## **Rise Fall Of The House Of Medici:**

*The House Of Medici* Christopher Hibbert, 2012-07-17 It was a dynasty with more wealth passion and power than the houses of Windsor Kennedy and Rockefeller combined It shaped all of Europe and controlled politics scientists artists and even popes for three hundred years It was the house of Medici patrons of Botticelli Michelangelo and Galileo benefactors who turned Florence into a global power center and then lost it all The House of Medici picks up where Barbara Tuchman's Hibbert delves into the lives of the Medici family whose legacy of increasing self indulgence and sexual dalliance eventually led to its self destruction With twenty four pages of black and white illustrations this timeless saga is one of Quill's strongest selling paperbacks

*The Rise and Fall of the House of Medici* Christopher Hibbert, 1979 **The Rise and Fall of the House of Medici**, 1996 **The Ugly Renaissance** Alexander Lee, 2015-10-27 The Ugly Renaissance is a delightfully debauched tour of the sordid gritty reality behind some of the most celebrated artworks and cultural innovations of all time Tourists today flock to Italy by the millions to admire the stunning achievements of the Renaissance paintings statues and buildings that are the legacy of one of the greatest periods of cultural rebirth and artistic beauty the world has ever seen But beneath the elegant surface lurked a seamy vicious world of power politics perversity and corruption In this meticulously researched and lively portrait Renaissance scholar Alexander Lee illuminates the dark and titillating contradictions that existed alongside the enlightened spirit of the time the scheming bankers greedy politicians bloody rivalries murderous artists religious conflicts rampant disease and indulgent excess without which many of the most beautiful monuments of the Renaissance would never have come into being

*Arretium (Arezzo)* Ingrid Edlund-Berry, Cristiana Zaccagnino, 2025-01-07 A comprehensive examination of the history and excavation of the Etruscan city of Arretium Beneath the Italian city of Arezzo lie the remains of Etruscan Arretium This volume the first comprehensive treatment of excavations at Arretium gathers the most up to date scholarship on the city and delves into key archaeological discoveries and the stories they tell about life in the Etruscan world Chapters explore local history including the city's complex political exchanges with Rome Etruscan religion Arretium's role as a center of the arts and the challenges of excavation amid the bustle of European urban modernity Editors Ingrid Edlund Berry and Cristiana Zaccagnino have gathered chapters by expert contributors that detail Arretium's material culture including the city's famed pottery Arretine ware which was known across the Mediterranean terracotta pieces depicting gods and other supernatural beings and exquisite bronze work most notably the piece now known as the Chimaera of Arezzo One of the few Etruscan cities that continued flourishing after the Roman takeover Arretium proves to be a trove of archaeological riches and of the historical insights they reveal

*A History of Credit and Power in the Western World* Scott B. MacDonald, Albert L. Gastmann, 2001 This volume examines the evolution of credit in the western world and its relationship to power Spanning several centuries of human endeavour it focuses on western Europe and the United States and also considers how the western system became the global credit system

**The Cinema of Ermanno Olmi** Ian

Pettigrew,2020-11-13 Ermanno Olmi is one of cinema s great unsung filmmakers Emerging onto the Italian art film scene just as the last canonical neo realist movies were released in the late 1950s and early 1960s several of Olmi s films including Il Posto 1961 The Tree of Wooden Clogs 1978 and The Legend of the Holy Drinker 1988 won top prizes at Cannes and Venice However the majority of his work has remained unappreciated This the first English language book on Olmi explores the director s style and evolving environmentalism from his early institutional short films made while working at an Italian energy company to his 19 feature films

Seeking God in the Works of T. S. Eliot and Michelangelo

Harry Eiss,2017-05-11 Do I dare disturb the universe It is a question recognized by people around the world If typed into the internet hundreds of examples appear Many know that it comes from one of the best known poems of the twentieth century T S Eliot s The Love Song of J Alfred Prufrock What many do not know is that Eliot dramatically shifted his views at the height of his fame for writing such dark poetry as this and his also famous The Wasteland becoming a sincere devoted Christian While his poetry is famous because it expresses the loss of a spiritual center in European civilization a careful reading of it reveals that he was struggling with his Christianity from the beginning not rejecting it but trying to make it fit into the contemporary world If a reader works through his love song for all of the esoteric meanings as he demands it quickly becomes evident that he intended it as a struggle between agape amour and eros Beginning it with a quote from Dante forces that into place Though the protestant forms of Christianity have changed their views on these the Roman Catholic holds fast

Eliot references Michelangelo in the poem bringing in the great painter of the ceiling of the Sistine Chapel Most immediately recognize his name and work Many do not realize how he expressed a similar personal struggle between the desires of the flesh and the spirit Both of them admired Dante s Divine Comedy and its inclusion of amour as a means to salvation His work is generally seen as the greatest literature ever to come out of Italy sometimes referred to as the epic representation of St Thomas Aquinas Summa Theologica one of the central documents establishing Catholic doctrine This book explores how these brilliant men struggle with the highest meanings of life in their artistic expressions and perhaps manage to express what Rudolph Otto designates the *mysterium tremendum* the experience of a mystical awe what he calls the numinous or in more common terms the experience of God     Floridoro Moderata Fonte,2007-11-01 The first original chivalric poem written by an Italian woman Floridoro imbues a strong feminist ethos into a hypermasculine genre Dotted with the usual characteristics dark forests illusory palaces enchanted islands seductive sorceresses Floridoro is the story of the two greatest knights of a bygone age the handsome Floridoro who risks everything for love and the beautiful Risamante who helps women in distress while on a quest for her inheritance Throughout Moderata Fonte 1555-92 vehemently defends women s capacity to rival male prowess in traditionally male dominated spheres And her open criticism of women s lack of education is echoed in the plights of various female characters who must depend on unreliable men First published in 1581 Floridoro remains a vivacious and inventive narrative by a singular poet     **The Florentines** Paul Strathern,2021-07-06 A sweeping and magisterial four hundred year history of both the city and the people who gave birth to the Renaissance Between the birth of Dante in 1265 and the death of Galileo in 1642 something happened that transformed the entire culture of western civilization Painting sculpture and architecture would all visibly change in such a striking fashion that there could be no going back on what had taken place Likewise the thought and self conception of humanity would take on a completely new aspect Sciences would be born or emerge in an entirely new guise The ideas that broke this mold began and continued to flourish in the city of Florence in northern central Italy These ideas which placed an increasing emphasis on the development of our common humanity rather than other worldly spirituality coalesced in what came to be known as humanism This philosophy and its new ideas would eventually spread across Italy yet wherever they took hold they would retain an element essential to their origin And as they spread further across Europe this element would remain Transformations of human culture throughout western history have remained indelibly stamped by their origins The Reformation would always retain something of central and northern Germany The Industrial Revolution soon outgrew its British origins yet also retained something of its original template Closer to the present the IT revolution that began in Silicon Valley remains indelibly colored by its Californian origins Paul Strathern shows how Florence and the Florentines themselves played a similarly unique and transformative role in the Renaissance     **Three Golden Ages** Alf J. Mapp,1998-11-13 In this intriguing book best selling author Alf Mapp Jr explores three periods in Western history that exploded with creativity Elizabethan England

Renaissance Florence and America's founding What enabled these societies to make staggering jumps in scientific knowledge develop new political structures or create timeless works of art **The Power of Art** Caroline

Campbell, 2023-10-12 To read most histories of art you might be forgiven for supposing that great artists are superhuman and the knowledge of different movements periods and styles is essential to truly appreciate art It's time to look at art in a new way THE POWER OF ART delves into the stories behind remarkable acts of creation in fifteen global cities at pivotal moments of artistic brilliance It shows how art is an integral part of our daily lives embedded in the very fabric of our existence From the enduring wonders of ancient Babylon to the menacing pastel architecture of contemporary Pyongyang eminent curator Caroline Campbell intertwines the stories of artists with the broader social cultural and political landscapes of their time In each vivid episode Campbell reveals how art in all its forms is a testament to humanity's inventiveness and ingenuity it has served our fundamental needs for shelter sustenance spirituality pleasure order and community But it can also evoke envy anger greed and even be used as a means of social control Spanning thousands of years of creativity THE POWER OF ART will ignite your imagination and open your eyes to the art that surrounds us whether it be a painting in a gallery a public sculpture or an everyday object with hidden beauty *The Eye in History* Frank Joseph Goes, 2013-01-30

*The Eye in History* is a comprehensive manual describing the structure and function of the eye ocular disorders and their treatment Beginning with an introduction to anatomy and discussion on different disorders the authors also review eye diseases of famous historical people and perception differences between men and women The final sections discuss eye surgery and future technologies including the bionic eye nanotechnology and gene therapy Edited by Frank Joseph Goes of the Goes Eye Centre in Belgium this multi-authored book has contributions from specialists throughout Europe as well as the USA 830 full colour images and illustrations assist comprehension Key points Comprehensive guide to structure and function of the eye ocular disorders and treatment Includes sections on eye diseases of famous historical people the art of painting and perception Discusses future technologies including bionic eye nanotechnology and gene therapy Edited by Frank Joseph Goes of Goes Eye Centre Belgium with contributions from authors across Europe and the USA Features 830 full colour images and illustrations A Crusade Against the Turks as a Means of Reforming the Church James G. Kroemer, 2024-08-19

In 1513 two Camaldolese hermits Paolo Giustiniani and Pietro Querini presented the newly elected Pope Leo X a Libellus or small book offering a variety of suggestions for what they believed were needed reforms in the Roman Catholic Church Chief among their recommendations was a crusade against the Ottoman Turks and ultimately all of Islam In *A Crusade Against the Turks as a Means of Reforming the Church* Two Camaldolese Hermits Advice for Pope Leo X James G Kroemer introduces the pope who received the Libellus and the hermits who wrote and sent it Kroemer explains why the hermits believed Islam was a danger to Christendom and what their strategy was to cleanse the world of this perceived threat The Augustinian Friar Martin Luther is presented as one who also advocated church reform but questioned using a crusade against Islam as a

means of attaining needed changes This book delves into the desire held by some devout people of faith who wish to achieve what they may consider religious purity at any cost even by force if necessary

**An Art Lover's Guide to Florence** Judith Testa,2012-09-15 No city but Florence contains such an intense concentration of art produced in such a short span of time The sheer number and proximity of works of painting sculpture and architecture in Florence can be so overwhelming that Florentine hospitals treat hundreds of visitors each year for symptoms brought on by trying to see them all an illness famously identified with the French author Stendhal While most guidebooks offer only brief descriptions of a large number of works with little discussion of the historical background Judith Testa gives a fresh perspective on the rich and brilliant art of the Florentine Renaissance in An Art Lover's Guide to Florence Concentrating on a number of the greatest works by such masters as Botticelli and Michelangelo Testa explains each piece in terms of what it meant to the people who produced it and for whom they made it deftly treating the complex interplay of politics sex and religion that were involved in the creation of those works With Testa as a guide armchair travelers and tourists alike will delight in the fascinating world of Florentine art and history
