The Rising Sun Arthur Zich, History Channel Club, 2003 *Killing the Rising Sun* Bill O'Reilly, Martin Dugard, 2016-09-13

Across the globe in Los Alamos New Mexico Dr J Robert Oppenheimer and his team of scientists are preparing to test the deadliest weapon known to mankind In Washington DC FDR dies in office and Harry Truman ascends to the presidency only to face the most important political decision in history whether to use that weapon And in Tokyo Emperor Hirohito who is considered a deity by his subjects refuses to surrender despite a massive and mounting death toll Told in the same page turning style of *Killing Lincoln* *Killing Kennedy* *Killing Jesus* *Killing Patton* and *Killing Reagan* this epic saga details the final moments of World War II like never before **The Rising Sun** Arthur Zich, 1977 Dawn of the Rising Sun Kenneth I. Friedman, Ph.d., 2013-08-28

Using painstaking research and gifted insight Dr Kenneth I Friedman a talented and meticulous historian and writer investigates the reasons why Imperial Japan declared war on the US the British Empire and other Western powers during World War II Dr Friedman s probing and in depth analysis traces almost a century of US Japan relations in this epic and stylish quest to provide a comprehensive and easy to read analysis offering detailed historically accurate answers The book begins with the arrival of American Commodore Matthew Perry in 1853 passes through the Meiji Restoration between 1868 1912 the Russo Japanese War ending in 1905 via the treaty signed at Theodore Roosevelt s Summer White House at Oyster Bay Long Island Japan s entry in World War I that ended with the Treaty of Versailles in 1919 the Japanese operational strategic and tactical push into Northeast and Southeast Asia and eventually heads through the clouds for the airstrike on Pearl Harbor Hawaii and thus usher in America s entry into a global war waxed rich with global aims In his third book about World War II Friedman crafts an historical narrative telling the story of Japan s march to an Armageddon that ended in fire and smoke His sophisticated analysis captures the intrigues drama and geopolitical maneuvering which eventually led Japan to attack the US The genesis of Dr Friedman s analysis offers the true story of Japan as a star crossed nation during its evolution from a country content to stay in its relatively peaceful isolation from the rest of the world to becoming a de facto world power on a collision course with destiny Dawn of the Rising Sun addresses the Japanese reasons for attacking the Western Powers on December 7 1941 Almost all of the analysis comes from the Japanese perspective Various Japanese sources are used and explained to offer a broad cultural background and context Conversations between Japanese and Western leaders have been based on source material in an effort to augment some of the most dramatic moments in world history Taking a long view of the emerging balance of power between Japan and America Dr Friedman focuses on the arrival of Perry and Harris in the 1850s the downfall of the Shogunate rule ending in 1868 Japan making war with and defeating China at the end of the 19th Century steadily disposing of Czarist Russia and the awakening of the Japanese colonial spirit to see colonies overseas were the major events that propelled Japan to attacking the Americans Japan felt she had missed out on her chance for global expansion and during the 1920s and 1930s a militaristic tone

permeated Japanese domestic and foreign policy in an effort to safeguard her imperialistic gains on the Asian continent Cut off from oil by America Japan believed it had no choice but to attack the Hawaiian Islands and other American Dutch and British possessions in the Western Pacific The path of Japan from feudalism to a modern hyper power with state of the art weaponry is brought to life with stunning detail with more than fifty maps charts and graphics as well as numerous photographs World War II drew Japan into an alliance with Nazi Germany and pushed Imperial Japanese forces into India and onto the fringes of Australia Why did these events happen Readers will continue turning the pages from one fabulous set of facts and intrigues to the next as Friedman hits yet another home run in his stunning troika of World War II works

The Rising Sun John Toland, 2003-05-27 The Rising Sun is quite possibly the most readable yet informative account of the Pacific war Chicago Sun Times This Pulitzer Prize winning history of World War II chronicles the dramatic rise and fall of the Japanese empire from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki Told from the Japanese perspective The Rising Sun is in the author's words a factual saga of people caught up in the flood of the most overwhelming war of mankind told as it happened muddled ennobling disgraceful frustrating full of paradox In weaving together the historical facts and human drama leading up to and culminating in the war in the Pacific Toland crafts a riveting and unbiased narrative history In his Foreword Toland says that if we are to draw any conclusion from The Rising Sun it is that there are no simple lessons in history that it is human nature that repeats itself not history Unbelievably rich readable and exciting The best parts of Toland's book are not the battle scenes but the intimate view he gives of the highest reaches of Tokyo politics Newsweek

The Rising Sun, 1977-01-01 Japanese victories in World War II from Pearl Harbor to Japan's first major defeat in Midway are told in words and many illustrations From Time Life Books

World War II at Sea Craig L. Symonds, 2018-04-02 Author of Lincoln and His Admirals winner of the Lincoln Prize The Battle of Midway Best Book of the Year Military History Quarterly and Operation Neptune winner of the Samuel Eliot Morison Award for Naval Literature Craig L. Symonds has established himself as one of the finest naval historians at work today World War II at Sea represents his crowning achievement a complete narrative of the naval war and all of its belligerents on all of the world's oceans and seas between 1939 and 1945 Opening with the 1930 London Conference Symonds shows how any limitations on naval warfare would become irrelevant before the decade was up as Europe erupted into conflict once more and its navies were brought to bear against each other World War II at Sea offers a global perspective focusing on the major engagements and personalities and revealing both their scale and their interconnection the U boat attack on Scapa Flow and the Battle of the Atlantic the miracle evacuation from Dunkirk and the pitched battles for control of Norway fjords Mussolini's Regia Marina at the start of the war the fourth largest navy in the world and the dominance of the Kid Butai and Japanese naval power in the Pacific Pearl Harbor then Midway the struggles of the Russian Navy and the scuttling of the French Fleet in Toulon in 1942 the landings in North Africa and then Normandy Here as well are the notable naval leaders FDR and Churchill both self proclaimed Navy

men Karl Dönitz, François Darlan, Ernest King, Isoroku Yamamoto, Erich Raeder, Inigo Campioni, Louis Mountbatten, William Halsey as well as the hundreds of thousands of seamen and officers of all nationalities whose lives were imperiled and lost during the greatest naval conflicts in history from small scale assaults and amphibious operations to the largest armadas ever assembled. Many have argued that World War II was dominated by naval operations, few have shown and how and why this was the case. Symonds combines precision with story telling verve expertly illuminating not only the mechanics of large scale warfare on and below the sea but offering wisdom into the nature of the war itself.

Indiana World War Records: Gold star honor roll , 1921 Fields of Battle Brian Curtis, 2016-09-27

A riveting story of football wartime and boys becoming men from facing off in the 1942 Rose Bowl to serving together in WWII. In the wake of the bombing of Pearl Harbor the 1942 Rose Bowl was moved from Pasadena to Durham, North Carolina out of fear of Japanese attacks on the West Coast. Duke University faced off against underdog Oregon State College with both teams preparing for a grueling fight on the football field while their thoughts drifted to the battlefields they would soon encounter. On New Year's Day the teams played one of the most unforgettable games in history. Shortly afterward many of the players and coaches entered the military and would quickly become brothers on the battlefield. Scattered around the globe the lives of Rose Bowl participants would intersect in surprising ways as they served in Iwo Jima and Normandy, Guadalcanal and the Battle of the Bulge. In one powerful encounter OSC's Frank Parker saved the life of Duke's Charles Haynes in Italy. And one OSC player Jack Yoshihara, a Japanese American, never had the chance to play in the game or serve his country as he was sent to an internment camp in Idaho. In Fields of Battle Brian Curtis sheds light on a little known slice of American history with an intimate account of the teamwork, grit and determination that took these men onto the gridiron and into combat.

For four months they fought toe to toe against overwhelming enemy numbers and forced the Japanese to pay a heavy cost in blood. After the surrender came the infamous Bataan Death March where up to eighteen thousand American and Filipino prisoners died as they marched sixty five miles under the most hellish conditions imaginable. Interwoven throughout this gripping narrative are the harrowing personal experiences of dozens of American soldiers, airmen and Marines based on exclusive interviews with more than thirty survivors. Undeclared chronicles one of the great sagas of World War II and celebrates a resounding triumph of the human spirit.
