**The Rise and Fall of Modern Black Leadership** Nelson, H. Viscount 'Berky', 2003-05-13 The Rise and Fall of Modern Black Leadership is designed to show how black leaders responded to the omnipresent racism of twentieth century America Although the efforts of black leadership eventually succeeded in eradicating de jure discrimination and brought the nation closer to realizing the idealized tenets of American democracy their achievements occurred at a cost to their influence as leaders of the entire race Synopses appear on the lives of the influential men and women who comprised the leadership cadre so that readers can understand the motives underlying leadership goals and comprehend why the lofty objectives of the Civil Rights Movement remain unfulfilled

**A History of African-American Leadership** John White, Bruce J. Dierenfield, 2014-06-11 The story of black emancipation is one of the most dramatic themes of American history covering racism murder poverty and extreme heroism Figures such as Malcolm X and Martin Luther King are the demigods of the freedom movements both film and household figures This major text explores the African American experience of the twentieth century with particular reference to six outstanding race leaders Their philosophies and strategies for racial advancement are compared and set against the historical framework and constraints within which they functioned The book also examines the grass roots of black protest movements in America paying particular attention to the major civil rights organizations as well as black separatist groups such as the Nation of Islam

*A Crisis of Leadership and the Role of Citizens in Black America* Stephen C.W. Graves, 2016-05-12 A theoretical examination of the concepts of the citizen citizenship and leadership A Crisis of Leadership and the Role of Citizens in Black America Leaders of the New School proposes to develop a prototype or model of effective Black leadership Furthermore it examines citizenship habits of the Black community based on their economic standing educational attainment participation in the criminal justice system and health and family structure It tracks data in these four categories from 1970 to today measuring effective leadership by the improvement or decline in the majority of African Americans standing in these four categories This book concludes that African Americans have negative perceptions of themselves as U S citizens which thus produce bad citizenship habits Additionally ineffective Black leaders since the Civil Rights era have been unwilling to demonstrate the purpose and significance of service particularly to the poor and disadvantaged members of the Black community Contemporary Black

leaders post Civil Rights Era have focused primarily on self promotion careerism and middle class interests A new type of leader is needed one that stresses unity and reinforces commitment to the group as a whole by establishing new institutions that introduce community building

**The Black-White Achievement Gap** Rod Paige,Elaine WITTY,2010-02-01 When it comes to race in America we must face one uncomfortable but undeniable fact Almost 50 years after the birth of the civil rights movement inequality still reigns supreme in our classrooms At a time when African American students trail their white peers on academic tests and experience high dropout rates low college completion rates and a tendency to shy away from majors in hard sciences and mathematics the Black White achievement gap in our schools has become the major barrier to racial equality and social justice in America In fact it is arguably the greatest civil rights issue of our time The Black White Achievement Gap is a call to action for this country to face up to and confront this crisis head on Renowned former Secretary of Education Rod Paige believes we can close this gap In this thought provoking book he and Elaine Witty trace the history of the achievement gap discuss its relevance to racial equality and social justice examine popular explanations and offer suggestions for the type of committed leadership and community involvement needed to close it African American leaders need to rally around this important cause if we are to make real progress since students academic performance is a function not only of school quality but of home and community factors as well The Black White Achievement Gap is an unflinching and long overdue look at the very real problem of racial disparity in our schools and what we must do to solve it

**Invisible Activists** Lee Sartain,2007-04 Behind the historical accounts of the great men of the National Association for the Advancement of Colored People lies the almost forgotten story of the black women who not only participated in the organization but actually helped it thrive in the early twentieth century South In *Invisible Activists* Lee Sartain examines attitudes toward gender class and citizenship of African American activists in Louisiana and women's roles in the campaign for civil rights in the state In the end he argues it was women working behind the scenes in Louisiana's branches of the NAACP who were the most crucial factor in the organization's efficiency and survival During the first half of the twentieth century especially in the darkest days of the Great Depression when membership waned and funds were scarce a core group of women maintained Louisiana's NAACP Fighting on the front line Sartain explains women acted as grassroots organizers running public relations campaigns and membership drives mobilizing youth groups and promoting general community involvement Using case studies of several prominent female NAACP members in Louisiana Sartain demonstrates how women combined their fundraising skills with an extensive network of community and family ties to fund the NAACP and increasingly to undertake the day to day operations of the local organizations themselves Still these women also struggled against the double obstacles of racism and sexism that prevented them from attaining the highest positions within NAACP branch leadership Sartain illustrates how the differences between the sexes were ultimately woven into the political battle for racial

justice where women were viewed as having inherent moral superiority and hence the potential to lift the black population as a whole Sartain concludes that despite the societal traditions that kept women out of leadership positions in the early stages of the civil rights movement their skills and their contributions as community matriarchs provided the keys to the organization's progress Highly original and essential to a comprehensive study of the NAACP Invisible Activists gives voice to the many individual women who sustained the influential civil rights organization during a time of severe racial oppression in Louisiana Without such dedication Sartain asserts the organization would have had no substantial presence in the state

*The Domestication of Martin Luther King Jr.* Lewis V. Baldwin, Rufus Burrow, 2013-07-03 Clarence B Jones close King advisor and draft speechwriter has done much to reinforce a conservative hijacking of King's image with the publication of his controversial books *What Would Martin Say* 2008 and *Behind the Dream* 2011 King emerges from Jones's books not as a prophetic radical who attacked systemic racial injustice economic exploitation and wars of aggression but as a fiercely conservative figure who would oppose affirmative action and illegal immigration *The Domestication of Martin Luther King Jr* offers a critique of Jones's work and the larger effort on the part of right wing conservatives to make King a useful symbol or the sacred aura in a protracted campaign to promote their own agenda for America This work establishes the need to rethink King's legacy of ideas and activism and its importance for our society and culture Contributors include Lewis V Baldwin Rufus Burrow Jr Adam Fairclough Walter Earl Fluker Shirley T Geiger Cheryl A Kirk Duggan Michael G Long Rosetta E Ross George Russell Seay Jr Traci C West

2008 **Spellbound** Molly Worthen, 2025-05-27 What happens when Americans lose faith in their religious institutions and

politicians fill the void From the Puritans to Donald Trump this sweeping history will change your understanding of the forces that create leaders and hold their followers captive Elegant and insightful Spellbound is an important contribution to the urgent project of understanding America in our time Jon Meacham Everyone feels it Cultural and political life in America has become unrecognizable and strange Firebrands and would be sages have taken the place of reasonable and responsible leaders Nuanced debates have given way to the smug confidence of yard signs How did we get here In Spellbound historian Molly Worthen argues that we will understand our present moment if we learn the story of charisma in America From the Puritans and Andrew Jackson to Black nationalists and Donald Trump the saga of American charisma Worthen argues stars figures who possess a dangerous and alluring power to move crowds They invite followers into a cosmic drama where hopes are fulfilled and grievances are put right and these charismatic leaders insist that they alone plot the way The story of charisma in America reveals that when traditional religious institutions fail to deliver on their promise of a meaningful life people will get their spiritual needs met in a warped cultural and political landscape dominated by those who appear to have the power to bring order and meaning out of chaos Charismatic leaders address spiritual needs offering an alternate reality where people have knowledge power and heroic status whether as divinely chosen instruments of God or those who will restore national glory Through Worthen s centuries spanning historical research Spellbound places a crucial religious lens on the cultural economic and political upheavals facing Americans today Choice ,2005
