Roth, 2014-10-15 From an eye for an eye to debates over capital punishment humanity has a long and controversial relationship with doling out justice for criminal acts Today crime and punishment remain significant parts of our culture but societies vary greatly on what is considered criminal and how it should be punished In this global survey of crime and punishment throughout history Mitchel P Roth examines how and why we penalize certain activities and he scrutinizes the effectiveness of such efforts in both punishing wrongdoers and bringing a sense of justice to victims Drawing on anthropology archaeology folklore and literature Roth chronicles the global history of crime and punishment from early civilizations to the outlawing of sex crimes and serial homicide to the development of organized crime and the threat today of global piracy He explores the birth of the penitentiary and the practice of incarceration as well as the modern philosophy of rehabilitation arguing that these are perhaps the most important advances in the effort to safeguard citizens from harm Looking closely at the retributions societies have condoned Roth also look at execution and its many forms showing how stoning hemlock the firing squad and lethal injection are considered either barbaric or justified across different cultures Ultimately he illustrates that despite advances in every level of human experience there is remarkable continuity in what is considered a crime and the sanctions administered Perfect for students academics and general readers alike this interdisciplinary book provides a fascinating look at criminality and its consequences **Serial Killing on Screen** Sarah E. Jack the Ripper & the London Press L. Perry Curtis, 2020-08-11 Breaks new ground in its examination of the role of newspaper reporting during the police hunt for the first notorious serial killer Reviews in History Press coverage of the 1888 mutilation murders attributed to Jack the Ripper was of necessity filled with gaps and silences for the killer remained unknown and Victorian journalists had little experience reporting serial murders and sex crimes This engrossing book examines how fourteen London newspapers dailies and weeklies highbrow and lowbrow presented the Ripper news in the process revealing much about the social political and sexual anxieties of late Victorian Britain and the role of journalists in reinforcing social norms L Perry Curtis surveys the mass newspaper culture of the era delving into the nature of sensationalism and the conventions of domestic murder news Analyzing the fourteen newspapers two of which emanated from the East End where the murders took place he shows how journalists played on the fears of readers about law and order by dwelling on lethal violence rather than sex offering gruesome details about knife injuries but often withholding some of the more intimate details of the pelvic mutilations He also considers how the Ripper news affected public perceptions of social conditions in Whitechapel The apparently motiveless violence of the Whitechapel killings denied journalists a structure and it is the resulting creativity in news reporting that L Perry Curtis Jr describes His impressive book makes a genuine contribution to 19th century history in a way that books addressing the banal question of the identity of the Ripper do not The Guardian

Lethal Repetition Richard Dyer,2015-11-29 Serial killing is an extremely rare phenomenon in reality that is none theless remarkably widespread in the cultural imagination Moreover despite its rarity it is also taken to be an expression of characteristic aspects of humanity masculinity or our times Richard Dyer investigates this paradox focusing on the notion at its heart seriality He considers the aesthetics of the repetition of nastiness and how this relates to the perceptions and anxieties that images of serial killing highlight in the societies that produce them Shifting the focus away from the US which is often seen as the home of the serial killer Lethal Repetition instead examines serial killing in European culture and cinema ranging from Scandinavia to the Mediterranean and from Britain to Romania Spanning all brows of cinema including avant garde art mainstream and trash Dyer provides case studies on Jack the Ripper the equation of Nazism with serial killing and the Italian giallo film to explore what this marginal and uncommon crime is being made to mean on European screens
