Rise And Fall Of Victorian Servant:

The Rise and Fall of the Victorian Servant Pamela Horn, 1975 Servants formed the largest occupational group in the country at the end of the nineteenth century Pamela Horn draws upon a wealth of contemporary sources and servant books as well as personal reminiscences by servants and employers Domestic Servants and Households in Rochdale Edward Higgs, 2016-07-01 First published in 1986 At any one time in late nineteenth century England and Wales over one million men and women were described as domestic servants in the occupational category after agricultural work This title explores several aspects of domestic service in the area of Rochdale and the servant population is examined to discover who entered the service at what age and from what background they came This title will be of interest to students of history **Life Below Stairs: The Real Lives of Servants, the Edwardian Era to 1939** Pamela Horn, 2012-09-15 A fascinating glimpse of life below stairs This book tells the stories of the lives the people who lived and worked there Feminism and the Servant Problem Laura Schwartz, 2019-07-18 Reveals a hidden history of women s suffrage from the perspectives of working class women employed as domestic servants **The Servants' Story** Pamela Sambrook, 2016-11-15 A look at the personal lives of the people who served one of the richest families in Britain *Poisoned Lives* Katherine D. Life Below Stairs: The Real Lives of Servants, 1939 to the Present Pamela Horn, 2014-03-15 The real lives of servants in the second half of the twentieth century **In the Service of Empire** Fae Dussart, 2022-01-27 Despite recent research the 19th century history of domestic service in empire and its wider implications is underexplored This book sheds new light on servants and their masters in the British Empire and in doing so offers new discourses on the colonial home imperial society identities and colonial culture Using a wide range of source material from private papers to newspaper articles official papers and court records Dussart explores the strategic nature of the relationship the connection between imperialism domesticity and a master servant paradigm that was deployed in different ways by varied actors often neglected in the historical record Positioned outside the family but inside the private place of the home the domestic servant was often the foil against which 19th century contemporaries worked out class race and gender identities across metropole and colony creating those places in the process The role of domestic servants in empire thus lay not only in the labour they undertook but also in the way the servant master relationship constituted ground that helped other power relations to be imagined and contested Dussart explores the domestic service relationship in 19th century Britain and India considering how ideas about servants and their masters and or mistresses spanned imperial space and shaped peoples and places within it *Labour united and divided from the 1830s to the present* Emmanuelle Avril, Yann Béliard, 2018-08-31 This book seeks to renew and expand the field of British labour studies setting out new avenues for research so as to widen the audience and academic interest in the field in a context which makes the revisiting of past struggles and dilemmas more pressing than ever

Women, Social Leadership, and the Second World War James Hinton, 2002-11-21 The associational life of middle class women in twentieth century England has been largely ignored by historians During the Second World War women s clubs guilds and institutes provided a basis for the mobilization of up to a million women mainly housewives into unpaid part time work Women s Voluntary Service which was set up by the Government in 1938 to organize this work generated a rich archive of reports and correspondence which provide the social historian with a unique window into the female public sphere Questioning the view that the Second World War served to democratize English society James Hinton shows how the war enabled middle class social leaders to reinforce their claims to authority Displaying character through their voluntary work the leisured women at the centre of this study made themselves indispensable to the war effort James Hinton delineates these continuities of class reconstructing intimate portraits of local female social leadership in contrasting settings across provincial England towns large and small shire counties the Durham coalfield tracing complex and often acerbic rivalries within the voluntary sector and uncovering gulfs of mutual distrust and incomprehension dividing publicly active women along gendered frontiers of class and party This study reminds us how much Britain s wartime mobilization relied on a Victorian ethos of public service to cope with the profoundly un Victorian problems of total war The women s associations so evocatively explored here reached the apex of their effectiveness during the Second World War sustaining an uneasy balance between voluntarism and the expanding power of the state In the longer term female social leaders found themselves marginalized by bureaucracy and professionalization The stories told here demonstrate that the Second World War changed English society far less than is often assumed It was not until the 1950s and 1960s that practices and attitudes laid down in the nineteenth century finally lost their purchase
