Josephus Nelson Larned

Rise And Fall Of The Revolution In England:

Varieties of Seventeenth- and Early Eighteenth-Century English Radicalism in Context David

Finnegan, 2016-02-17 The essays in this collection explore a number of significant questions regarding the terms radical and radicalism in early modern English contexts They investigate whether we can speak of a radical tradition and whether radicalism was a local national or transnational phenomenon In so doing this volume examines the exchange of ideas and texts in the history of supposedly radical events ideologies and movements or moments Once at the cutting edge of academic debate radicalism had until very recently fallen prey to historiographical trends as scholars increasingly turned their attention to more mainstream experiences or reactionary forces While acknowledging the importance of those perspectives Varieties of seventeenth and early eighteenth century English radicalism in context offers a reconsideration of the place of radicalism within the early modern period It sets out to examine the subject in original and exciting ways by adopting distinctively new and broader perspectives Among the crucial issues addressed are problems of definition and how meanings can evolve context print culture language and interpretative techniques literary forms and rhetorical strategies that conveyed or deliberately disguised subversive meanings and the existence of a single continuous English radical tradition Taken together the essays in this collection offer a timely reassessment of the subject reflecting the latest research on the theme of seventeenth century English radicalism as well as offering some indications of the phenomenon's transnational contexts Indeed there is a sense here of the complexity and variety of the subject although much work still remains to be done on radicals and radicalism both in early modern England and especially beyond The rise and fall of nations, with portrayals of their great men and women Josephus Nelson Larned, 1907 *An Anatomy of an English Radical Newspaper* Laurent Curelly, 2017-08-21 This book explores the content of The Moderate a radical newspaper of the British Civil Wars published in the pivotal years 1648-9 This newsbook as newspapers were then known is commonly associated with the Leveller movement a radical political group that promoted a democratic form of government While valuable studies have been published on the history of seventeenth century English periodicals as well as on the interaction between these newspapers and print culture at large very little has been written on individual newspapers This book fills a void it provides an in depth investigation of the news printed in The Moderate with reference to other newspapers and to the larger historical context and captures the essence of this periodical seen both as a political publication and a commercial product This book will be of interest to early modern historians and literary scholars *England's Troubles* Jonathan Scott, 2000-05-25 In this path breaking study first published in 2000 Jonathan Scott argues that seventeenth century English history was shaped by three processes The first was destructive that experience of political instability which contemporaries called our troubles The second was creative its spectacular intellectual consequence in the English revolution The third was reconstructive the long restoration voyage toward safe haven from these terrifying storms Driving the troubles were fears and passions animated by

European religious and political developments The result registered the impact upon fragile institutions of powerful beliefs One feature of this analysis is its relationship of the history of events to that of ideas Another is its consideration of these processes across the century as a whole The most important is its restoration of this extraordinary English experience to its European context The Rise and Fall of Nations: Modern ,1907 A Preliminary Textbook Study ,1927 Scripting Revolution Keith Michael Baker,Dan Edelstein,2015-10-07 The Arab Spring was heralded and publicly embraced by foreign leaders of many countries that define themselves by their own historic revolutions The contributors to this volume examine the legitimacy of these comparisons by exploring whether or not all modern revolutions follow a pattern or script Traditionally historians have studied revolutions as distinct and separate events Drawing on close familiarity with many different cultures languages and historical transitions this anthology presents the first cohesive historical approach to the comparative study of revolutions This volume argues that the American and French Revolutions provided the genesis of the revolutionary script that was rewritten by Marx which was revised by Lenin and the Bolshevik Revolution which was revised again by Mao and the Chinese Communist Revolution Later revolutions in Cuba and Iran improvised further This script is once again on display in the capitals of the Middle East and North Africa and it will serve as the model for future revolutionary movements *Christopher Hill* Michael Braddick,2025-04-15 A luminous biography of one of the last century's most influential historians Christopher Hill was one of the leading historians of his generation His work across more than fifteen books and dozens of articles fundamentally rewrote the way we understand the English Revolution and the development of the modern British state While his career brought many of the trappings of establishment respectability he was both a Fellow of the British Academy and the Master of Balliol College Oxford he was also seen as a threat to that very same establishment Under surveillance by the security services for decades in the 1980s Hill was publicly accused of having been a Soviet agent during the war His was a Cold War life as well as a scholarly one In this brilliant work of biography Michael Braddick charts Hill's development from his abandonment of the respectable provincial Methodism of his youth through his embrace of Marxism to his membership and eventual break with the Communist Party as well as his celebrated intellectual career While many of his books not least the thrilling work of historical resurrection *The World Turned Upside Down* and *God's Englishman* his classic biography of Oliver Cromwell are still widely read and admired his intellectual reputation was damaged by sustained academic criticism in the politically charged atmosphere of the 1980s Braddick's judicious biography not only situates Hill's life and work in their historical context but seeks to rescue Hill for a new generation of readers **Proceedings of the British Academy Volume 130, Biographical Memoirs of Fellows, IV** ,2005-12-22 Eleven obituaries of recently deceased Fellows of the British Academy Isaiah Berlin Christopher Hill Rodney Hilton Keith Hopkins Peter Laslett Geoffrey Marshall John Roskell Isaac Schapera Ben Segal John Cyril Smith and Richard Wollheim **The Politics of Social Conflict** Andy Wood,1999-09-16 This book provides an alternative approach to the

history of social conflict popular politics and plebeian culture in the early modern period Based on a close study of the Peak Country of Derbyshire c 1520 1770 it has implications for understandings of class identity popular culture riot custom and social relations A detailed reconstruction of economic and social change within the region is followed by an in depth examination of the changing cultural meanings of custom gender locality skill literacy orality and magic The local history of social conflict sheds light upon the nature of political engagement and the origins of early capitalism Important insights are offered into early modern social and gender identities civil war allegiances the appeal of radical ideas and the making of the English working class Above all the book challenges the claim that early modern England was a hierarchical pre class society

The Rise and Fall of World Orders Torbjørn L. Knutsen, 1999 Overviews past world orders to obtain a greater perspective on and more knowledge of international politics and seeks to shed light on the cold war and the recent transition to a post cold war world Covers the four waves of great wars as defined by Mowat the Italian wars the Thirty Years War the wars of Louis XIV and the Napoleonic Wars as well as the two World Wars of the 20th century Looks at the moral influence which pre eminent states in world orders exert on other great powers as a factor in their authority as well as their military force and internal political consensus Distributed by St Martin s Press Paper edition 4058 2 24 95 Annotation copyrighted by Book News Inc Portland OR

How Revolutionary Were the Bourgeois Revolutions? Neil Davidson, 2012 Once of central importance to left historians and activists alike the concept of the bourgeois revolution has recently come in for sustained criticism from both Marxists and conservatives In this comprehensive rejoinder Neil Davidson seeks to answer the question How revolutionary were the bourgeois revolutions by systematically examining the approach taken by a wide range of thinkers to explain their causes outcomes and content across the historical period from the sixteenth century Reformation to twentieth century decolonization Through far reaching research and comprehensive analysis Davidson demonstrates that there is much at stake far from being a stale issue for the history books understanding these struggles of the past can offer insightful lessons for today s radicals

The Puritans David D. Hall, 2021-04-06 Shedding critical new light on the diverse forms of Puritan belief and practice in England Scotland and New England Hall provides a multifaceted account of a cultural movement that judged the Protestant reforms of Elizabeth s reign to be unfinished Provided by publisher

The Oxford History of Protestant Dissenting Traditions, Volume I John Coffey, 2020-05-29 The Oxford History of Protestant Dissenting Traditions Volume I traces the emergence of Anglophone Protestant Dissent in the post Reformation era between the Act of Uniformity 1559 and the Act of Toleration 1689 It reassesses the relationship between establishment and Dissent emphasising that Presbyterians and Congregationalists were serious contenders in the struggle for religious hegemony Under Elizabeth I and the early Stuarts separatists were few in number and Dissent was largely contained within the Church of England as nonconformists sought to reform the national Church from within During the English Revolution 1640 60 Puritan reformers seized control of the state but splintered into rival factions with competing programmes of ecclesiastical

reform Only after the Restoration following the ejection of two thousand Puritan clergy from the Church did most Puritans become Dissenters often with great reluctance Dissent was not the inevitable terminus of Puritanism but the contingent and unintended consequence of the Puritan drive for further reformation The story of Dissent is thus bound up with the contest for the established Church not simply a heroic tale of persecuted minorities contending for religious toleration Nevertheless in the half century after 1640 religious pluralism became a fact of English life as denominations formed and toleration was widely advocated The volume explores how Presbyterians Congregationalists Baptists and Quakers began to forge distinct identities as the four major denominational traditions of English Dissent It tracks the proliferation of Anglophone Protestant Dissent beyond England in Wales Scotland Ireland the Dutch Republic New England Pennsylvania and the Caribbean And it presents the latest research on the culture of Dissenting congregations including their relations with the parish their worship preaching gender relations and lay experience

Radical Ideas in Britain R. G. Williams, 2022-07-13 This book is a study of British society It outlines the struggle for social change in Britain today from a Socialist and Left wing perspective It considers the role of ideas in British politics British history and British society It argues that if Britain is to become a better society it needs to develop better ideas specifically the ideas of Socialism

Women and the Pamphlet Culture of Revolutionary England, 1640-1660 Marcus Nevitt, 2006 An important study of the relationship between female agency and cheap print throughout the revolutionary decades 1640 to 1660 this book offers an analysis of the ways in which groups of non aristocratic women circumvented a number of assumptions about f

John Owen and the Civil War Apocalypse Martyn Calvin Cowan, 2017-07-06 Using Owen s sermons from this period this book studies how his apocalyptic interpretation of contemporary events led to him making public calls for radical societal change It combines his theological lineage with the historical context in which he preaches and so represents part of a new historical turn in Owen Studies

Eighteenth Century Scotland Tom M. Devine, John R. Young, 2022-01-06 This impressive collection of essays is based on a two year seminar series of the Research centre in Scottish History at the University of Strathclyde New and original research as well as historiographical overviews and commentaries illuminate the study of this formative century in the creation of modern Scotland Contributors are leading figures in their fields and the Scottish experience is examined within an international dimension Topics include Scottish modernisation before the Industrial Revolution the Union of 1707 Scotland and British expansion Scottish Jacobitism the Catholic underground Scottish national identity the Scottish Enlightenment urbanisation demographic change Scottish Gaeldom Highland estate management and tenant emigration and Scottish radicalism Contributors Thomas M Devine John R Young Michael Fry Allan I Macinnes James F McMillan Alexander Murdoch Richard J Finlay Jane Rendall Bernard Aspinwall Ian D Whyte Robert E Tyson T C Smout Andrew Mackillop Christopher A Whatley Elaine W McFarland

London presbyterians and the British revolutions, 1638-64 Elliot Vernon, 2021-09-28 This is the first book length exploration of presbyterians and presbyterianism in London during the crisis period of the mid

seventeenth century It charts the emergence of a movement of clergy and laity that aimed at reforming the Reformation by instituting presbyterianism in London s parishes and ultimately the Church of England The book analyses the movement s political narrative and its relationship with its patrons in the parliamentary aristocracy and gentry It also considers the political and social institutions of London life and examines the presbyterians opponents within the parliamentary camp Finally it focuses on the intellectual influence of presbyterian ideas on the political thought and polity of the Church and the emergence of dissent at the Restoration

Women, Resistance and Revolution Sheila Rowbotham, 2014-01-14 This classic book provides a historical overview of feminist strands among the modern revolutionary movements of Russia China and the Third World Sheila Rowbotham shows how women rose against the dual challenges of an unjust state system and social sexual prejudice *Women Resistance and Revolution* is an invaluable historical study as well as a trove of anecdote and example fit to inspire today s generation of feminist thinkers and activists
