

# Rise Of The Novel

**Cathy N. Davidson Professor of English  
Duke University**

## Rise Of The Novel:

*The Rise of the Novel* Ian Watt, 2001-06 A classic description of the interworkings of social conditions changing attitudes and literary practices during the period when the novel emerged as the dominant literary form of the individualist era

**The Rise of the Novel** Ian Watt, 1957      *The Rise of the Novel* Ian Watt,      **The Rise of the Novel, Updated Edition** Ian Watt, 2001-06 A classic description of the interworkings of social conditions changing attitudes and literary practices during the period when the novel emerged as the dominant literary form of the individualist era      **The Rise of the Novel** Nicholas Seager, 2017-09-16 Why have scholars located the emergence of the novel in eighteenth century England What historical forces and stylistic developments helped to turn a disreputable type of writing into an eminent literary form This Reader's Guide explores the key critical debates and theories about the rising novel from eighteenth century assessments through to present day concerns Nicholas Seager Surveys major criticism on authors such as Aphra Behn Daniel Defoe Samuel Richardson Henry Fielding and Jane Austen Covers a range of critical approaches and topics including feminism historicism postcolonialism and print culture Demonstrates how critical work is interrelated allowing readers to discern trends in the critical conversation Approachable and stimulating this is an invaluable introduction for anyone studying the origins of the novel and the surrounding body of scholarship      *The Rise of the Novel* Ian P. Watt, 1967      *The Rise of the Novel: Studies in Defoe, Richardson and Fielding* Ian Watt, 2009-07 Reprint of Berkeley University of California Press 1962

*Eighteenth-Century Poetry and the Rise of the Novel Reconsidered* Kate Parker, Courtney Weiss Smith, 2013-12-24 Eighteenth Century Poetry and the Rise of the Novel Reconsidered begins with the brute fact that poetry jostled up alongside novels in the bookstalls of eighteenth century England Indeed by exploring unexpected collisions and collusions between poetry and novels this volume of exciting new essays offers a reconsideration of the literary and cultural history of the period The novel poached from and featured poetry and the modern subjects and objects privileged by rise of the novel scholarship are only one part of a world full of animate things and people with indistinct boundaries Contributors Margaret Doody David Fairer Sophie Gee Heather Keenleyside Shelley King Christina Lupton Kate Parker Natalie Phillips Aran Ruth Wolfram Schmidgen Joshua Swidzinski and Courtney Weiss Smith      *The Rise of the Novel of Manners* Charlotte E.

Morgan, 2010-06-01 Columbia University Press published this Ph D dissertation of Charlotte E Morgan 1882      **The Rise of the Novel of Manners** Charlotte Elizabeth Morgan, 1911      **The Anthology and the Rise of the Novel** Leah Price, 2003-07-17 The Anthology and the Rise of the Novel first published in 2000 brings together two traditionally antagonistic fields book history and narrative theory to challenge established theories of the rise of the novel Leah Price shows that far from leveling class or gender distinctions as has long been claimed the novel has consistently located them within its own audience Shedding new light on Richardson and Radcliffe Scott and George Eliot this book asks why the epistolary novel disappeared how the book review emerged why eighteenth century abridgers designed their books for

women while Victorian publishers marketed them to men and how editors reproduction of old texts has shaped authors production of new ones This innovative study will change the way we think not just about the history of reading but about the genealogy of the canon wars the future of intellectual property and the role that anthologies play in our own classrooms

**Paradise Lost and the Rise of the Novel** Branko Marijanović, 2022-08-17 This book claims that Paradise Lost contains all the traits of the great epics as well as the predominant characteristics of early modern novels and that every history of the novel should acknowledge Milton's unintentional contribution to the development of the genre Milton's Satan is presented as a novelistic character par excellence preceding memorable literary characters of novelistic provenance like Dostoyevsky's Raskolnikov Shelley's monster or Kafka's beetle In addition this book proves that all the elements of modernity like capitalism science all pervasive doubt the absence of unquestionable ideals radical individualism and the insatiable desire for self realization and incessant advancement are inherent to both Paradise Lost and Satan's character Just like a fully developed novelistic character and unlike any epic character in history Satan constantly surprises us by failing exceeding or simply contradicting our expectations As such the book demonstrates that Satan shares more common points with the likes of Tom Jones Moll Flanders or Lovelace than with the traditional epic heroes like Achilles or Aeneas proving that the novel as a genre owes an immense debt to Milton's grand epic and that Satan may be perceived as a precursor of the great novelistic characters

**Parody, Scriblerian Wit and the Rise of the Novel** Przemysław Uściński, 2017-03-31 Parody was a crucial technique for the satirists and novelists associated with the Scriblerus Club The great eighteenth century wits Alexander Pope John Gay Henry Fielding Laurence Sterne often explored the limits of the ugly the droll the grotesque and the insane by mocking distorting and deconstructing multiple discourses genres modes and methods of representation This book traces the continuity and difference in parodic textuality from Pope to Sterne It focuses on polyphony intertextuality and deconstruction in parodic genres and examines the uses of parody in such texts as The Beggar's Opera The Dunciad Joseph Andrews and Tristram Shandy The book demonstrates how parody helped the modern novel to emerge as a critical and artistically self conscious form

Revolution and the Word : The Rise of the Novel in America Cathy N. Davidson Professor of English Duke University, 1987-02-19 Revolution and the Word offers a unique perspective on the origins of American fiction looking not only at the early novels themselves but at the people who produced them sold them and read them It shows how in the aftermath of the American Revolution the novel found a special place among the least privileged citizens of the new republic As Cathy N Davidson explains early American novels most of them now long forgotten were a primary means by which those who bought and read them especially women and the lower classes moved into the higher levels of literacy required by a democracy This very fact Davidson shows also made these people less amenable to the control of the gentry who naturally enough derided fiction as a potentially subversive genre Combining rigorous historical methods with the newest insights of literacy theory Davidson brilliantly reconstructs the complex interplay of politics ideology economics and other social forces

that governed the way novels were written published distributed and understood Davidson also shows in almost tactile detail how many Americans lived during the Constitutional era She depicts the life of the traveling book peddler the harsh lot of the printer the shortcomings of early American schools the ambiguous politics of novelists like Brackenridge and Tyler and the lost lives of ordinary women like Tabitha Tenney and Patty Rogers Drawing on a vast body of material the novels themselves as well as reviews inscriptions in cherished books letters and diaries and many other records Davidson presents the genesis of American literature in its fullest possible context

**The Other Rise of the Novel in Eighteenth-Century French Fiction** Olivier Delers, 2015-09-01 The rise of the novel paradigm and the underlying homology between the rise of a bourgeois middle class and the coming of age of a new literary genre continues to influence the way we analyze economic discourse in the eighteenth century French novel Characters are often seen as portraying bourgeois values even when historiographical evidence points to the virtual absence of a self conscious and coherent bourgeoisie in France in the early modern period Likewise the fact that the nobility was a dynamic and diverse group whose members had learned to think in individualistic and meritocratic terms as a result of courtly politics is often ignored The Other Rise of the Novel calls for a radical revision of how realism the language of self interest and commercial exchanges and idealized noble values interact in the early modern novel It focuses on two novels from the seventeenth century Furetiere's Roman bourgeois and Lafayette's Princesse de Clèves and four novels from the eighteenth century Prevost's Manon Lescaut Graffigny's Lettres d'une Pruvienne Rousseau's La Nouvelle Héloïse and Sade's Les infortunes de la vertu It argues that eighteenth century French fiction does not reflect material culture mimetically and that character action is best analyzed by focusing on the social and discursive exchanges staged by the text rather than by trying to create parallels between specific behavior and actual historical changes The novel produces its own reality by transforming characters and their stories into alternative social models different articulations of how individuals should define their economic relations to others The representation of interpersonal relations often highlights personal conceptions of private interest that cannot be easily reconciled with the traditional narrative of a transition towards economic modernity Realism then is not only about verisimilar storytelling and psychological depth it is an epistemological questioning about the type of access to reality that a particular genre can give its readers

Women and the Rise of the Novel, 1405-1726 J. Donovan, 2016-04-30 Women and the Rise of the Novel 1405 1726 is the first theoretical study of early modern women's contribution to the rise of the novel Named in its first edition an Outstanding Academic Book of the Year by Choice this second expanded edition includes two new chapters that extend its scope to include philosophical writings and memoirs

The Rise of the Novel Ian P. Watt, 1974 The Colonial Rise of the Novel Firdous Azim, 2002-03-11 In this challenging book Firdous Azim provides a feminist critique of orthodox accounts of the rise of the novel and exposes the underlying orientalist assumptions of the early English novel Whereas previous studies have emphasized the universality of the coherent and consistent subject which found expression in the novels of the eighteenth

century Azim demonstrates how certain categories women and people of colour were silenced and excluded The Colonial Rise of the Novel makes an important and provocative contribution to post colonial and feminist criticism It will be essential reading for all teachers and students of English literature women s studies and post colonial criticism *Green Peony and the Rise of the Chinese Martial Arts Novel* Margaret B. Wan, 2009-01-05 Martial arts fiction has been synonymous with popular fiction in China from the Qing dynasty on This book the first to trace the early development of the martial arts novel in China demonstrates that the genre took shape nearly a century earlier than generally recognized Green Peony 1800 one of the earliest martial arts novels lies at the center of a web of literary relations connecting many of the significant genres of fiction in its day Adapted from a drum ballad Green Peony parodies both previous popular fiction and the great Ming novels generating humorous reflection on their values By focusing on popular fiction and popular culture Margaret B Wan argues for the relevance of genre to literary criticism the convergence of popular and elite fiction in the nineteenth century and a general turn from didacticism to entertainment Literary scholars historians and anyone who wishes to know more about Chinese popular culture in the Qing dynasty will benefit from reading this book *The Rise of the Novel* Ian Watt, 1979
