Talking to Ourselves Andrés Neuman, 2014-04-08 A searing family drama from one of Latin America's most original voices One trip Two love stories Three voices Lito is ten years old and is almost sure he can change the weather when he concentrates very hard His father Mario anxious to create a memory that will last for his son's lifetime takes him on a road trip in a truck called Pedro But Lito doesn't know that this might be their last trip Mario is gravely ill Together father and son embark on a journey takes them through strange geographies that seem to meld the different parts of the Spanish speaking world In the meantime Lito's mother Elena restlessly seeks support in books and soon undertakes an adventure of her own that will challenge her moral limits Each narrative of father son and mother embodies one of the different ways that we talk to ourselves through speech through thought and through writing While neither of them dares to tell the complete truth to the other two their individual voices nonetheless form a poignant conversation Sooner or later we all face loss Andr's Neuman movingly narrates the ways the lives of those who survive loss are transformed how that experience changes our ideas about time memory and our own bodies and how the acts of reading and of sex can serve as powerful modes of resistance Talking to Ourselves presents a tender yet unsentimental portrait of the workings of love and family a reflection both on grief and on the consolation of words Neuman the author of the award winning Traveler of the Century displays his characteristic warmth bittersweet humor and wide ranging intellect giving us the rich textured and strikingly different voices and experiences of three singular characters while presenting above all a profound tribute to those who have ever had to care for a loved one

The Practices of the Self Charles Larmore, 2010-12-15 What is the nature of the fundamental relation we have to ourselves that makes each of us a self To answer this question Charles Larmore develops a systematic theory of the self challenging the widespread view that the self's defining relation to itself is to have an immediate knowledge of its own thoughts On the contrary Larmore maintains our essential relation to ourselves is practical as is clear when we consider the nature of belief and desire For to believe or desire something consists in committing ourselves to thinking and acting in accord with the presumed truth of our belief or the presumed value of what we desire Larmore develops this conception with frequent reference to such classic authors as Montaigne Stendhal and Proust and by comparing it to other views of the self in contemporary philosophy He also discusses the important ethical consequences of his theory of the self arguing that it allows us to better grasp what it means to be ourselves and why self understanding often involves self creation Winner of the Académie Française's Grand Prix de Philosophie *The Practices of the Self* is that rare kind of lucid yet rigorous work that transcends disciplinary boundaries

Adam Smith Jesse Norman, 2018-09-11 A dazzlingly original remarkable account of the life and thought of legendary economist Adam Smith Financial Times Adam Smith 1723-1790 is now widely regarded as the greatest economist of all time But what he really thought and the implications of his ideas remain fiercely contested Was he an eloquent advocate of capitalism and individual freedom A prime mover of market fundamentalism An apologist for human selfishness Or something else entirely In the tradition of *The Worldly Philosophers* Adam Smith dispels the myths and caricatures and provides a far more complex portrait of the man Offering a highly engaging account of Smith's life and times political philosopher Jesse Norman explores his work as a whole and traces his influence over two centuries to the present day Finally he shows how a proper understanding of Smith can help us address the problems of modern capitalism The Smith who emerges from this book is not only the greatest of all economists but a pioneering theorist of moral philosophy culture and society

Origin Christian Eibelshauser, 2014-06-17 Is there a purpose to life Is there a higher power Is there an eternity How can our lives be more fulfilling How do all the pieces fit together What is the nature of the universe Where does all this star stuff come from What is the origin of the universe Curiosity of the author Christian Eibelshauser compelled him to search for the answers to some of life's most enduring questions Now his astonishing findings are revealed in *ORIGIN A Journey Of Discovery* The power behind the universe what he calls the infinite totality is present in every part of the

universe In fact it is the universe As such the infinite totality is present in each individual and is known as the cosmic being traditionally called a soul or intuition He believes that the reason so many have failed at finding true happiness in their lives is because they have fallen out of touch with their personal cosmic being But there is hope To become reacquainted with your cosmic being you must begin consciously examining your Everyday actions and beliefs in an effort to get rid of outdated patterns of living and thinking He also explores the creation of the universe from a scientific standpoint Using physics the author shows that on its most basic level all matter is made up from nothing more than energy with an in depth explanation of the term energy Therefore the universe is the infinite totality or energy itself Finally the author presents a new and totally revolutionary model of the universe hitherto neither contemplated nor depicted The Collected Works of Witness Lee, 1953, volume 2 Witness Lee, The Collected Works of Witness Lee 1953 volume 2 contains messages given by Brother Witness Lee in September through December 1953 Historical information concerning Brother Lee's travels and the content of his ministry in 1953 can be found in the general preface that appears at the beginning of volume 1 in this set The contents of this volume are divided into three sections as follows 1 Thirty six messages given in Taipei Taiwan on September 1 through October 30 1953 These messages are included in this volume under the title Revelations in Ephesians Seeing the Blessings and Position of the Church in Christ 2 Twenty two messages given in Taipei Taiwan on November 3 through December 8 1953 These messages are included in this volume under the title Revelations in Ephesians Seeing the Living and Responsibility of the Church in the Holy Spirit 3 A summary report which appears in the preface of this section followed by fourteen messages given in Taipei Taiwan from September through December 1953 The report and messages are included in this volume under the title Messages and Fellowship Given during the Service Training in Taipei **Power of Love: The Ways and Means** Robert D.
