Frederic Richard Lees, 1886 Women and Work Christine Leiren Mower, Susanne Weil, 2010-08-11 While issues surrounding women and work may be more subtle today than in the past problems of workplace equity child rearing and domestic labor pose problems of balance that continue to evade solution as women today face substantial shifts in the meanings and practices of marriage work and reproduction amid a globalized economy The essays in Women and Work The Labors of Self Fashioning explore how nineteenth and twentieth century US and British writers represent the work of being women where work is defined broadly to encompass not only paid labor inside and outside the home but also the work of performing femininity and domesticity How did nineteenth and twentieth century US and British writers revise then contemporary social assumptions about who should be performing work and for what purpose How fully did these writers perceive the class implications of their arguments for taking jobs outside the home How does work both inside and outside the home contribute to female identity and conversely how does it promote what legal theorist Kenji Yoshino terms the demands of covering women's strategic use of stereotypes of femininity and masculinity to succeed in the marketplace In articles appropriate for both upper level undergraduate and graduate students in literature and literary history women's studies feminist and gender studies contributors engage these questions covering both canonical and popular middlebrow nineteenth and twentieth century writers such as Gilman Cather Alcott Schreiner Wharton Le Sueur Gissing Wood Lewis and Mitchell Women and Work will also interest scholars concerned with this developing discourse **In the Company of Radical Women Writers** Rosemary Hennessy, 2023-08-08 Recovering the bold voices and audacious lives of women who confronted capitalist society's failures and injustices in the 1930s a decade unnervingly similar to our own In the Company of Radical Women Writers rediscovers the political commitments and passionate advocacy of seven writers Black Jewish and white who as young women turned to communism around the Great Depression and over decades of national crisis spoke to issues of labor land and love in ways that provide urgent thought provoking guidance for today Rosemary Hennessy spotlights the courageous lives of women who confronted similar challenges to those we still face exhausting and unfair labor practices unrelenting racial injustice and environmental devastation As Hennessy brilliantly shows the documentary journalism and creative and biographical writings of Marvel Cooke Louise Thompson Patterson Claudia Jones Alice Childress Josephine Herbst Meridel Le Sueur and Muriel Rukeyser

recognized that life is sustained across a web of dependencies that we each have a duty to maintain Their work brought into sharp focus the value and dignity of Black women s domestic work confronted the destructive myths of land exploitation and white supremacy and explored ways of knowing attuned to a life giving erotic energy that spans bodies and relations In doing so they also expanded the scope of American communism By tracing the attention these seven women pay to life making as the relations supporting survival and wellbeing from Harlem to the American South and Midwest In the Company of Radical Women Writers reveals their groundbreaking reconceptions of the political and provides bracing inspiration in the ongoing fight for justice

Better Red Constance Coiner,1995-03-30 *Better Red* is an interdisciplinary study addressing the complicated intersection of American feminism and the political left as refracted in Tillie Olsen s and Meridel Le Sueur s lives and literary texts The first book length study to explore these feminist writers ties to the American Communist Party it contributes to a reenvisioning of 1930s U S Communism as well as to efforts to promote working class writing as a legitimate category of literary analysis At once loyal members of the male dominated Communist party and emerging feminists Olsen and Le Sueur exhibit in their writing tendencies both toward and away from Party tenets and attitudes at points subverting formalist as well as orthodox Marxist literary categories By producing working class discourse Olsen and Le Sueur challenge the bourgeois assumptions often masked as classless and universal of much canonical literature and by creating working class women s writing they problematize the patriarchal nature of the Left and the masculinist assumptions of much proletarian literature anticipating the concerns of second wave feminists a generation later

How to Become an American Daniel Wolff, 2022-12-13 An odyssey from pre Civil War Charleston to post World War II Minneapolis through Jewish immigrants eyes The histories of US immigrants do not always begin and end in Ellis Island and northeastern cities Many arrived earlier and some migrated south and west fanning out into their vast new country They sought a renewed life fresh prospects and a safe harbor despite a nation that was not always welcoming and not always tolerant How to Become an American begins with an abandoned diary and from there author Daniel Wolff examines the sweeping history of immigration into the United States through the experiences of one unnamed seemingly unremarkable Jewish family and in the process makes their lives remarkable It is a deeply human odyssey that journeys from pre Civil War Charleston South Carolina to post World War II Minneapolis Minnesota In some ways the family s journey parallels that of the nation as it struggled to define itself through the Industrial Age A persistent strain of loneliness permeates this story and Wolff holds up this theme for contemplation In a country that prides itself on being a nation of immigrants where all men are created equal why do we end up feeling alone in the land we love
