear all things in all ways Throughout the history of philosophy various attempts have been made to make sense of Plato's puzzling dialectical exercise In this ambitious book Andrew Cutrofello shows how Kant and Hegel extended it how contemporary philosophers including Graham Priest and Alain Badiou have reinterpreted it and how poets such as Dante Shakespeare Blake Wordsworth and Susan Howe have channeled it What emerges is an original conception of the history of metaphysics as a series of antinomies and of metaphysical poetry as a type of antinomianism *Parallel Lives* Jeffrey Meyers, 2024-07-02 *Parallel Lives* covers the century from the birth of Sigmund Freud in 1856 to the death of Sylvia Plath in 1963 Written by the esteemed biographer and literary critic Jeffrey Meyers the book includes European American and Russian authors and artists film directors and actors children and soldiers friends and lovers rivals and enemies Drawing on the bifocal principle of dual composition in Plutarch these brief lives are arranged in pairs to interact with each other and illuminate their subjects similarities characters and friendships The linked structure of *Parallel Lives* allows several major figures Sigmund Freud Evelyn Waugh Edmund Wilson Vladimir Nabokov Ernest Hemingway and Seamus Heaney to appear in multiple chapters The most violent friendship ended when Verlaine shot Rimbaud and went to prison and Rimbaud crawled back from Africa to die miserably in France The most brilliant friendship broke up when Wilson attacked Nabokov's edition of Alexander Pushkin The most moving connection was Audrey Hepburn's tender and sympathetic attachment to her soul sister Anne Frank Using mirror images reveals a new way to perceive these illustrious men and women Each chapter shifts the focus back and forth between two subjects comparing them changing perspective reevaluating similarities and contrasts With vivid details and dramatic events Meyers emphasizes the backgrounds intellectual influences and personality traits of his paired subjects By examining the complex motives for irrational behavior ranging from deep affection to intense hostility warm encouragement to bitter rivalry sometimes together in the same chapter *Parallel Lives* offers insights into the dynamics of complementary characters **RE: Reading the Postmodern** Robert David Stacey, 2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country's non-monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open-ended pursuit of truth as a multiple possibility as outlined by Jean-François Lyotard In fact long before Lyotard published his influential work *The Postmodern Condition* in 1979 Canadian writers and critics were employing the term to describe a new kind of writing **RE: Reading the Postmodern** marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope *Shakespeare and Impure Aesthetics* Hugh Grady, 2009-08-13 *Shakespeare and Impure Aesthetics* explores ideas about art implicit in

Shakespeare's plays and defines specific Shakespearean aesthetic practices in his use of desire death and mourning as resources for art Hugh Grady draws on a tradition of aesthetic theorists who understand art as always formed in a specific historical moment but as also distanced from its context through its form and Utopian projections Grady sees *A Midsummer Night's Dream* *Timon of Athens* *Hamlet* and *Romeo and Juliet* as displaying these qualities showing aesthetic theory's usefulness for close readings of the plays The book argues that such social minded impure aesthetics can revitalize the political impulses of the new historicism while opening up a new aesthetic dimension in the current discussion of Shakespeare

The Oriental Obscene Sylvia Shin Huey Chong, 2012 This book explores the impact of media representations of violence during the Vietnam War on people in the U S specifically how images of violence done to and by the Vietnamese were traumatic in ways that deeply affected the American psyche

The Flesh of Images Mauro Carbone, 2015-09-23 Highlights Merleau Ponty's interest in film and connects it to his aesthetic theory In *The Flesh of Images* Mauro Carbone begins with the point that Merleau Ponty's often misunderstood notion of flesh was another way to signify what he also called Visibility Considering vision as creative voyance in the visionary sense of creating as a particular presence something which as such had not been present before Carbone proposes original connections between Merleau Ponty and Paul Gauguin and articulates his own further development of the new idea of light that the French philosopher was beginning to elaborate at the time of his sudden death Carbone connects these ideas to Merleau Ponty's continuous interest in cinema an interest that has been traditionally neglected or circumscribed Focusing on Merleau Ponty's later writings including unpublished course notes and documents not yet available in English Carbone demonstrates both that Merleau Ponty's interest in film was sustained and philosophically crucial and also that his thinking provides an important resource for illuminating our contemporary relationship to images with profound implications for the future of philosophy and aesthetics Building on his earlier work on Marcel Proust and considering ongoing developments in optical and media technologies Carbone adds his own philosophical insight into understanding the visual today
