Holistic Happiness Robert P. Vande Kappelle,2022-06-23 As the founders of the US republic make clear in the Declaration of Independence human beings have an unassailable right to life liberty and the pursuit of happiness While the meaning of these unalienable rights is debated it is clear that these rights are interrelated Concerned with these rights Holistic Happiness focuses on happiness defining the purpose of life as achieving and maintaining happiness conducive to the equitable flourishing of all To this end happiness should not be confused with pleasure which is momentary and transitory for happiness is not so much a feeling as an attitude associated with what we call achieving meaning and purpose in life Properly understood happiness can be achieved but only by inner discipline requiring a transformation of one's outlook attitude and approach to life As this book emphasizes good health is an important foundation for happiness However to experience and maintain good health requires good genes a balanced lifestyle supportive companions wholesome eating and drinking regular exercise a positive mindset an active disposition and good fortune While happiness and good health are frequently disrupted by accidents disease stress chemical and emotional imbalance and numerous other factors wellness is achievable and sustainable but it needs balanced input from an individual's four constituent dimensions physical mental emotional and spiritual In this regard this volume is a resource for individuals seeking holistic happiness While benefitting from recent scholarly research Holistic Happiness is unique in content and conception and is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection

Cultivating the Mind of Love Thich Nhat Hanh,2004-02-09 Lessons on love and Dharma with commentaries on 3 essential sutras of Mahayana Buddhism from the celebrated monk who introduced mindfulness to the Western world Just might be my favorite book of Thich Nhat Hanh Natalie Goldberg author of Writing Down the Bones In Cultivating the Mind of Love Thich Nhat Hanh gives a most unusual Dharma teaching the story of his first love He pairs these personal memories with his insightful commentaries on classic Buddhist teachings including the Diamond Lotus Avatamsaka and Vimalakirti Sutras In combining personal experience and Dharma teachings Nhat Hanh allows his readers to experience and to appreciate what is human and wonderful in all of us He shows us how to cultivate our own mind of love and how to bring joy and hope to ourselves and those around us

Relational Mindfulness Roberto Aristegui,Javier Garcia Campayo,Patricio Barriga,2021-03-25 This book proposes a new approach to mindfulness based interventions presenting them not as individual but as relational practices In the last decades mindfulness has exerted a growing influence on many fields of research and

activity but always as an individual practice The authors in this volume believe that the strong development of mindfulness today implies considering a dialogue between this individualistic approach and the perspective of relational mindfulness based on social constructionism The volume is organized in two parts The first part focuses on the theoretical foundations of relational mindfulness The second part presents possibilities of applications of relational mindfulness in clinical and organizational settings to promote mental health and personal development Relational Mindfulness Fundamentals and Applications will be of interest to a wide range of professionals interested in applying mindfulness based interventions in mental health care and productive organizations such as clinical and health psychologists public health professionals and human resources analysts and consultants among others It is true that the metaphor of mindfulness has been enormously fruitful in its invitation to innovate By removing meditative practices from their ancient roots practitioners were free to create practices especially relevant to context At the same time there was also a recognizable loss in the profoundly rich heritage that was left behind For many of us the greatest loss resulted from the absorption of such practices into Western individualism What had once been an orientation to practice emphasizing our fundamental inter being had become a gateway to silent separation It is in this context that the present volume bursts into significance With special appreciation to the editors of this book we are treated to a multi dimensional exploration into the relational dimensions of mindfulness practices Bringing ideas experience and wisdom from across professions and across continents the contributors open an exciting path to the future Excerpt from the Foreword by Kenneth J Gergen *Going Home* Thich Nhat Hanh, 2000-10-01 Thich Nhat Hanh shows us the connection between personal inner peace and peace on earth His Holiness The Dalai Lama Nominated by Martin Luther King Jr for a Nobel Peace Prize Thich Nhat Hanh is one of today s leading sources of wisdom peace compassion and comfort Exiled from Vietnam over thirty years ago Thich Nhat Hanh has become known as a healer of the heart a monk who shows us how the everyday world can both enrich and endanger our spiritual lives In this book Jesus and Buddha share a conversation about prayer and ritual and renewal and about where such concepts as resurrection and the practice of mindfulness converge In this unique way Thich Nhat Hanh shows the brotherhood between Jesus and Buddha and in the process shows how we can take their wisdom into the world with us to practice in such a way that Buddha is born every moment of our daily life that Jesus Christ is born every moment of our daily life
