Sex Symbolism in Religion James Ballantyne Hannay, 1922 *Sex Symbolism in Religion* James Ballantyne Hannay, 1993-05 1922 Contents the Gods of the Hebrew Bible Part I Old Testament Gods Growth of the Sun God Idea Status Beliefs Fruition of the Sun God Idea Peter or the Rock the Two Gods Queen of Heaven Ruach Seven Stories of *Sexual Symbolism* Richard Payne Knight, Thomas Wright, 2006-01-01 Comprising two works this is a pioneering volume on a taboo subject Characterized by a systematic approach it has served as a foundation for subsequent studies **The Revival of Atumism: The Ancient Egyptian Religion Part 1** Mostafa Elshamy, 2021-09-19 The word Atumism derives from Atum the manifestation of the All Lord in creating the sphere of earth and the creature Adam The words Atumian and Atumianity addressed here by the meaning of Human and Humanity are derived from Atum who is Adam In the Egyptian literature there is a thin line that differentiates Atum and Atum Why denominate the Egyptian Religion by the term Atumism The answer is found in multitude of diverse notions embedded in the Egyptian speech and makes the term in its profoundness the most right for a religion that has been of divine revelation millennia ahead of A D This book is a fusion of the earlier research titled *Ancient Egypt The Primal Age of Divine Revelation Volume I and II* *Psychology and Religion* Michael Argyle, 2005-10-25 First published in 1999 Routledge is an imprint of Taylor Francis an informa company **Christian Meaning of Human Sexuality** Paul Quay, 2017-08-31 The gift of human sexuality allows us to choose or not to choose to participate in one form of God s creation This book presents the understanding of human sexuality that divine revelation offers us It is intended primarily for Christian adults who wish to know not only what kinds of sexual behavior are right or wrong but also why such behavior is right or wrong for those who seek to follow Christ This expanded version of *The Christian Meaning of Human Sexuality* includes a work on the theology of natural family planning that was unfinished at the time of the author s death Father Paul Quay considered the matter in the light of faith and not simply on the natural level which was his approach to the study of human sexuality in general Understanding sexuality as part of the Christian mystery is offered us through the Scriptures and the living Tradition of the Church Father Quay uses both to show what sexuality means in Christian terms His insightful descriptions of the complementarity of male and female a complementarity that is psychological spiritual and physical are exceptionally illuminating He explains the Bible s frequent use of the symbolism of marriage and sexuality to reveal the relationship between God and his people and the relationship of spouses to one another He also reflects on the natural symbolism of the human body and of spousal communion About the Editor Joseph Koterski S J is a member of the Philosophy Department at Fordham University He is the Editor in Chief of *International Philosophical Quarterly* and regularly teaches courses on natural law ethics and medieval philosophy *A Practical Guide to Qabalistic Symbolism* Gareth Knight, 2001-05-01 In this groundbreaking book Knight shows how the Qabalah and its basic diagram the Tree of Life is a system of relationships among mystical symbols that can be used to gain access to the hidden reaches of the mind He also

demonstrates how the Qabalah is applicable to all mystical traditions and religious beliefs including Christian mysticism Greek Egyptian and Celtic mythologies and even Native American beliefs It is indeed symbolic of our universal search for the Divine Included here are two books in one The first compares the Western Mystery Tradition with the Eastern system of yoga analyzes the Tree of Life in full detail and describes the practical application and theories of Qabalistic symbolism The second gives the most comprehensive analysis ever published of the twenty two Paths of Concealed Glory that join the Spheres of the Tree of Life taking into account the Hebrew alphabet astrological signs and tarot trumps A large section explores the history of tarot design and the varying systems of correspondence with the Tree of Life **The Ideal of a Universal Religion**

Swami Vivekananda,1896 **The Hermetic Brotherhood of Luxor** Joscelyn Godwin,1995-01-01 The Hermetic Brotherhood of Luxor active in the last decades of the 19th century was the only order of its time that taught practical occultism in the Western Mystery Tradition This is the first complete and undistorted account tracing the origins founders and practices of this very secretive order which counted among its members many of the well known figures of late 19th century occultism spiritualism and Theosophy including Max Theon Peter Davidson Thomas Henry Burgoyne and Paschal Beverly Randolph This scholarly work provides all the materials for revisioning the history assigning the Hermetic Brotherhood of Luxor its rightful place as one of the most influential esoteric orders of its time *What the Bible Says About Sex* Jeremiah Cataldo,2022-08-12 When it comes to sex the Bible is marred by inequality To address the consequences of that What the Bible Says About Sex asserts that modern perspectives on sexuality and gender should be separated from the more constraining historical views of traditional biblical interpretation What does the Bible say about sexuality How have traditions of biblical interpretation influenced our understanding of sex and gender What the Bible Says About Sex answers that and many other questions Not shy it analyzes why the Church claimed dominion over marriage while the female body remained a source of potential evil It wrestles with how sexuality is used not only in the past but also in the present to reinforce notions of honor and how it can be used to manipulate others Deftly it handles a discussion of semen as both profane and the seed of life It looks brazenly at the pornographic and the erotic passages of the Bible and how traditions of interpretation veiled them With the Bible frequently invoked to support arguments in the present age over the moral limits of sexuality and gender having a greater awareness of what the Bible says about sex and how it is and has been interpreted is critical now more than ever What the Bible Says About Sex is suitable for students scholars and the general reader with an interest in sexuality and the Bible and sex and desire in both ancient and modern Christianity The Best Books William Swan Sonnenschein,1926

sex so important in early religions Why have there been so many sexual scandals with priests How and why did the practice of celibacy begin Is being celibate psychologically helpful to monks nuns and others who must practice it This book examines the role of sex in religion from the earliest known time of pre Christian cults up into the modern day It is the only book we know of that approaches the problem of sex and celibacy in religion in such a complete and thorough way It describes an age old struggle being waged by religious representatives between their own natural state of human sexuality and its complete suppression in the name of God

Sexuality and the Devil Edward J. Tejirian,2016-06-10 At the time of publication our understanding of sexuality relied heavily on biology and also on morality as was particularly evident when homosexuality and bisexuality were discussed In this title originally published in 1990 the author presents a compelling case for viewing the sexual dimension of life through an understanding of its symbols The potent figure of the devil serves as his avenue of approach In the first part of the book the author presents a detailed case history of a young man who began psychoanalytic therapy with him because of a terrifying conviction that he could be possessed by the devil In the course of therapy it emerged that the devil had entered into his consciousness as a vehicle to express a complex of homosexual wishes and fears that were deeply troubling to a man whose life history had been entirely heterosexual The author argues that the assumptions about male psychology that came to pervade psychoanalytic theory after Freud s death could not account for the nature of this young man s conflicts or for the outcome of the analysis In the second part of the book the author cites historical and anthropological data to demonstrate that the depth and breadth of male psychology extend beyond the limits of what was considered normal by the neoconservative theorists who revised Freud s theories to exclude his ideas about bisexuality Rejecting the reduction of sexuality to biology the author asserts that sexuality can be properly regarded as symbolic in the same way that meaningful works of art and rituals are symbolic The power of sexual images and actions comes from their ability to combine important meaning with intensely felt emotion Finally the author examines the way in which culture affects sexuality through its control of consciousness and its influence on what kinds of sexual symbols may be utilized and what kinds of meanings they may express
