Risking Liberation Middle Class Powerlessness And Social Heroism:

Risking Liberation Paul G. King, Kent Maynard, David O. Woodyard, 1988 Liberation Theologies Ronald G. Musto, 2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography Cornel West and the Politics of Prophetic Pragmatism Mark David Wood, 2000 Wood evaluates the political consequences of a shift in West's position from an earlier revolutionary socialist stance to a later progressive reformist one Wood shows how West's subsequent reworking of Marxism supports his transition from a socialist to a progressivist politics **BOOK JACKET** *Faith, Feminism, and Scholarship* M. Harris, K. Ott, 2011-12-19 A multi cultural collection of third wave feminist voices this book reveals how current feminist religious scholars from around the world are integrating social justice and activism into their scholarship and pedagogy **The Michael Eric Dyson Reader** Michael Eric Dyson, 2008-08-05 Over the past ten years the work of Michael Eric Dyson has become the first stop for readers writers and thinkers eager for uncommon wisdom on the racial and political dynamics of contemporary America Whether writing on religion or sexuality or notions of whiteness on Martin Luther King Jr or Tupac Shakur Dyson's keen insight and rhetorical flair continue to surprise and challenge This collection gathers the best of Dyson's growing body of work his most incisive commentary his most stirring passages and his sharpest most probing and broadminded critical analyses From Michael Jordan to Derrida Ralph Ellison to the diplomacy of Colin Powell the mastery and ease with which Dyson tackles just about any subject is without parallel *Liberating Nature* Paul G. King, David O. Woodyard, 2009-11-01 Recognizing that we do not live separate from nature but are an integral part of it economist Paul King and theologian David Woodyard tackle environmental classism and racism head on shedding light on the institutions that perpetuate poverty powerlessness and pollution and urging that we consider our role as caretakers of the environment with the seriousness it deserves **The Transient and Permanent in Liberal Religion** Dan O'Neal, Alice Blair Wesley, James Ishmael Ford, 1995 **Reflecting Black** Michael Eric Dyson, 1993-01-01 Tastes of the Divine Michelle Voss, 2014-06-16 The intensity and meaningfulness of aesthetic experience have often been described in theological terms By designating basic human emotions as *rasa* a word that connotes taste flavor or essence Indian aesthetic theory conceptualizes emotional states as something to be savored At their core emotions can be tastes of the divine In this book the methods of the emerging discipline of comparative theology enable the author's appreciation of Hindu texts and practices to illuminate her Christian reflections on aesthetics and emotion Three emotions vie for prominence in the religious sphere peace love and fury Whereas Indian theorists following Abhinavagupta claim that the aesthetic emotion of peace best approximates the goal of religious experience devotees of Krishna and medieval Christian readings of the Song of Songs

argue that love communicates most powerfully with divinity In response to the transcendence emphasized in both approaches the book turns to fury at injustice to attend to emotion s foundations in the material realm The implications of this constructive theology of emotion for Christian liturgy pastoral care and social engagement are manifold *The Church in the Time of Empire* David Woodyard,2011-12-16 Literature abounds on the nature of empire and the ways in which America embodies it As a nation we have rigorously attempted to define the reality in which other peoples live One could think of empire as jurisdiction without boundaries As the nation that got right we have an obligation to impose our social political and economic orders on other nations Several decades of perpetual wars document that Unfortunately religious legitimation is prominent and persistent We designate ourselves as the biblical city on a hill an indispensable nation and even God s chosen people This echoes in the declaration of President George W Bush that God wanted me to bomb Iraq What is missing in the literature is centering the issue in the life and mission of the church Has the church been a co conspirator in the authorization of the American empire Has the church an obligation to terminate the symbol lending that anoints empire with holy water Is scripture a warrant for seeing the biblical people as a community of perpetual resistance Can the sacraments be instrumental in establishing opposition to empire Can the church be Rome in reverse **God the Economist** M. Douglas Meeks, God does not appear in the modern market For most economists this is as it should be It is in no way necessary according to modern economic theory to consider God when thinking about economy Indeed the absence of God in economic matters is viewed as necessary to the great advances in modern economy The difficulty with modern market economies however is that human livelihood is also left out of the theory and practice of the market economy I propose to bring the church s teaching about God the doctrine of the Trinity to bear on the masked connections between God and economy I will treat the Trinity as the way of understanding what the Bible calls the economy of God Gathered and Sent Bernard J. Lee,Michael A. Cowan,2003 In Gathered and Sent Bernard Lee and Michael Cowan propose a mode of doing theology within small Christian communities that is marked by conversation and active participation by all It is a practical theology where people reflect on their whole lives personal and social in the light of Christian faith make commitments to action in light of that reflection and hold one another accountable for those commitments BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Living in the Margins Terry A. Veling,2002-11-12 A gifted theologian sheds light on the meaning and value of intentional faith communities in the margins of parish life *Redeeming Time* Walter P. Herz,1999 Congregational reevaluation and right relation among communities are the goals of the UUA trustees proposed four year process called Fulfilling the Promise Redeeming Time was put together as a tool for use by Unitarian Universalist congregations in their quest to reestablish a spiritually grounded interdependent web of congregations The central idea in this work is to reconnect with the concept ora covenant the promise of support and accountability which is foundational to a liberal religious community Includes helpful sample covenants and discussion questions ideal for

workshops and adult religious education classes **The Other Side of Sin** Andrew Sung Park, Susan L. Nelson, 2012-05-21

The good news of Jesus Christ is for both sinners and the sinned against For the past two thousand years Christian theologians have focused on the experience of sinners but treated their victims inadequately To counterbalance this perspective a diverse group of Christian scholars consider sin from the other side To make sense of Christianity from this standpoint they offer a more complex and comprehensive analysis of human participation in evil and its reconciliation than the simple formula of sin and repentance **The Other Side of Sin** is an original fresh and exciting adventure into one of the most needed areas of theological thinking Conversation, Risk, and Conversion Michael Cowan, Bernard J. Lee, 1997 In *Conversation Risk Conversion* two of America's acknowledged leaders and most trusted thinkers on the phenomenon of small Christian communities explore their growth development and impact in the U S over the last decade Cowan and Lee address issues such as the mission of SCCs and conflict resolution within them Most importantly by reflecting on both the internal and public dimensions of SCCs *Conversation Risk Conversion* offers a cogent social analysis of the Catholic church in the U S today **The Chicago Theological Seminary Register** Chicago Theological Seminary, 1991 Alumni directory issue 1859 1951 v 44 no 4 v 45 no 1 **Toward a Theology of Radical Involvement** Luther D. Ivory, 1997 The importance of *Toward a Theology of Radical Involvement* lies in its focus on the theological and ethical perspective of Martin Luther King Jr By examining the multiple competing images of King in both academia and the public square Ivory argues that mass public confusion and ambiguity exist today about King's identity Consequently the more radical and prophetic thrust of his legacy of thought and action has been blunted Seeking to resolve the public identity crisis about King Ivory offers the provocative thesis that King is best understood as a creative theological thinker whose activist rhetoric and emancipatory praxis were thoroughly informed and undergirded by an understanding of God and God's will for history and humanity Hence the prophetic focus and radical character of King's thought and action culminate in a theology of radical involvement which gives rise to an ethic of community King's perspective raises permanent generative tensions in the contemporary church academy and culture Ivory thus promotes a re-reading of King that gives due credence to the too often overlooked but profound level of critical analysis proactive revolutionary challenge and the bold transformative vision King inspired *Adult Education and Theological Interpretations* Peter Jarvis, Nicholas Walters, 1993 Opening with a debate about the nature of learning as a religious phenomenon this book includes a collection of contributions based on the theme of the relationship between faith and knowledge **The Men We Long to be** Stephen Blake Boyd, 1995 Many men experience guilt about their role in the mistreatment of others resentment about being overburdened and profound alienation from themselves and the world in which they live as a result of patriarchal socialization In this much needed book Stephen Boyd exposes the detrimental implications of society's demands and definition of men *The Men We Long To Be* offers an alternative identity for men and challenges them to transform their ways of being It explores issues of alienation guilt and societal roles and helps men

identify their true feelings and need for change Boyd's call for a new understanding of manhood is rooted in a renewed spirituality that recovers the best of Christian teaching BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
