**Hurt You** Marie Myung-Ok Lee, 2023-05-16 With echoes of Marieke Nijkamp and Jason Reynolds acclaimed author Marie Myung Ok Lee's stunning YA homage to Steinbeck's *Of Mice and Men* tells the tragic story of a Korean American teen who fights to protect herself and her neurodivergent older brother from a hostile community Moving beyond the quasi fraternal bond of the unforgettable George and Lenny from *Of Mice and Men* *Hurt You* explores the actual sibling bond of Georgia and Leonardo da Vinci Daewoo Kim who has an unnamed neurological disability that resembles autism The themes of race disability and class spin themselves out in a suburban high school where the Kim family has moved in order to access better services for Leonardo Suddenly unmoored from the familiar including the support of her Aunt Clara Georgia struggles to find her place in an Asian majority school where whites still dominate culturally and she finds herself feeling not Korean enough Her one pole star is her commitment to her brother a loyalty that finds itself at odds with her immigrant parents' dreams for her and an ableist racist society that may bring violence to Leonardo despite her efforts to keep him safe *Hurt You* is a deep exploration of family society and the bond between siblings and reflects the reality that people with intellectual disabilities are far more likely to be the victim of a violent crime not the perpetrator

*American Agriculturist*, 1865 *The New Oxford Thesaurus of English* Patrick Hanks, 2000 *The New Oxford Thesaurus of English* is a completely new and unique top of the range thesaurus It is the result

of intensive research and exploitation of Oxford's unique bank of linguistic databases. It provides comprehensive coverage of English as it is used today including World English and rare unusual and colloquial senses. The A-Z format, elegant open design with new elements starting on a new line and the most useful alternative words given first, make this thesaurus particularly accessible. Help on how to use senses correctly is given through practical example phrases and the cross-referencing system takes the user to other useful entries. Opposite and related words and combining forms are clearly marked to distinguish them from the rest of the entry. In-text notes give invaluable advice on the use of awkward and confusable synonyms and boxed noun lists provide a wealth of information on a wide variety of subjects from actors and actresses to types of whisky.
